

Goal: To establish thriving classroom communities

# CAMP PRE-K & CAMP KINDER

Spending time getting to know our PreK and Kinder students allows our teachers and administrators time to build cohorts of students who connect well with one another and their teacher in order to build a thriving classroom community.

Camp PreK is being piloted at Creek, Lakehoma, and Riverwood for the 2024-2025 school year. Camp Kinder is being piloted at Centennial, Creek, Lakehoma, Prairie View, Riverwood, and Trails for the 2024-2025 school year.

1

Your PreK or Kinder student will be enrolled with a Buddy Teacher. Your child will be with this teacher for the first four days of school for arrival, dismissal, lunch, and rest time.

2

On August 13th-16th, your PreK or Kinder student will rotate between PreK or Kinder classes while teachers make note of which students work well with one another.

3

By the end of the week, teachers and building administrators will build a classroom roster that has cohorts of students who thrive with one another.
