Tips for creating your best Tribute Ad:

- Gather all your materials in advance and create the ad in one sitting.
- Your photos will look and fit better if your photo is the same orientation as the picture box. (Horizontal vs vertical orientation)
- Use clear, high resolution photos. If your photo is blurry, it will be blurry in your ad.
- Create the ad around your student and write a personal message that will be meaningful.
- Use the cropping tool within the design platform to crop out unnecessary backgrounds and focus on your student.
