

CARPENTRY LEVEL I 2024-25

Class Meets: Monday - Friday
Class Time: 8:00 am to 3:00 pm

Instructor: C. Snodgrass
1000 hours - 9 months

This program will introduce students to the theory and skills necessary to enter the high-demand field of carpentry. The construction industry is one of the largest employers in the country and carpenters make up the largest building trades occupation in the industry. Carpenters construct, erect, install, finish, and repair structures and fixtures made from wood and other building materials. This program combines classroom instruction with hands-on training to enable graduates of the program to work in the residential construction field as framers, roofers, finish carpenters, trim carpenters, or cabinet makers. As part of the hands-on training in this program, students will build a complete modular house that will be sold in an auction when completed. The proper use of construction equipment, selection of materials, estimating, measuring, blueprint reading, and building code interpretation will be stressed along with the employability skills needed to work well with a construction crew. Students will have the opportunity to compete in the Career Tech SkillsUSA student organization competition in either framing or cabinet making at the regional, state, and national levels.

TUITION.....		\$2550.00
1 st Semester	\$1275.00	
2 nd Semester.....	\$1275.00

 TOTAL COST FOR PROGRAM.....		 \$2795.00

Tuition and fees or documentation from your funding agency are due by the first day of class each semester. Students who are enrolled in a program for more than 10 scheduled school days will be responsible for the full semester's tuition and fees, regardless of enrollment or funding status. Out-of-district adult students will pay in-district tuition plus \$1000 for an "out-of-district" fee. Tuition and fees will not change while a student is enrolled in the program.

FUNDING AGENCIES:

Please contact GPTC before issuing a payment for student's tuition and fees.
