## **ATTENDANCE POLICY AND PROCEDURES**

In order to receive maximum benefit from the instructional activities, students are expected to be in school each day unless excused for legitimate reasons. Good attendance habits positively impact the learning process and carry over into the world of work. It is the position of the Dodge County Board of Education that every day at school is important and that no student should be absent except for extraordinary reasons

In accordance with Georgia Board of Education Rule 160-51-10, students may be **temporarily** excused from school;

- who are personally ill and whose attendance would affect their health or the health of others;
- in whose immediate family there is serious illness or death which could reasonably necessitate absence from school;
- on special recognized religious holidays observed by their faith;
- who are serving as Pages of the General Assembly during the school year (Pages shall be credited as present by the school in which enrolled);
- when conditions render school attendance impossible or hazardous to the student's health or safety;
- who are mandated by order of governmental agencies, including pre-induction physical examinations for services in the armed forces and court orders; or
- a student whose parent or legal guardian is in military service in the armed forces of the United States or the National Guard, and such parent or legal guardian has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting, shall be granted excused absences, up to a maximum of five school days per school year, for the day or days missed from school to visit with his or her parent or legal guardian prior to such parent's/legal or legal guardian's leave.

The Dodge County School System's official policy is that if a student is absent for more than 14 days

(excused or unexcused without Doctor's excuses) within the school year, the student will not receive credit for those courses for which the absences exceed the 14-day limit. On day 15 summer school days begin counting, only medical notes can be used during the appeal process. Excessive absences may also be referred to the Attendance Support Team Coordinator.

As of July 1, 2004, Georgia's Compulsory Attendance law §20-2-690.1 became much stricter in regard to truancy. The law now states that more than five (5) unexcused absences constitute truancy. The law also states that possible consequences for parent(s)/legal guardian(s) or students whose unexcused absences exceed five (5) days may be:

- a fine of not less than \$25 and not more than \$100
- spend up to 30 days of jail time;
- provide community service; or
- any combination of these penalties.

We do realize there are times when a student will have to miss school. When this does happen, it is vital that we receive a written excuse **within three days after the child's absence** even if you have already called the school. All excuses should be **dated and signed by a parent or guardian** and **should specifically state the reason for the absence.**

- At three (3) unexcused absences, the child's teacher will make an attempt to contact the parent(s)/guardian(s) regarding the seriousness of continuing unexcused absences.
- If the student reaches four (4) unexcused absences, the family will receive a letter of official notification asking they meet with the Attendance Support Team. At this time, the parent(s)/guardian(s) will be asked to sign an attendance agreement that states how the school system and the parent will work together to improve the child's attendance. Once the agreement is signed, the student is on probation and attendance is monitored.

Parents who enter into the agreement and break it will be referred to the Dodge County Department of Family and Children Services, the Department of Juvenile Justice, or directly to Juvenile Court. Also, parents who choose not to sign the agreement may be referred directly to Juvenile Court.

Parent(s)/guardian(s) of students who accumulate excessive unexcused tardiness and/or early sign-outs will be asked to meet with the Attendance Support Team to sign an attendance agreement. If the agreement is broken the parent(s)/guardian(s) may be referred to the Department of Family and Children Services for further action.

**Pre K Attendance:** It is very important to help students establish a routine and to follow it daily. Students should send a written excuse to his/her teacher within 3 days of their absence. Those who do not attend class for 10 consecutive days without a medical or other reasonable explanation must be removed from the roster. Students are expected to attend school on a regular basis and arrive and leave according to the approved schedule. Daily attendance records are maintained which include the dates when a child is absent and the dates/times when a child arrives late, leaves early, or is picked up late. Parents of students having these attendance issues will be contacted and a meeting will be scheduled to help resolve the problem (s):

- 1) Students who are absent more than two days per month without medical or other reasonable explanation
- 2) Students who arrive late more than once per week
- 3) Students who depart early more than once a week
  - a. \*students should not be signed out between 2:00 -2:30
- 4) Students who are picked up from school late more than once per week
- 5) Students who have a documented attendance pattern of being late every Monday or absent every Tuesday or leaving early every Friday, etc.

If the problem (s) cannot be resolved, students who continue to be excessively absent and/or frequently tardy/leave early, may be dis-enrolled.

**APPEALS PROCEDURE:** The administration realizes that occasionally students may be absent more than the 14-day limit. In the event it is felt that there is justification for an appeal, the principal should

be contacted and arrangements will be made for an appearance before the absentee appeal committee. The committee will hear requests and approve or reject the appeal for waiver of the policy. If the request is rejected, the appeal may still be made to the school superintendent and/or the Dodge County Board of Education. *A fee will be applied to make-up days.* **Note:** Information regarding an appeal may be obtained from the principal's office. Excessive absences may also be referred to the Attendance Support Chairperson.

## **TARDIES/ABSENCES/SIGNOUTS**

Students will be tardy after 7:50 A.M. Students should report to the office for a tardy slip before entering the classroom. **If a student leaves before 11:15 A.M., they will be counted absent. Students must arrive at school before 11:15 A.M. to be counted present.** Early sign outs will be counted as tardies. Students should not be signed out between 2:00 and dismissal. Students may be required to make up time for excessive tardies/absences. 10 unexcused tardies=1 Absence. *Parents are only permitted to walk their student to class on the first three days of the school year.*

## **BEHAVIOR MANAGEMENT PROCEDURES**

All students deserve access to welcoming, supportive, and safe schools and classrooms. Successful school climates and student discipline involves setting all students up for success by meeting their academic, social, emotional, behavioral, and mental health needs and ensuring schools have the necessary tools to assist students with addressing any behaviors that could otherwise interfere with their learning or others' learning or impact school safety. It also means preventing and eliminating discrimination in the administration of student discipline. The following procedures are in place at Dodge County Primary School.

**KINDERGARTEN-2<sup>ND</sup> GRADE:** There are two types of behavior documentation.

- (1) An Office Referral (-16 points/OR on Conduct Grade) if a student is being referred to the administration, or
- (2) A Minor Incident Referral, MIR, (-3 points/MIR on Conduct Grade) if a student has broken a rule after being warned and needs documented and handled by the teacher.

Severe Offenses resulting in an Office Referral:

- First Offense: Warning and/or Conference with Administrator or Counselor.
- Second Offense: Time Out/Parent Conference.
- Third Offense: Loss of Privileges/Parent Conference and/or Corporal Punishment. Referral to the Alternative Education Program (AEP). Begin RTI process for behavior
- Repeated Offenses: Placement in AEP/Out of School Suspension. Short/Long Term placement in the Dodge Alternative Center (DAC). Continue RTI process.

All dispositions for severe offenses are subject to the discretion of the administration. All behavior is documented in the program Educator's Handbook. Office referrals and MIR's are sent home for parent signatures to keep parents informed about student behaviors.

**PRE-KINDERGARTEN:** After 3 or more documented instances of a child's misbehavior by the Pre-Kindergarten Director, the parents will be called in for a conference with the director and teacher. Parents are required to attend the conference and cooperate with the staff so that the discipline problem can be resolved. If a child is chronically disruptive, or causes harm to him/herself or others, and it is determined that he/she is not benefiting from the pre-kindergarten program, then the child may be suspended or disenrolled from the program with permission from the Georgia Department of Early Care and Learning, Bright from the Start.

## **RULES AND REGULATIONS NOT COVERED**

All rules and regulations cannot be covered in the space of this handbook. However, students can be held accountable for any unwritten rule or regulation that might impede the educational process of this institution. **If a student commits a discipline offense during summer school, the consequences will carry over to the following school year. The consequences for the offense will be determined by the school where the student will attend.**

## **PBIS (Positive Behavioral Interventions and Supports)**

PBIS (Positive Behavioral Interventions and Supports) is a school wide approach to discipline and a process for creating safer and more effective schools. PBIS is a systems approach to enhancing the capacity of schools to educate all children by developing research based, school wide and classroom discipline systems. The process focuses on improving a school's ability to teach and support positive behavior for all students. With PBIS, instructional time is more effectively used for teaching and the overall school environment is calm and conducive to learning.

### ***PBIS Mission Statement:***

Building character and teaching responsibility by developing; outstanding, accountable, and respectful students within a safe learning environment.

PBIS promotes optimal student achievement (academic and behavior) by using a proactive systems approach for creating and maintaining a safe and effective learning environment by utilizing a Positive Behavioral Interventions & Supports System.

Expected student behaviors, found on the school-wide behavior matrix, are acknowledged in the classrooms, hallways, cafeteria, bathrooms, and playground. The Dodge County Primary School behavior matrix is posted throughout the school, the website, and in each classroom.

### **Dodge County Primary School Little Braves will: Be responsible, be respectful, and be safe.**

In the case that students do not behave as expected, parents will be notified of behavior and consequence received. By consistently documenting all behaviors of each student; daily, weekly, monthly, or quarterly rewards will be given to students who exhibit the expected behaviors. Rewards and recognition can be given individually, to groups or classes, or school wide.

There will be quarterly rewards, incentives, or special activities for students who exhibit expected behaviors. Braves Bucks will be used at the events for rewards. The number of minor and major incidents will determine the number of Brave Bucks each student will receive. Reward dates will be announced at school.

DCPS will also use PBIS Rewards program to give points to students throughout the year. Points will be "cashed" in by students for various rewards. Students will be given points for positive behavior at teacher discretion.

**Conduct Grades:** Homeroom teachers will use the number of incidents recorded in Educator's Handbook to formulate conduct grades for each quarter and semester. In a quarter, each minor incident is worth points and a major office referral is worth points that will be subtracted from 100 to acquire a student's conduct grade. Students will have one conduct grade per grading period. This grade will include all subjects, classes, and bus. Once a new grading period begins, the student will start.

## **PROMOTION/RETENTION POLICY**

**Pre-K:** DCPS will follow Bright from the Start Guidelines. They can be found at:

<https://www.decal.ga.gov/Default.aspx>

**Kindergarten:** Promotion to the first grade shall be based on a fourth nine weeks score of 14 demonstrates in Math and 17 demonstrates in English Language Arts. The students must also meet the attendance requirements set by the local Board of Education.

**First Grade and Second Grade:** Promotion to the next grade level shall be based on final yearly grades in Reading, Language, Math, Science, and Social Studies. A student must pass 3 out of 5 subjects with a 70 or higher for the final yearly average. **Students must pass Reading to be promoted to the next grade.** The students must also meet the attendance requirements set by the

local Board of Education.

Parents of Kindergarten-2<sup>nd</sup> grade students who fail to meet the state of Georgia related promotion/retention criteria can submit an appeal to the principal for consideration. All students who are absent for more than 14 days (excused or unexcused) will be retained (See Attendance Policy).

Pre-K and Kindergarten report cards are standards based with a rating scale. 1<sup>st</sup>-2<sup>nd</sup> grade will receive numerical grades for each subject.

## **GIFTED EDUCATION**

In Dodge County and the state of Georgia, a gifted education student is defined as one who demonstrates a high degree of intellectual and/or creative ability(ies), exhibits an exceptionally high degree of motivation, and/or excels in specific academic fields, and who needs special instruction and/or special ancillary services to achieve at levels commensurate with his or her ability(ies). Many gifted education decisions and procedures are left to the discretion of our local school system so that we may address the unique needs of our students and our schools. Testing for eligibility or referred students takes place in the late winter/early spring of each school year. If you have any questions regarding the referral and testing process, please contact your respective school's gifted coordinator or Mariella Douglas at the Dodge County Board of Education at (478) 374-3783.

## **BENCHMARK ASSESSMENTS**

Benchmark Assessments evaluate students, grades K-12, in core academic areas: Math, Reading, Language, Science, and Social Studies. The information gathered from the assessments help educators establish best practices for teaching and learning and help discover and track progress gaps to identify areas for improvement. Overall, educators use benchmark assessments to improve performance and instruction for all students.

There are three separate testing windows: Fall, Winter, and Spring. Students are expected to show growth in each testing session after the initial assessments are given at the beginning of each school year. Following each testing period, you will receive a report showing your child's growth, which you can review with your child's teacher for more insight.

## **CHROMEBOOK ACCEPTABLE USE & GUIDELINES**

The Chromebook device and accessory issued to students are, and will remain, the property of Dodge County Schools. No outside devices will be allowed to be brought into the school and used on campus in order to reduce security threats and damages. Chromebook will be used in school for academic and DCSS purposes. When a student uses a DCSS device, the device is on loan to the students and must be used in accordance with the guidelines outlined in the student. Any Chromebook that is found to have any damage needs to be reported as soon as discovered. All damage incidents will be investigated by an administrator. If the device is damaged, lost or stolen, and a student is found to be responsible, the parent(s) are responsible for the cost of repair or the fair market value at the time loss.

## **VISITORS**

All visitors to our school must stop in the office and pick up a visitor's pass. Class visitations should be scheduled so as not to be disruptive. We do encourage all parents to visit and take an active part in our school. However, the amount of time for visits may be limited, due to the nature of classroom activity or instruction. Parents/Visitors should not use side or back doors to enter the school.

### **EMERGENCY INFORMATION**

At the time of enrollment, parents are asked to give their address and phone number and that of the person to be notified if they cannot be reached. It is important that these numbers be kept up-to-date. If you have changes, please notify the school immediately.

In case of illness, the child will be cared for until the parent arrives or until the child returns to class. Parents will be called to pick up the children considered to be too ill to remain in school. If your child is ill in the morning, please do not send him/her to school. We do not have the staff to attend to students for long periods of time. When called, parents are expected to come or to make arrangements to have the child cared for within a reasonable amount of time. Parents must come to the office and sign the student out before he/she leaves the school grounds.

It is the parent's responsibility to keep the emergency card current. At least one other local telephone contact is to be listed to ensure the safety of your child. The importance of this cannot be overemphasized.

### **DISMISSAL OF STUDENTS**

If a student is to be dismissed early, the parent must sign him/her out in the front office. Anyone signing a child out may be required to present a picture ID. All students should use the front entrance of the school. Changes in dismissal instructions for students will not be accepted over the telephone, except in case of emergency, because there is always the possibility of misunderstandings. Students are expected to leave the campus promptly upon dismissal. No change of transportation requests will be taken after 1:30 p.m.

### **ARRIVAL OF STUDENTS**

In the morning, students should not be left unattended at the school. All students should use the front entrance of the school. Students should not be dropped off prior to 7:15. Your student's safety is our priority and believe because of the recent pandemic, preventative protective measure need to be taken. Parents are permitted to walk their student to class on the first two days only, after which students can only be dropped off.

### **VOLUNTEERING**

Parents are needed in our school. All volunteers and visitors are to sign-in in the office before going to any classroom. A current fingerprint background check is required by law for all volunteers, at the volunteer's expense. This is for every child's protection.

### **HOMEWORK**

Students in grades K-2 may have homework on a daily basis. The amount and frequency is determined by the teacher of each class. Red Folders will be utilized to record homework and communicate with parents.

### **Distance Learning Plan**

Should distance learning be necessary, students will be given hard copies of instructional materials aligned with the Georgia Department of Education and Georgia Early Learning and Development Standards and a daily schedule that they can use at home. The Dodge County Primary Schools and Dodge County Schools' Facebook pages, the Dodge County Schools Website, and a messaging/communications system will be utilized by the administration and by the pre-k teachers to keep parents informed. Specific online sites for age appropriate activities and updates from the Georgia Department of Education and the Department of Early Care and Learning will be posted online. Teachers will email students and/or call them at their parents' email addresses/phone numbers throughout the school closure to check on the students and answer any questions.

### **CONFERENCES**

Conferences can be set up at the request of the school or the home. Parental requests can be made by phone, email, or a note. Teachers will contact the parent about the date and time. When a teacher or the principal needs to have a conference, either a note will be sent or a telephone call will be made. We encourage continual communication between the home and the school. Failure to attend discipline conferences can result in suspension of your child until a conference is held.

### **USE OF TELEPHONE**

No telephone messages will be delivered after 1:30 P.M. Except in case of emergency, please limit messages due to the fact that this interrupts the learning process for your child as well as the entire class. Students are not allowed to receive phone calls at school. Students will be allowed to make phone calls only in emergencies.

### **IMMUNIZATION**

Before entering school, a student must be inoculated against Diphtheria, Pertussis, Tetanus, Polio, Rubella, Measles, and Mumps. An immunization record completed by a doctor or clinic must be brought to the school at the time of registration. Students will be excluded from school if immunizations are not kept current. Students have a thirty-day period from the time they enter to complete immunization requirements, (Form 3231), along with the eye, ear, and dental certificate, (Form 3300), or they will not be allowed to attend school.

### **RULES FOR MEDICATIONS**

No faculty or staff member may issue medication to any student unless there is a statement or permission signed by the parent/guardian filed in the nurse's clinic. If the parent anticipates that the child will need medication, the medication should be left in the nurse's clinic until medication time. All medication must be updated yearly with a visit to the nurse within the first few weeks of school beginning.

### **VISITS TO THE NURSE**

Students are allowed to visit the nurse for routine medicine and emergencies to include injuries, accidents, and illnesses. However, students are reminded that this is a privilege not to be abused. In the event that the nurse feels this privilege is being abused, the child, teacher, and parent will be notified. Also, if a child visits the nurse twice for the same reason, emergency, or non-emergency, the parent/guardian will be contacted. The nurse can only administer medicine if a parent or guardian has signed a consent form.

### **TEXTBOOKS**

Each year, there are textbooks in Dodge County Schools that need to be replaced due to students losing or damaging them. Students are responsible for the cost of the replacement. Currently, there is not a specified schedule of costs or payments in place regarding the price students owe to the Board of Education. Below is an approved schedule of payments according to the age and cost of each textbook:

When property of the Dodge County School District is lent to students, the Governing Board expects that it shall be returned in a timely manner, with no more than usual wear and tear. If the property has been willfully cut, defaced, or otherwise damaged, or if the student refuses to or cannot return it at the request of a District employee, Board requirement states students shall pay for the lost or damaged materials. The District shall afford the student his or her due process rights and subsequently may withhold the student's grades, diploma, and transcripts until all damages have been paid to the Dodge County Board of Education. Payment must be sent to the central office.

Age of Textbook	Student's Responsibility
1 Year	90% of cost
2 Years	75% of cost
3 Years	60% of cost
4 Years	45% of cost
5 Years	30% of cost

## **SAFETY DRILLS**

### **FIRE**

In case of a fire emergency, the signal to evacuate the building will be a continuous sounding of the emergency alarm or bell. There will be an evacuation plan posted in each room. Each teacher will provide instructions regarding specific procedures.

### **TORNADO**

In case of a tornado emergency, there will be an on-off sound of the emergency alarm. Everyone will go to his/her assigned area in the hallway. When students are asked to assume the "tornado position," they are to do the following:

Sit on the floor facing the wall or facing hallway.

Hold a hard-backed book or your arms over your head and put your head between your knees.

Remain quiet until all clear is sounded.

### **OTHER DRILLS**

Periodically, other drills such as bomb threat/school evacuation and intruder/lockdown will be conducted.

## **SEXUAL HARASSMENT**

It is the policy of the Dodge County School District that racial, sexual, or other forms of harassment or discrimination are strictly forbidden. Any student or employee who believes he or she has been subjected to harassment or discrimination by other students or employees of the school district based upon his or her race, color, religion, national origin, age, disability, or sex should promptly report the same to the principal of this school or the appropriate coordinator, who will implement the board's discriminatory complaints or harassment procedures. Students may also report harassment or discrimination to their school counselor. Students and employees shall not be subjected to retaliation for reporting such harassment or discrimination.

## **WITHDRAWAL OF STUDENTS**

The school should be notified at least two (2) days in advance of a student's impending withdrawal. The student will receive a withdrawal form and instructions from the office. All textbooks, library books, and fines must be cleared before the student secures a transfer record to another school.

## **SCHOOL COUNSELOR AND MENTAL HEALTH**

A school counselor may be available to work with students and parents upon request. Your child's teacher will assist you with these services.

## **HOSPITAL HOMEBOUND (HHB)**

Hospital/Homebound (HHB) is an academic service designed to provide continuity between the classroom and home or hospital for students whose medical needs, either physical or psychiatric, do not allow them to attend school for a limited period of time (Georgia State Board of Education Rule 160-4-2-. 31 HHB services). HHB

services are not intended to supplant regular school service and are by design temporary. Students approved to receive HHB services must meet the eligibility requirements approved by the Dodge County Board of Education. Dodge County School System does not allow students who receive HHB services to participate in extracurricular activities, including travelling or competitive sports teams. Additionally, hospital homebound students are not permitted to participate in work based learning. Students who are physically able to take the GMAS (Georgia Milestone Assessment) at school will be tested in small group settings or at an alternative time to accommodate any physical considerations. For those unable to come to school to test, the school will provide an instructor who is proctor-trained and who can administer the assessments.

### **SURVEYS**

As a part of certain school/educational programs, students will participate in surveys periodically. If you prefer that your child NOT participate, please notify your child's principal in writing. There is a section in the parent permissions signature page related to surveys. Please read thoroughly. A copy of all surveys are available for review upon request.

### **TRANSPORTATION PROCEDURES**

It is the parent's responsibility to be home or to have an authorized adult to be at home when the bus brings the child in the afternoon. This person must be visible so the driver will know to let the child off the bus. If a parent or an authorized adult is not there, the bus will bring the child back to school and a parent/guardian will be contacted to pick up the child. If the child is brought back on the bus two (2) times, the child will be suspended from the bus the following day for one full day (morning and afternoon route). It will be the parent's responsibility to bring and pick up the child on the day(s) of suspension. Each time the student is brought back to the school because of no guardian present after the second occurrence, he/she will be suspended from transportation for the following day (morning and afternoon route). After five (5) times of the child being brought back to school because the parent/guardian is not present/not seen by the bus driver, the child will lose his/her bus privileges permanently.

A student shall not possess, sell, use, distribute, or be under the influence of any prohibited drug to include: alcohol, narcotics, depressants, stimulants, hallucinogens, amphetamines, barbiturates, or intoxicants of any kind. "Wild" animals are not to be permitted to be brought onto school property by students or school personnel without prior approval of the board.

### **Head Lice School Procedures**

Dodge County Schools have a no lice/no nit policy, which means a student cannot be at school if he/she has lice or nits. Treat the day that your child is diagnosed and he/she can return to school the next day. The school nurse must check your student's hair to be cleared before returning to class.

\*If your child has a sibling(s) at another school, then the nurse will contact his/her school nurse so that the sibling can also be checked. This is kept confidential between the involved parties.

### **Contagious Diseases**

Children work together closely every day at Dodge County Primary School and it is very important to read the following information to prevent the spread of certain contagious diseases.

Pink Eye - This is a viral or bacterial infection in the eye. The eye may be red, sensitive to light, may itch, and may have thick drainage which becomes "crust-like" in the corner of the eyes.

Impetigo - This is caused when insect bites are scratched and become infected and can be spread by direct contact on objects contaminated with drainage.

*If a child contracts impetigo or pink eye, he/she may come back to DCPS only when the condition is treated and a doctor's statement is provided saying that the pink eye or impetigo is no longer contagious.*

Ringworm - Ringworm looks like a red ring on the skin and may itch or hurt. It is usually caused by a fungus. Ringworm can also be on the scalp and can cause hair loss if not treated promptly.

*If a child contracts ringworm, he/she may return to school after being checked by a doctor or if he/she is using the treatment. Prompt treatment of ringworm is essential to prevent it from spreading to other students. Treatment may be a topical ointment, cream, or oral medication depending on the severity and location of the ringworm. Students may return to school if ringworm is covered and treated.*

Chicken Pox - Children can spread the disease before the spots appear and until the spots become dry. If your child scratches the spots, it can cause a scar or infection. Oatmeal baths, such as Aveeno, caladryl, or calamine lotion may help the itching. Children may return to school after all lesions are dry and scabbed over.

Shigellosis - This is an infection of the stomach and intestines and is spread through the feces of infected people. Symptoms may include a fever that reaches 104 degrees, abdominal cramps, nausea and vomiting, and/or frequent diarrhea with blood, mucus, and pus. A stool test has to be done to determine if your child has this. If the test is positive, then your child must have 2 negative tests before returning to DCPS. Your child will not be allowed to attend school while waiting for the test results, and a doctor's statement is required stating the results of the two tests were negative.

*If a child develops a rash of an unknown origin, he/she must be seen by a physician. The parent will be responsible for providing a doctor's statement saying that the child is not contagious. This statement must be on file before the child can return to school.*

Children should be free of diarrhea, vomiting and fever for 24 hours before returning to school. If your child is sent home from school for one of these problems, don't send him/her to school the next day. If you have any questions about any of these conditions or other ones, please call your child's doctor or the school nurse. Each illness (listed and/or not listed) will be dealt with on an individual basis. The school nurse policy guidelines will be followed in determining the treatment recommendations. Parents will be responsible for following up on these recommendations and providing a doctor's excuse if requested. DCPS will adhere to the doctor's recommendations

### **Field Trips**

Parents are encouraged to accompany teachers and students on field trips. These are some suggestions to remember when chaperoning a field trip:

- The classroom teacher and paraprofessional supervise the classroom and field trip.
- All parents going on field trips are expected to cooperate with the teachers.
- Your primary responsibility will be to chaperone your own child and maybe another child whose parent is not present. Stay with the class at all times.
- No other children are allowed to go on field trips with Dodge County Primary School.

### **Dodge County Schools' Rules for Electronic Devices**

Student use of cell phones and personal electronic devices are prohibited on all DCSS campuses and buses upon arrival through 3:45 pm each school day. This rule includes while on a DCSS school bus. Devices should be powered off and not on your person. Devices include, but are not limited to, smart watches, earbuds, headphones, air pods, and any other similar device. Failure to comply with this rule will result in confiscation of the device and disciplinary consequences for the student which may include parent contact, supervised cleanup, ISS, and/or OSS.

Confiscated devices will be returned only to parents/guardians. Appointments should be made by parents/legal guardians to bring the student and meet with the principal to pick up device(s) before or after school (7:45-8:00 a.m. and 3:15-3:45 p.m.).

Students may not use tape recorders, video cameras, cell phones, or other electronic devices to record at school. Students are not permitted to post on-line the images, videos, pictures, etc. depicting events that occur on campus or at a school function that negatively reflect on the school or school system or

violate the privacy rights of others. Violation of this rule is considered an infraction of the Code of Conduct. Students and parents acknowledge that the school district has the right to collect and examine any device that is suspected of violating school rules and/or procedures.

Refusal to surrender a device to a staff member will be considered an infraction of the Code of Conduct and handled at the discretion of the school administration. Any other infractions that violate the Code of Conduct will be handled at the discretion of the school administration and possible notification of the resource officer.

Dodge County Schools will not be responsible for lost, damaged, or stolen personal communication or personal electronic devices. School personnel will not be responsible for tracking lost or stolen devices. Due to limited technology personnel, Dodge County Schools' technology department will not be able to troubleshoot problems on students' personal devices.

### **FERPA DIRECTORY INFORMATION NOTICE**

The Family Education Rights and Privacy Act (FERPA) (20 U.S.C. §1232g; 34 CFR Part 99) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U. S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies. Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records without consent to the following parties under the following conditions (34 CFR §99.31):

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific law.

Schools may disclose, without consent, "directory" information such as a student's name, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of the system.

### **PARENTAL INVOLVEMENT**

*Este documento contiene informacion importante para la escuela. Si usted necesita esta informacion en Espanol por favor de llamar el Directorio de escolar Dodge en la Oficiana. El numero es 478- 3743783. Gracias.*

The DCPS administration and staff encourage parent involvement and participation in all aspects of the

school's programs. Parents are informed of activities taking place at DCPS and are provided information regarding programs, meetings, parent/teacher conferences, student progress, and parental involvement activities via the school handbook, parent advisory and school council meetings, school and Dodge system websites, letters and announcements to parents, student agendas, and through the local news media. Copies of the Dodge County School System's Parent Involvement Policy are available to parents in the school's media center, at open house or orientation, or in the Dodge County Board of Education office.

### **Private Therapists in the Dodge County Schools System**

If a parent requests for a private therapist to see his/her child during the school day, the private therapist must obtain a background check following the procedures set out by the Dodge County Board of Education Human Resources Department and schedule a meeting with the school principal/designee. Upon an approved background check, the private therapist will then be permitted to meet with the student at an agreed upon time in an assigned location. Private therapists will not be permitted to visit/observe/work with the student in the classroom, lunchroom, or playground where other students are present.

### **WATER SAFETY/SWIMMING LESSONS**

According to the CDC, swimming can help with chronic diseases and mental health. Learning to swim can open a world of opportunity for people. With the great health benefits of swimming, there are also many risks. Water safety and swimming lessons could help reduce the risks. These lessons can also be lifesaving. People who take formal swim lessons have an 88% less chance of drowning, according to the CDC. Additionally, teaching children to swim at a young age helps prepare them to be safer around bodies of water. Dodge County Schools are not responsible for providing water safety or swimming lessons, but may be able to provide information to parents. This information is in compliance with the Edna Mae McGovern Bill (HB 402). More information on this bill can be found at <https://www.legis.ga.gov/api/legislation/document/20232024/215778>

### **CODE OF CONDUCT**

When a student enters the Dodge County School System, he or she is given a copy of the Dodge County School System Code of Conduct. The Dodge County Primary School handbook supports the rules and guidelines set forth in the Dodge County School System Code of Conduct. A copy of the Code of Conduct is available in the Principal's office and is included in this handbook.

The Student Code of Conduct is provided to serve as an overview of the various discipline strategies and actions used in the Dodge County School System. It is not an all-inclusive list of misconduct for which a student may be disciplined. An act of misconduct not listed will be subject to the discretionary authority of the principal.

The Dodge County Primary School and Dodge County School System's Code of Conduct is based on the expectation that parents, guardians, teachers, and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contacts is extremely valuable; therefore, they provide information to parents, as well as on-going opportunities for school personnel, to hear parent's concerns and comments. Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards various behavior violations which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support process designed to promote positive choices in behavior.

Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or legal guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan.

## **INSPECTION OF STUDENT RECORDS BY PARENT (PPRA)**

No local school board system, whether county, independent, or area, shall have a policy of denying or which effectively prevents the parents of students who are in attendance at or who have been enrolled in any facility within such system the right to inspect and review the education records of their children. A parent shall be entitled to inspect and review only information relating to his or her own child. Such information regarding any other student shall not be made available for inspection for review except to the parents of that student. Both parents of a child shall be entitled to inspect and review the educational records of their child or to be provided information concerning their child's progress. Information concerning a child's education shall not be withheld from the non-custodial parent unless a court order has specifically removed the right of the noncustodial parent to such information or unless parental rights have been terminated. ### **School-Parent Compact Title 1**

Dodge County Primary School students (kindergarten-2nd grade) participating in the Title I, Part A program, and their families, agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement as well as describes how the school and parents will build and develop a partnership that will help children achieve the State's high standards.

### **JOINTLY DEVELOPED**

The parents, students, and staff are partnered together to develop this school-parent compact for success. Teachers suggested home learning strategies, parents added input about the types of support they needed, and students told us what would help them learn. Parents are encouraged to attend annual revision meetings held March of each year to review the compact and make suggestions based on student needs and school improvement goals. Parents are also encouraged to participate in the annual Title I survey that is used to collect data regarding the current Title I programs and policies.

To understand how working together can benefit your child, it is first important to understand the district's and school's goals for student academic achievement.

### **Georgia Early Literacy and Dyslexia**

The definition of dyslexia adopted by the International Dyslexia Association (IDA) states: “Dyslexia is a specific learning disability that is neurobiological in origin. It is characterized by difficulties with accurate and/or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede the growth of vocabulary and background knowledge.” Dyslexia is one of the most common learning disabilities. People with dyslexia have many strengths, but have unexpected trouble learning to read. These difficulties are not related to a person’s intelligence or motivation. Families, early childhood teachers, and kindergarten teachers are often the first to notice children having difficulty with reading skills or learning at school. It is important to pay attention to potential signs that a child may have dyslexia.

In 2019, the Georgia Assembly passed Senate Bill 48 (Georgia Code §20-2-159.6 or S.B. 48) into law. Beginning in the 2024–25 school year, the bill requires local school systems to screen all students in grades K-3 for characteristics of dyslexia. If your child is screened and identified as at-risk based on the results of the Universal Dyslexia Screener, your child will begin receiving additional support in the classroom and you will receive communication from your child’s school to let you know of any other next steps. If your child is identified as having characteristics of dyslexia (see Georgia Reading and Dyslexia Screening Process (Flowchart), the school will provide your child with intensive interventions targeting specific reading skills and consider a referral for special education evaluation. Children with characteristics of dyslexia often continue to learn in the same classroom they were in before but may also receive extra support individually or in small groups. You will be notified about what the school is doing to support your child with learning. Many children with characteristics of dyslexia, and even children with a formal dyslexia diagnosis, will not require special education services if they receive early identification and support. If they are still having difficulties after receiving specific and targeted instruction and intervention, a request for a formal special education evaluation should be made. In the instance that the child will need Special Education Services, the local educational agency will follow the requirements as outlined in 160-4-7- .03 (Child Find Procedures). In the instance that the child will need other modifications, the local education agency will follow the requirements for Section 504 of the Rehabilitation Act of 1973.

### **CLUBS AND ORGANIZATIONS**

Clubs and organizations are comprised of students who wish to organize and meet for common goals, objectives, or purposes and which are directly under the sponsorship, direction, and control of the school. Dodge County Schools offer our students the opportunities to be involved in the approved clubs. New clubs will only be started at the beginning of each school year and should be submitted NO LATER than the last two

weeks of the previous school year in order to be considered for the following year. All clubs submitted will have to follow the school procedures of submitting a statement, purpose of the club, and a faculty advisor, to be considered.

**\*Parents or legal guardians have the right to deny participation of students by signing the opt out club participation waiver. The opt-out form is on the last page of the handbook.**

## **BULLYING POLICY**

The Board of Education believes that all students can learn better in a safe school environment. Behavior that infringes on the safety of students will not be tolerated. Bullying, as the term is defined in Georgia law, of a student by another student is strictly prohibited. Such prohibition shall be included in the Student Code of Conduct for all schools within the school system.

Bullying is defined as follows: *An act which occurs on school property, on school vehicles, at school bus stops, or at school related functions or activities, or by the use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system that is:*

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
4. Causes another person substantial physical harm within the meaning of Code Section 16- 5-23.1 or visible bodily harm as such term is defined in Code Section 16-5-23.1;
5. Has the effect of substantially interfering with a student's education;
6. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
7. Has the effect of substantially disrupting the orderly operation of the school?
8. Any acts of cyberbullying which occur through the use of electronic communication whether or not such electronic act originated on school property or school equipment, if the electronic communication (1) is directed specifically at students or school personnel, (2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and (3) creates a reasonable fear of harm to the student's or school personnel's person or property or has a high likelihood of succeeding in that purpose.

Procedures at each school encourage a teacher or other school employee, student, parent, guardian, or other person who has control or charge of a student, either anonymously or in the person's name, at the person's option, to report or otherwise provide information on bullying activity. Any teacher or other school employee who, in the exercise of his or her personal judgment and discretion, believes he or she has reliable information that would lead to reasonable person to suspect that someone is a target of bullying is encouraged to immediately report it to the school principal. Any report will be appropriately investigated by the administration based on the nature of the complaint in a timely manner to determine whether bullying has occurred, whether there are other procedures related to illegal harassment or discrimination that should be implemented and what other steps should be taken. a report of retaliation for reporting bullying will also be investigated and addressed as called for in policy and in accordance with school procedures.

Acts of bullying shall be punished by a range of consequences through the progressive discipline process, as stated in the Code of Conduct. However, upon a finding by the disciplinary hearing officer, panel or tribunal that a student in grades 6 – 12 has committed the offense of bullying for the third time in a school year, the student shall be assigned to alternative school.

Upon a finding by a school administrator that a student has committed an act of bullying or is a victim of bullying, the administrator or designee shall notify the parent, guardian, or other person having control or charge of the student by telephone call or through written notice, which may be done electronically. Students and parents will be notified of the prohibition against bullying and the penalties for violating the prohibition by posting information at each school and by including such information in the student/parent handbooks.

**Pre-Kindergarten Information**

**High Scope Curriculum:** Dodge Pre-K uses the high scope curriculum which teaches children to make decisions and choices. This includes instruction in the areas of language and literacy, math, science, art, music and movement, dramatic play, and health and safety. The children follow a daily routine, which is posted in their room and provides them with consistency in their schedule. Parents are notified of their child's progress by parent-teacher conferences and written communications. A character education program, Second Step, is taught and it encourages children to be respectful and courteous to each other and adults. It helps children learn to be in control of their emotions. Kindergarten readiness activities are planned to ease the transitions to kindergarten for children and their families.

A child who is five years of age on September 1 of the school year and has not attended Georgia's Pre-K Program as a four-year-old, may enroll in the Pre-K program. Parents and teachers are encouraged to consider the child's date of birth, physical maturity, emotional maturity, and prior experiences when making the decision to enroll the child in the Pre-K program at age four or age five

### **GENERAL SUGGESTIONS TO PARENTS**

- Encourage your child to come home immediately after school is dismissed.
- Your child is not to bring dangerous or distracting articles to school, such as guns, knives, water guns, toys, radios, jewelry, fidget spinners, etc.
- Place names on all articles of outer clothing - coats, gloves, hats, caps, sweaters, raincoats, etc.

# STUDENT CODE OF CONDUCT

## Student Offenses and Disciplinary Actions

Dr. Susan Long, Superintendent  
P. O. Box 1029 – 720 College Street  
Eastman, Georgia 31023  
[www.dodge.k12.ga.us](http://www.dodge.k12.ga.us)

## To Dodge County Students and Parents:

The Student Code of Conduct is provided to serve as an overview of the various discipline strategies and actions used in the Dodge County School System. As you review the information contained in this code, you will observe that the disciplinary actions range from warnings or counseling to expulsion. Your knowledge of the information contained in this Code of Conduct will hopefully help us to maintain a positive school climate in our schools. **Please be aware that further details regarding discipline can be found in the student handbooks for each school. The following information supports rather than replaces the information you may find in the individual school's student handbook.** This Code of Conduct is not an all-inclusive list of misconduct for which a student may be disciplined. An act of misconduct not listed will be subject to the discretionary authority of the principal. Violations of the Code of Conduct and/or with local, state, and federal law may result in the termination of the opportunity to participate in extracurricular activities.

One discipline strategy utilized by our schools is In-School Suspension (ISS). This program serves as an alternative for students who would otherwise be suspended home. Students and parents are also reminded that actions which are in violation of local, state, or federal law may result in the notification of the appropriate law enforcement agency.

The Dodge County School System operates the Dodge Achievement Center. This program serves as an alternative to suspending or expelling students completely out of the school system. This allows students to continue with their studies until they can eventually graduate or return to regular school.

The Board of Education and the Dodge County School System seek the support of both parents and students in their approaches to student discipline. Overwhelmingly, we support the notion that our schools need to be safe places to learn.

This code of conduct and its rules and regulations are effective during the following times and in the following places:

- 1) on school grounds at any time.
- 2) off school grounds during a school activity, function, or event.
- 3) en route to and from school.
- 4) en route to and from school functions, activities, or events.

Please review the discipline code that follows. We earnestly desire your support for an effective school discipline program.

Dr. Susan W. Long, Superintendent

*\*Please note, each student will be given a handbook containing the Code of Conduct at the beginning of each school year. Each student will participate in a review of the handbook's content within the first days of school. The handbook will also be available on the school's and district's website, and in each classroom. I know that I may also request an additional copy from the school at any time.*

## **Dodge County Schools Student Code of Conduct**

It is the purpose of the Dodge County School District to operate each school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy which requires all schools to adopt codes of conduct which requires students to conduct themselves at all times in order to facilitate a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school within the district.

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in this Code of Conduct. The Code of Conduct is effective during the following times and in the following places:

- 1) on school grounds at any time.
- 2) off school grounds during a school activity, function, or event.
- 3) en route to and from school.
- 4) en route to and from school functions, activities, or events.

Also, students may be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to the persons or property at the school or which disrupts the educational process.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16, Unsafe School Choice Options.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

### **Authority of the Principal**

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code as well as those within the Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and school provided any such action does not violate school board policy or procedures.

### **Progressive Discipline Procedures**

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student and other relevant factors, including board policies and procedures. The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia's Character Education Program. The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of Privileges
- Time Out
- Temporary Removal from Class or Activity
- Notification of Parents
- Parent Conference
- Corporal Punishment
- Detention
- Temporary Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act

of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion, but those punishments will be determined only by a disciplinary tribunal as outlined in the Dodge County Board of Education policies. Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved by the parents and administrators from both the home school and the Dodge Achievement Center. The Dodge County Board of Education shall approve tribunal training provider(s). It shall also make available to all qualified student discipline hearing officers and disciplinary tribunal or panel members the initial and ongoing tribunal training course prior to the individual(s) serving in such capacity. The Dodge County Board of Education shall ensure initially trained student discipline hearing officers and disciplinary tribunal or panel members undergo continuing education so as to continue to serve in such capacity.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified if possible. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus, student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Cell phones/multi-media/electronic devices taken from students due to possession and/or use in violation of school rules are subject to having their contents searched. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities which occur outside normal school hours or off the school campus at the discretion of administrators.

### **Behavior Which Will Result in Disciplinary Procedures**

The degree of discipline imposed will be in accordance with the progressive discipline process unless otherwise stated.

### **Student Support Processes**

The Dodge County Board of Education provides a variety of resources which are available at every school within the district to help address student behavioral problems. The school discipline process will include appropriate consideration of support processes to help students resolve such problems. These resources include Response to Intervention, Student Support Teams, school counselors, and chronic disciplinary problem student plans. When a student's behavior becomes

a chronic discipline problem, the principal or principal's designee shall send written notification to the teacher and the student's parents or guardians of the student support services being utilized or the disciplinary action taken within one school day and shall make a reasonable attempt to confirm receipt of such written notification by the student's parents or guardians. Written notification shall include information regarding how student's parents or guardians may contact the principal or principal's designee. Through one or more school or school related organizations, students may have access to a mentor. Parents who are interested in their child being assigned a mentor should notify the school principal of this desire.

### **Parent Involvement**

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contacts is extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments. Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards of behavior various violations of the Code which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior. Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan.

Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan.

The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference, order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, or both. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobeys an order of the court under this law.

### **Medications**

All medications to be administered on campus must be stored in the original container in the nurse's office. These medications are to be disposed by and/or administered in the presence of the school nurse or his/her designee. Students requiring an inhaler or injectable epinephrine (Epi-Pen) are allowed to have them. It is critical that parents discuss their child's medical condition(s) with the school nurse or her designee.

### **Visitors on Campuses and in Schools**

To enhance student safety as well as to comply with Georgia law, "any person who is not a student at such school, an employee of the school or school system, a school board member, an approved volunteer following the established guidelines of the school or a person who has been invited to or otherwise authorized to be at the school by a principal, teacher, counselor or other authorized employee of the school shall check in at the designated location as stated on posted signs and provide a reason for his/her presence at the school immediately upon entering the campus. Unless otherwise allowed by the state law, the person failing to check in at the designated location may be guilty of a misdemeanor.

### **Private Therapists in the Dodge County Schools System**

If a parent requests for a private therapist to see his/her child during the school day, the private therapist must obtain a background check following the procedures set out by the Dodge County Board of Education Human Resources Department and schedule a meeting with the school principal/designee. Upon an approved background check, the private therapist will then be permitted to meet with the student at an agreed upon time in an assigned location. Private therapists will not be permitted to visit/observe/work with the student in the classroom, lunchroom, or playground where other students are present.

### **Student Conduct on School Buses**

The goal of the Transportation Department of the Dodge County Board of Education is to transport children in a safe and timely manner to and from school. While the law allows the school system to furnish transportation, it does not relieve parents of students from the responsibility of supervision until such time as the child boards the bus in the morning and after the child leaves the bus at the end of the school day. Once the child boards the bus, and only at that time, does he or

she become the responsibility of the school system. Such responsibility shall end when the child is delivered to the appropriate bus stop at the end of the day. It is the intent of the Dodge County School System to operate a safe and efficient transportation program for students. Such intent is predicated on desirable behavior of bus passengers and consequences of misbehavior. Bus incidences will be dealt with by the Transportation Director and a school administrator. Since the bus is considered an extension of the classroom, discipline for incidents on the bus may also include discipline on the school level as well.

### **Bus Misbehavior**

The following specific provisions shall govern student conduct and safety on all school buses:

1. All provisions of the Student Code of Conduct apply to behavior on the school bus, including but not limited to, acts of physical violence as defined by Code Section 20-2-751.6, bullying as defined by subsection (a) of the Code Section 20-2-751.4, physical assault or battery of other persons on the school bus verbal assault of other persons on the school bus, disrespectful conduct toward the school bus driver or other persons on the school bus, and other unruly behavior;
2. During regular school day transportation, students shall be prohibited from using any electronic devices during the operation of a school bus, including but not limited to cell phones; pagers; audible radios, tape or compact disc players without headphones; or any other electronic device. On field trips, driver discretion should be used regarding students' use of any electronic devices.
3. Students shall be prohibited from using mirrors, lasers, flash cameras, or any other lights or reflective devices.
4. If a student is found to have engaged in physical acts of violence as defined by Code Section 20-2-751.6, a student shall be subject to the penalties set forth in such Code Section. If a student is found to have engaged in bullying as defined by subsection (a) of Code Section 20-2-751.4 or in physical assault or battery of another person on the school bus, a meeting of the parent or guardian of the student and the appropriate school district officials will be held to form a school bus behavior contract for the student. Such contract shall provide for progressive age-appropriate discipline penalties, and restrictions for student misconduct on the bus. Contract provisions may include, but shall not be limited to, assigned seating, ongoing parental involvement, and suspension from riding the bus. If a student is suspended from one bus route, he or she may not ride another bus to and from school.

### **Student Behavior Expectations**

Outside the bus pupils shall: Be at the designated bus stop at scheduled time; Never stand or play in the roadway; Line up orderly and safely away from the traffic lane until the bus has completely stopped; Board the bus in a safe and orderly manner without pushing or shoving; Follow the bus driver's instruction carefully by proceeding safely and alertly when getting off the bus and/or crossing the roadway; Exit the bus at their assigned stop, unless prior written permission from the parents has been given to the school and subsequently to the driver; Go home promptly after leaving the bus at the end of the school day.

### **Public School Choice Options**

Under state law passed by the Georgia State Legislature in 2007, parents of students who receive special education may choose to transfer their child to another public school or private school in Georgia. A parent can request a transfer to another public school within their school system as long as there is available space at that school and the school has a program with the services agreed to in the student’s existing individualized education program. If the parent chooses this option, then the parent shall be responsible for transportation to the school. The parent may request a transfer to a school in another school system if there is available space and the system and school has a program with the services agreed to in the student’s existing individualized education program. If the parent chooses this option and the school system accepts the child, then the parent shall be responsible for transportation to a school in that system. The parent may also request a transfer to one of the state schools for the deaf and/or blind operated by the State Board of Education. Acceptance into a state school will depend if that setting is appropriate for the student’s needs. If the parent chooses this option, then the parent shall be responsible for transportation to the state school. Please contact the Georgia Department of Education for

more information about transferring to a State School.

### **Private School Choice Option**

If you are interested in transferring your child to a private school in Georgia, you may be able to take advantage of a Georgia Special Needs Scholarship. These scholarships provide funding that can be used to offset tuition costs at participating private schools in the state of Georgia. For more information on the Georgia Special Needs Scholarship and the parent application process, please visit the Georgia Department of Education's website at <http://public.doe.k12.ga.us/>.

### **Teacher Authority & Administrative Support**

Georgia Code provides that a teacher shall have the authority to remove from his or her class a student who repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn, where the student's behavior is in violation of the student's code of conduct, provided that the teacher has previously filed a report pursuant to Code Section 20-2-737 or determines that such behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher. Each school principal shall fully support the authority of every teacher in his or her school to remove a student from the classroom under this Code section. Each school principal shall implement the policies and procedures of the superintendent and local board of education relating to the authority of every teacher to remove a student from the classroom and shall disseminate such policies and procedures to faculty, staff, and parents or guardians of students. Removal from the classroom may mean for as little as one class period or up to permanent removal. It will be the goal and expectation that all parties involved will work to restore the student's regular placement in the classroom where the student demonstrates appropriate respect for the classroom teacher and the learning environment.

### **School Closing Procedure**

The primary consideration regarding whether to have school on bad weather days will be the safety of our children. Heavy rain, and on some occasions, snow and ice, cause some of our primary and secondary roads to become unsafe. If a threat to health and safety exists, school will be dismissed. Once the decision is made the local radio station will be used to communicate the decision. The superintendent will make a decision regarding school closing by 6:00 A.M. The decision will be communicated by WUFF 97.5 FM, or you may tune into Channel 13 WMAZ TV. Announcements may also be shared on social media. In addition, the emergency calling/messaging system will be utilized. Therefore, it is extremely important to report changes in telephone numbers to your child's school. The call system pulls numbers from our student information system.

### **Discrimination or Harassment**

The Board of Education prohibits discrimination or harassment and retaliation for reporting such acts against students on the basis of race, color, national origin, sex, religion or disability. Students/ parents are entitled to express concerns or dissatisfaction regarding discrimination because of race, color, national origin, sex, religion or disability. The purpose of this procedure is to describe a process that can be used to resolve such concerns or dissatisfaction. Students/parents may discuss matters informally with teachers, counselors and administrators at the school level. Special Education teachers and Special Education coordinator are also available to provide assistance to students and/or parents who feel that the school or school system has discriminated against students with disabilities. If matters in question in the above paragraphs cannot be resolved informally and the student/parent feels that a formal complaint should be made, then the student/parent should use the complaint process outlined in Policy JAA, which is available on the district's website.

### **Sexual Harassment**

Sexual harassment can take many forms and it is not possible to define or itemize every aspect of the harassment forbidden by the School District. Sexual harassment may include conduct or speech that entails unwelcome sexual advances, requests or demands for sexual favors, taunts, threats, comments of a vulgar or demeaning nature, or physical contact that creates a hostile environment. There may be other speech or conduct which students experience as inappropriate or illegal harassment, all of which is forbidden. Sexual harassment defined in the Federal Regulations implementing Title IX of the Education Amendments of 1972 is defined as follows:

1. An employee of the District conditioning the provision of a District aid, benefit, or service on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault"- an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation; or

- 6. "Sex-based Stalking" - engaging in a course of conduct directed at a specific person that would cause a reasonable person to-
  - a. fear for his or her safety or the safety of others; or
  - b. suffer substantial emotional distress.

Students, parents or other persons wishing to report alleged sexual harassment of a student should promptly notify the student's school principal, school counselor, or Title IX Coordinator. All reports or complaints regarding alleged sexual harassment of students will be handled in accordance with Board Policies JAA and/or JCAC, as applicable.

### **Drug Free Schools**

#### **Rationale**

The foremost priority of the Dodge County School System is to provide a safe and secure environment for all students with a deliberate consideration for the well-being and health of each individual. An appropriate learning climate must be established and maintained to ensure such an environment. Since alcohol and other drug use is illegal and interferes with both effective learning and the healthy development of children and adolescents, the school has a fundamental, legal, and ethical obligation to prohibit drug use and to maintain a drug-free educational environment.

1. The use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. A student shall not possess, sell, use, distribute, or be under the influence of any prohibited drug to include: alcohol, narcotics, depressants, stimulants, hallucinogens, amphetamines, barbiturates, or intoxicants of any kind. Use of a drug or medication authorized by a medical prescription from a licensed physician or available over the counter are still subject to disciplinary action according to board policy and procedures if the required procedures are not followed. All medications to be administered on campus must be stored in the original container in the nurse's office. These medications are to be disposed by and/or administered in the presence of the school nurse or his/her designee.

2. Disciplinary sanctions, up to and including expulsion and referral for prosecution, will be imposed if the standards of conduct are violated. The sanctions to be imposed for violations may include conferences, suspension or expulsion.
3. Information concerning drug and alcohol counseling, rehabilitation, and re-entry programs can be obtained from the school counselor or administrative staff.
4. Compliance with the standards of conduct is mandatory.

### **Student Participation in Surveys**

As a part of certain school/educational programs, students will participate in surveys periodically. If you prefer that your child NOT participate, please notify your child's principal in writing. Otherwise, consent is implied. A copy of all surveys are available for review upon request.

### **HOSPITAL HOMEBOUND (HHB)**

Hospital/Homebound (HHB) is an academic service designed to provide continuity between the classroom and home or hospital for students whose medical needs, either physical or psychiatric, do not allow them to attend school for a limited period of time (Georgia State Board of Education Rule 160-4-2-. 31 HHB services). HHB services are not intended to supplant regular school service and are by design temporary. Students approved to receive HHB services must meet the eligibility requirements approved by the Dodge County Board of Education. Dodge County School System does not allow students who receive HHB services to participate in extracurricular activities, including travelling or competitive sports teams. Additionally, hospital homebound students are not permitted to participate in work based learning. Students who are physically able to take the GMAS (Georgia Milestone Assessment) at school will be tested in small group settings or at an alternative time to accommodate any physical considerations. For those unable to come to school to test, the school will provide an instructor who is proctor-trained and who can administer the assessments.

Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system's central office. ### **Acceptable Use and Internet Safety Guidelines for the Computer Network of the Dodge County School District**

The Dodge County Schools Computer Network is established for the educational and professional use of Dodge County Schools' students, faculty, and staff ("Users"). This Technology and Acceptable Use Policy (the "Policy") is intended to govern Users with respect to Dodge County Schools Network and the Internet. Users are expected to conduct themselves on the Dodge County Schools Network in the same fashion as they do elsewhere in the community. Users who violate this Policy will have their Dodge County Schools Network privileges revoked and may be subject to further disciplinary action, including suspension or dismissal. Dodge County Schools may also report offenders to applicable law enforcement agencies.

The Dodge County Schools Network provides access to the global Internet. Dodge County Schools have taken available precautions to restrict access to controversial materials on the Internet. However, on a global network, it is impossible to control all materials. Dodge County Schools believe that the valuable information and interaction available on the Internet far outweighs the possibility that Users may find material that is not consistent with our educational goals.

The smooth operation of the Dodge County Schools Network relies upon the proper conduct of all Users. The signature on the Handbook Acknowledgement form is legally binding and indicates the parties who have signed have read the terms and conditions of this Policy carefully and understand their significance.

### **Dodge County Schools Network - Terms and Conditions (Acceptable Use and Illegal Actions)**

**Scope and Authority** – The Dodge County Schools Network includes all hardware, software, and network services used by the Dodge community. Parents give the school permission to use applications that are educationally beneficial to our students.

### **Privileges**

The use of the Dodge County Schools Network is a privilege, not a right. The use of an account must be consistent with the educational objectives of Dodge County Schools. The Technology Office and/or School Administration will deem what is inappropriate use and will refer any such conduct to Dodge County Schools Administration. Dodge County Schools, in its sole discretion, reserves the right to determine what conduct constitutes a violation of this Policy, and the discipline for any such violation. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to, material protected by copyright, threatening or obscene material, or material protected by trade practice. Use of the Dodge County Schools Network for commercial activities, product advertisement, or political lobbying is prohibited. Use of the Dodge County Schools Network and the Internet must be consistent with this Policy and all policies and practices of Dodge County Schools, and violations of this Policy and such other policies and practices may result in the suspension or loss of an account, loss of Internet access, or in other forms of disciplinary action.

### **No Expectation of Privacy**

Dodge County Schools routinely monitor usage of the Dodge County Schools Network and may review any communications on its systems. Dodge County Schools is able to override all passwords. Users do not have a privacy right in the contents of their computer system, including messages sent, received, or stored on the email systems or in their use of the Internet. Passwords to these systems exist for the benefit of Dodge County Schools. Users should have no expectation that the ability to choose a password for a system in any way limits the ability or right of Dodge County Schools to monitor all activity.

### **Security**

Security on any computer system is a high priority, especially when the system involves many Users. No User may have access to another's files on the Dodge County Schools Network. The following guidelines will help maintain Dodge County Schools Network security:

- If you feel you have identified a security problem on the Internet, you must notify the Director of Technology.

- Do not allow anyone else to use your account and do not use another individual's account.
- Inappropriate attempts to access a server as an administrator will result in immediate cancellation of User privileges and/ or discipline.
- Any User identified as a security risk or having a history of problems with other computer systems may be denied access to the Dodge County Schools Network.

### **Inappropriate Access**

Not all of the information freely available on the Internet is reliable or helpful. Students and employees must evaluate the source of the information, as well as the information itself, to determine its appropriateness and usefulness. In addition to providing information, the Internet is capable of providing the means to communicate directly with others via “instant or private messaging” programs, video conferencing programs, and other means. Also, there are many places and software technologies that will allow for the free exchange of files between computers over the Internet, such as email. Not all of these methodologies are appropriate for an educational environment as outlined in this document. Downloading or loading of software on Dodge County Schools’ computers is prohibited. There is an enormous quantity and variety of free software available on the Internet. However, widespread downloading of such software on the School’s computers has a cumulative negative effect, and can result in the substantial degradation of performance, additional maintenance time, and increased threat of virus infestation. All software purchases must be approved by the technology staff.

Students may not use school computers to access any Internet site or sites that contain information that is inappropriate for educational purposes or sites that teachers, staff or administration deem inappropriate for the instructional program. Examples of inappropriate information and/or content include, but is not limited to, the following:

#### **1. Students may not access, upload, download, transmit, display or distribute:**

- a. offensive material – content that is in poor taste or could be considered obscene; abusive or sexually explicit language, racist, illegal, harassing or inflammatory.
- b. distribute dangerous material – content that provides direction in the construction of explosives or similar devices or instruction or practices that could injure the students themselves or others.
- c. inappropriate contacts – materials that can lead to contact with strangers who could potentially threaten the student’s health or safety.
  - i. If a student is uncertain as to whether or not a site’s material might be considered inappropriate, the student should consult his or her teacher or a member of the administrative staff for clarification.

### **Privacy**

School staff and administrators have access to student email for monitoring purposes. Students should have no expectation of privacy on the Google Apps for Education system. Limited personal use - Students may use Google Apps for Education tools for personal projects but may not use them for:

1. Unlawful activities.
2. Inappropriate sexual or other offensive content.
3. Threatening another person.
4. Misrepresentation of Dodge County Schools, staff or students.

### **Safety**

Students will tell their teacher or other school employee about any message they receive that is inappropriate or makes them feel uncomfortable. Students are responsible for the use of their individual accounts and should take all reasonable precautions to prevent others from being able to use their accounts. Under no conditions should a user provide his or her password to another person.

### **Access Restriction - Due Process**

Due to the rapidly changing technology environment, Dodge County Schools reserve the right to determine if an action not listed in this document is inappropriate, and the student may be subject to discipline.

### **Hardware**

Student Chromebooks/Devices are managed in order to allow for student use of systems only for educational purposes. Under no circumstances is a student to attempt to modify the existing hardware configuration. Modification can be considered either opening the case or changing hardware or software settings. Students are responsible for any damage on their computers. Dodge County Schools Information Technology offers a Guest Network for connection purposes.

### **Contact**

Each student and employee is responsible for all activity that occurs under his/her user account. Students and employees may not place information on the Internet that is inappropriate or unacceptable.

Students may not give out any personal information (e.g., address, phone number, user name, passwords, etc.) about themselves or about other people. Students may not use school computers for commercial purposes or political lobbying.

### **Improper Use and Content**

Users may not use the Dodge County Schools Network for purposes of harassment, intimidation or bullying of others.

Bullying is the repeated use of a written, verbal or electronic expression, physical act or gesture, or any combination thereof, directed at another student that:

1. causes physical or emotional harm to the student or damage to the student's property;
2. places the student in reasonable fear of physical injury or of damage to property;
3. creates a hostile environment at school for the student;
4. infringes on the rights of the student at school; or,
5. materially and substantially disrupts the education process or the orderly operation of a school.
6. A hostile environment is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of the student's education.

Cyber-bullying involves an act of bullying through the use of technology or any electronic communication, including but not limited to electronic mail, internet communications, or instant messages. Cyber-bullying also includes the creation of a web page or blog in which the creator assumes the identity of another person; or, the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions described in the definition of bullying. Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions described in the definition of bullying.

Dodge County Schools shall, in its sole discretion, determine whether such conduct violates this policy and any other policies of Dodge County Schools. Users must remember that material distributed through the Internet is public. On the Internet, there is no central authority, so each site is responsible for its own Users. Complaints received from other sites regarding any of our Users will be fully investigated, and disciplinary action may be taken as a result.

### **Social Networking Sites**

While Dodge County Schools respects the right of employees, students and families to use social media and networking sites, as well as personal websites and blogs, it is important that any such personal use of these sites does not damage Dodge County Schools' reputation, its employees, or its students or their families. Student use of social networking sites is prohibited on Dodge distributed technology devices. All users should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public, even without their knowledge or consent.

Dodge County Schools strongly encourages all employees, students and families to carefully review the privacy settings on any social media and networking sites they use (such as Facebook, Instagram, Twitter, Flickr, LinkedIn, etc.), and exercise care and good judgment when posting content and information on such sites. If an employee has a community that extends to persons who are parents, alums, or other members of the Dodge County Schools community, she/he must exercise good judgment about any content that is shared on the site.

Additionally, employees, students and families should adhere to the following guidelines, which are consistent with Dodge County Schools' community standards on harassment, student relationships, conduct, professional communication, and confidentiality:

- Users should not make statements that would violate any of Dodge County Schools' policies, including its policies concerning discrimination or harassment;
- Users must uphold Dodge County Schools' value of respect for the individual and avoid making defamatory or disparaging statements about the school, its employees, its students, or their families;
- Users may not disclose any confidential information of Dodge County Schools or confidential information obtained during the course of his/her employment, about any individuals or organizations, including students and/or their families.

Dodge County Schools has a strong interest in promoting a safe and supportive learning environment, as well as maintaining a positive reputation in the community. If the school believes that an employee's activity on a social networking site, blog, or personal website may violate the school's policies or otherwise may have a detrimental impact on the learning environment, the school may request that the employee or student cease such activity. Depending on the severity of the incident, the employee or student may be subject to disciplinary action. Dodge County Schools reserves the right to impose discipline, up to dismissal or termination, for any behavior on or off campus that Dodge determines may impair or negatively impact the reputation of the school.

### **Theft and Vandalism**

Users must acknowledge the use of the intellectual property of others. Users must treat information found electronically in the same way as information found in printed sources. Rules against plagiarism will be enforced. It is the responsibility of each User to comply with the terms and condition for the acquisition and use of software found on the Internet. Dodge County Schools will not allow the copying or storing of illegally acquired software. In this case, vandalism refers to deliberate attempts to damage the hardware, software, or information residing on Dodge County Schools Network or any other computer system attached through the Internet. Attempts to violate the integrity of private accounts, files or programs; the deliberate infecting of a computer with a "virus," attempts at "hacking" computers using any method, or other such actions shall be a violation of this Policy.

Dodge County Schools denies any responsibility for the accuracy or quality of information obtained through this service. All terms and conditions as stated in this Policy are applicable to the use of computer resources at Dodge County Schools, in addition to internet use.

## **Preservation of Resources**

All resources are limited; computer resources are not an exception. Because space on disk drives and bandwidth across the lines, which connect Dodge County Schools Network both internally and externally, are limited, neither programs nor information may be stored on the system without the permission of the system administrator. Users are not to load software on any school computer. Each User is permitted reasonable space to store e-mail, Web, and personal files, as mandated by system file quotas. Dodge County Schools reserves the right to require the purging of files in order to regain disk space without warning. Users whose need for the resource is more pressing will have priority of space.

By signing this electronic technology and Internet contract, both student, parent/guardian and staff are stating that they have read the rules for acceptable uses of electronic technology, acceptable on-line behavior, understand the rules, and agree to comply with all of the above stated rules at Dodge County Schools. ### **Compulsory Student Attendance**

Georgia Code Section 20-2-690.1 establishes consequences for parents and students who fail to comply with compulsory school attendance. The law establishes that: “Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who shall violate this Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine not less than \$25 and not greater than \$100, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day’s absence from school in violation of this part after the child’s school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense.” Furthermore, it is recognized that students who miss more days from school typically do not perform as well in their academic achievement. For both educational purposes as well as for compliance with state law, parents or guardians are strongly encouraged to insure that students arrive at school on time, remain at school all day, and attend school unless extreme and justified circumstances merit their absence. The Dodge County School System’s Attendance Protocol establishes penalties and procedures for enforcing excessive tardiness, early releases, and absences. Violation with the court sanctioned attendance protocol may result in referrals to the Department of Family & Children Services, Department of Juvenile Justice, and/or the Superior Court. Help us support student achievement by supporting student attendance.

### **Student Organizations, Clubs, and Co-Curricular Organizations**

Each school offers unique opportunities for student involvement. These organizations are comprised of students who wish to organize and meet for common goals, objectives, or purposes and which are directly under the sponsorship, direction, and control of the school. The specific opportunities offered at each school are included in the school’s student handbook. Any parent or legal guardian can decline permission for his or her student to participate in a club or organization by signing the form provided and returning it to your child’s respective school.

### **Chromebook Agreement (English/Spanish)**

The Chromebook device and accessory issued to students are, and will remain, the property of Dodge County Schools. No outside devices will be allowed to be brought into the school and used on campus in order to reduce security threats and damages. Chromebook will be used in school for academic and DCSS purposes. When a student uses a DCSS device, the device is on loan to the students and must be used in accordance with the guidelines outlined in the student. Any Chromebook that is found to have any damage needs to be reported as soon as discovered. All damage incidents will be investigated by an administrator. If the device is damaged, lost or stolen, and a student is found to be responsible, the parent(s) are responsible for the cost of repair or the fair market value at the time loss.

Reward System: Dodge County Primary School will have quarterly rewards, incentives, or special activities for students who exhibit expected behaviors. Braves Bucks will be used at the events for rewards. The number of minor and major incidents will determine the number of Brave Bucks each student will receive. Points will be “cashed” in by students on Mondays in homeroom and students will be given points for positive behavior at teacher discretion.

*Sistema de Recompensas: DCPS tendrá recompensas, incentivos o actividades especiales trimestrales para los estudiantes que exhiban comportamientos esperados.
