

**Community Based Accountability in College Station ISD
Elementary School Rating System
Grades K-4 (Pebble Creek)
2014-2015**

Core Beliefs

- Each student can be a critical thinker, problem solver and possess the knowledge and skills to be a productive and responsible citizen in a global marketplace.
- The education of each student is the responsibility of the school district, the student, the family and community.
- Student success is dependent on the quality of the CSISD staff.

Commitments

1. CSISD will ...recruit, develop, and retain qualified and dedicated staff

Background: CSISD is committed to attracting the highest quality faculty and staff members, We are blessed to be in a community like College Station that attracts many good teachers and staff members from other areas of Texas and the nation. CSISD annually hires a higher percentage of teachers with successful experience. Teaching positions in CSISD attract a large number of applicants, and we have a lower teacher turnover rate than the state. The 2013-2014 Texas Academic Performance Record indicates that the state turnover rate for teachers was 16.2 percent and the CSISD rate was 12.6 percent.

Once teachers and staff members arrive in CSISD we have a system of professional development that builds upon their knowledge base and helps provide the skills for success in the classroom. New Teacher University (NTU) is a system of professional development in instructional strategies, relationship building and what it takes to be successful in College Station. Teachers new to CSISD have three days of intensive training in August, with two to four follow up days of training and support throughout their first year. CSISD also provides staff development ongoing staff development in a variety of areas for over 900 teachers annually.

2. CSISD will...provide a challenging, relevant, engaging and aligned curriculum.

Background: The core business of any school district is teaching and learning. In order for students to learn at their highest levels and for teachers to be most effective, a guaranteed and viable curriculum must be in place. CSISD has worked to develop scope and sequences in several areas along with other supporting documents and materials.

Background: Part of providing a relevant and engaging curriculum is providing students choice in their learning. At the elementary through middle school level, choice can be achieved through the workshop method of instruction.

At the high school level the district is actively increasing the types of instructional arrangements for various classes. More and more classes are being taught in a traditional manner and offered in a non-traditional style: Problem-based learning (PBL), Flipped Instruction, Online Instruction, or a blended model.

For each area, you will find a brief description of the program and what CSISD provides that exceeds state law or other districts.

Fine Arts (HB5): With the exception of the fine arts elective that is mandated under the graduation plans for our current high school students, fine arts are not mandated by the education code. Nevertheless, CSISD campuses provide many fine arts opportunities for students at all levels. All students (even those not identified as G/T) have the opportunity for enrichment projects and participation in groups with the specialist in their campus.

G/T identification in CSISD is based on academic indicators only. CSISD teachers earn endorsements in G/T allowing them to differentiate instruction for these students in their classes.

21st Century Workforce Development (HB5): CSISD believes that it is vitally important to prepare students for the workforce whether our graduates plan to go straight to work, or to college first. These workforce skills give our graduates the ability to earn money even while pursuing other education opportunities. Our career and technology education department offers numerous career training options in all five endorsement areas of House Bill 5. Many of these career pathways culminate in the opportunity for a certification that can lead right into gainful employment after high school.

Dropout Prevention (HB5): CSISD is committed to graduating all students no matter if they have been in our district since Kindergarten, moved in during middle school, or re-enrolled after dropping out earlier in their school career. We have number of processes in place to help kids stay in school. Campuses provide remediation in courses, accelerated instruction where students have struggled and credit recovery for students who have failed one or more classes at the semester.

Students behind on credits can participate in summer school, credit by exam and night school. Timber Academy was designed as school for students who are in danger of dropping out or have dropped out previously. Over 89% of Timber students were 17 years old or older on September 1st this year. This qualifies Timber as Dropout Recovery School by the Texas Education Agency.

Digital Learning Environment (HB5): CSISD believes that our students must not only have access to technology, but must become fluent in a number of technologies to be successful in college or a career. To help accomplish this, each CSISD classroom has access to student computers, and all instructional spaces have a SMART device: SMART board or Symposium. We have a wireless overlay of our facilities that makes our Bring Your Own Device (BYOD) initiative possible. We don't ban smart phones, we encourage their use to aid instruction. Unlike many districts, all elementary students rotate through technology classes throughout the year.

5. CSISD will ... commit to the responsible use of taxpayer dollars.

Background: College Station ISD is a steward of the resources provided by the taxpayers. It is of the greatest importance for the district to be wise, fair, conservative and most of all legal in the use of public funds. It is also a goal to be efficient in the use of the funds where we can be. CSISD is audited annually by an outside accounting firm.
