## **505-6-.01 THE CODE OF ETHICS FOR EDUCATORS**

### **(1) Introduction.**

The Code of Ethics for Educators defines the professional behavior of educators in Georgia and serves as a guide to ethical conduct. The Georgia Professional Standards Commission has adopted standards that represent the conduct generally accepted by the education profession. The code defines unethical conduct justifying disciplinary sanction and provides guidance for protecting the health, safety and general welfare of students and educators, and assuring the citizens of Georgia a degree of accountability within the education profession.

### **(2) Definitions**

- (a) "Breach of contract" occurs when an educator fails to honor a signed contract for employment with a school/school system by resigning in a manner that does not meet the guidelines established by the Georgia Professional Standards Commission.
- (b) "Certificate" refers to any teaching, service, or leadership certificate, license, or permit issued by authority of the Professional Standards Commission.
- (c) "Child endangerment" occurs when an educator disregards a substantial and/or unjustifiable risk of bodily harm to the student.
- (d) "Educator" is a teacher, school or school system administrator, or other education personnel who holds a certificate issued by the Professional Standards Commission and persons who have applied for but have not yet received a certificate. For the purposes of the Code of Ethics for Educators, "educator" also refers to paraprofessionals, aides, and substitute teachers.
- (e) "Student" is any individual enrolled in the state's public or private schools from preschool through grade 12 or any individual under the age of 18. For the purposes of the Code of Ethics for Educators, the enrollment period for a graduating student ends on August 31 of the school year of graduation.
- (f) "Complaint" is any written and signed statement from a local board, the state board, or one or more individual residents of this state filed with the Professional Standards Commission alleging that an educator has

breached one or more of the standards in the Code of Ethics for Educators. A “complaint” will be deemed a request to investigate.

(g) “Revocation” is the invalidation of any certificate held by the educator.

(l) “Monitoring” is the quarterly appraisal of the educator’s conduct by the Professional Standards Commission through contact with the educator and his or her employer. As a condition of monitoring, an educator may be required to submit a criminal background check (GCIC). The Commission specifies the length of the monitoring period.

(m) “No Probable Cause” is a determination by the Professional Standards Commission that, after a preliminary investigation, either no further action need be taken or no cause exists to recommend disciplinary action.

#### **CERTIFIED PROFESSIONAL PERSONNEL CRIMINAL RECORD CHECK**

It is the policy of the Dodge County Board of Education to comply with O.C.G.A. 20-2-211, as amended by the 1994 General Assembly by Senate Bill 526, and the implementing regulations as promulgated by the State Board of Education.

Every person who is employed by the Dodge County Board of Education for the first time to fill a certificated position with this school district shall be fingerprinted and have a criminal record check prior to the issuance of a standard school year contract of employment. The method of obtaining fingerprints and of submission to the Georgia Crime Information Center and National Crime Information Center shall be as prescribed by O.C.G.A. 20-2-211, as amended, and by the State Board of Education's policies, rules, and regulations. The school district will pay all costs associated with the background check.

Each person employed for the first time to fill a certificated position with the school district shall be issued a temporary contract valid for 200 calendar days, pending the results of the criminal records check. If the criminal record check reflects that the employee has not been arrested, charged, pleaded guilty or no contest, or been convicted of any criminal offense other than a minor traffic violation, the superintendent shall have the authority without further authorization from the board to sign on behalf of the board a standard employment contract with the employee for the balance of that school year based on the terms and conditions of employment and the assignment of the employee as previously approved by the board.

In the event the criminal record check reflects the employee has been charged with, pleaded to or been convicted of an offense other than a minor traffic violation, the superintendent shall bring the matter to the Board of Education at its next meeting or sooner, if warranted, for a decision. If the superintendent elects, the employee may continue in the employment of the school district pending final board decision.

A 210-day contract work year begins approximately August 1 and ends approximately June 30 of the succeeding year. The first pay period will be at the end of August and the last pay period will be at the end of July of the succeeding year.

A 190-day contract work year (typical teacher contract) begins with the first day of pre-planning for teachers and ends 190 work days later. The length of the teacher work year is subject to change based on receipt of funds from the state. The first pay period is at the end of September and the last pay period is at the end of August of the succeeding year. Employees moving from one contract type to another will experience either the receipt of an additional check(s) (as moving from a 190 day to a 210-day contract) or a month when no check will be received (as moving from a 210 day to a 190 day contract). Employees are advised to plan appropriately when these changes occur, especially the latter type change.

Contracts may be issued for 190, 200, 210, 220, or 230 workdays or for twelve months (240, 250 day) dependent upon the assignment.

### **CONTRACT PAY STEP**

All Dodge County Board of Education teacher contracts reflect the current pay step as shown on the state salary schedule. Experience is often used to determine the correct placement on the current schedule. Actual years of experience may or may not correspond with placement on the salary schedule. Teacher evaluation is an on-going process designed to improve the quality of instruction and to judge the effectiveness of employee performance and of the school system accomplishments. Supervisors are responsible for observing and assessing the performance of staff members and assisting them in improving their professional competencies as may be identified. Local policy mandates that all Board of Education employees will be evaluated annually on appropriate criteria. Please see the school principal when questions exist.

### **MENTOR TEACHER**

Each new teacher will be assigned a veteran teacher to serve as his or her mentor. The mentor will work with the beginning teacher a minimum of 1-3 years. A separate Induction Teacher Manual is used to guide the mentorship process.

Once the training is complete, a CENTEGIX Crisis Alert Badge will be issued. This electronic badge will allow the employee to activate an alert for administrator assistance or to initiate a lockdown of the school. The badges are school safety equipment and are to be returned when the employee is no longer employed by the system.

## **CHILD ABUSE/NEGLECT**

The State of Georgia requires by law that any principal, teacher, counselor, or other school administrator report all cases of suspected child abuse of children under eighteen years of age. The law requires the reporting of injuries or neglect of minors, provides immunity for those reporting in good faith, and provides a penalty for violation of the law.

Child abuse involves any child under eighteen years of age who is believed to have had physical injury or injuries inflicted upon him other than by accidental means, by a parent or caretaker, or has been neglected or exploited by a parent or caretaker, or has been sexually assaulted. Neglect of child may include lack of food, clothing, shelter, or sleeping arrangements; exposure to amoral or asocial circumstances; failure to attend school properly due to parental neglect or disinterest; failure to provide adequate supervision; failure to receive proper and necessary medical care; and suffering from emotional deprivation or inhumane treatment.

The following procedures should be followed for reporting child abuse:

1. Staff reports suspected case to principal.
2. Principal reports case to the School Social Worker (SSW).
3. The SSW will make contact with the child for verification and report findings to the Department of Family and Children Services (DFACS).
4. In the event that the SSW can't be reached, the principal will make a report to DFACS.
5. The Social Worker Referral Form should follow immediately to document all referrals.

## **COMMUNICABLE DISEASES**

### **Pediculosis (Head Lice)**

The Dodge County Board of Education acknowledges that pediculosis is a health problem which, if not properly controlled, can reach epidemic proportions and create an unsanitary and unhealthy environment. In order to prevent epidemics of pediculosis and insure the health of Dodge County students, the following actions should be taken when pediculosis is present.

1. Upon the discovery of pediculosis in any of its forms (head lice, head lice eggs, or head lice cases), promptly notify the parents or guardian of the student. The Dodge County Health Department should also be informed of the infestation, including the name of the student, the student's parents and/or guardian, address and telephone number, and any other information relevant to the infestation.
2. Upon the discovery of infestation with pediculosis a student is immediately prohibited from participation in all school activities including classroom attendance. So long as he is infested, the student will continue to be excluded from classes and school activities. Homebound instruction for the student will be permitted if the requirements for participation in the homebound program are met.
3. An infested student may be readmitted to the Dodge County schools upon the written certification of the Dodge County Health Department, school health nurse, or a physician licensed to practice medicine in the State of Georgia that the student has been properly treated for pediculosis, that the student is free from pediculosis, that the family has been properly counseled in the control of pediculosis, and that the student is no longer a health hazard to himself or others.

It is expected that employees under contract with the Dodge County Board of Education will be present and will fulfill their contractual obligations for the number of days called for in the contract of employment. The only excused absences are those outlined in the policies in the Dodge County Board of Education or those specifically approved by the Board of Education on an individual basis. Absences for reasons other than set forth herein shall constitute a breach of contract of employment, and the contract, at the discretion of the Board, may be terminated. It is the teacher's responsibility to advise administration if there will be an absence of any type or length, and appropriate documentation must be submitted

according to procedures and policies. Staff at DCAC/PLC and DCHS are required to obtain a substitute when absent and inform the administration of the substitute when completing leave forms.

All employees are required to follow the work calendar established by the Board of Education and may take leave from work only in accordance with this policy or other leave policies enacted by the Board of Education. Unless otherwise provided by the Board of Education, principals and other supervisors are not authorized to rearrange the work calendars of employees.

### **Accrual of Sick Leave and Absence for Medical and Related Reasons**

Each employee of the Board of Education shall be entitled to sick leave, with full pay, computed on the basis of one and one-fourth working days for each completed school month of service, cumulative up to 45 days. Sick leave may be taken for absence due to illness, injury, or other temporary disability, or necessitated by exposure to contagious disease in which the health of others would be endangered by his/her attendance, or for illness or death in the employee's immediate family. Employees transferring from one Georgia school system to another shall be credited with any unused sick leave accumulated by such employee up to 45 days accumulation as mandated by law. For absences above those entitled by this policy, an amount equal to one day's salary for each day's absence shall be deducted.

Absences resulting from the following causes shall be chargeable to sick leave:

1. Personal illness or critical illness in the immediate family.
2. Death in the immediate family.
  - a. Members of immediate family shall be confined to father, mother, grandfather, grandmother, husband or wife, son, daughter, brother, sister, mother-in-law, father-in-law, sister-in-law, brother-in-law, daughter-in-law, son-in-law, or relatives living in the home of the employee.
  - b. The number of days allowed for death in the family shall be three (3).

### **Short Term**

Short term sick leave shall be defined as absence for ten (10) working days or less. The Board may from time to time require permission to be given by the principal before short term sick leave is taken, and/or a doctor's certificate of the teacher's inability to be present.

### **Long Term**

Long term sick leave shall be defined as absence for eleven (11) working days or longer. Employees granted leave for longer than the actual period of their disability are not covered under this policy.

Long term sick leave shall be granted employees in accordance with the following guidelines:

1. **Notice – Physician Statement.** The employee shall notify the Superintendent of his/her intention to take such leave as soon as practical. The notice shall be accompanied by a doctor's statement of anticipated date and length of physical disability.
2. **Determination of Commencement of Leave.** The long term sick leave shall begin at the time to be determined by the employee, the physician and the Superintendent. The employee anticipating physical disability may continue in active employment as long as he/she is able to properly perform the required functions of his/her job. In case of dispute, final determination of his/her ability to so perform shall be made by the Board of Education

after a hearing in which the teacher and the Superintendent or other representatives of the local system shall be heard. The Superintendent or Board may require that the employee submit to an examination by a physician selected and paid by the Board, and a refusal by the employee to submit to such an examination shall be grounds for terminating the contract or other employment of such employee.

If the Superintendent determines that the status of an employee's ability to perform properly the required functions of his/her job may change within a short period of time, the Superintendent may require that the employee present a physician's statement on a weekly basis.

3. **Sick Leave Benefits.** The employee shall be entitled to utilize all of his/her accumulated sick leave for long term absences due to illness, injury, or other temporary disability, or other causes described previously.
4. **Duration – Return to Work.** An employee who has been granted long term sick leave shall be entitled to return to active employment upon presentation of a physician's statement certifying that he/she is able to perform the required functions of the job. If the Superintendent and Board concur with such statement, the employee shall return to work in accordance therewith, to be assigned to a substantially equivalent position to be approved by the Superintendent.

In case of dispute, final determination of his/her ability to so return shall be made by the Board of Education after a hearing in which the teacher and the Superintendent or other representatives of the local system shall be heard. The Superintendent or Board may require that the employee submit to an examination by a physician selected and paid by the Board and a refusal of the employee to submit shall be grounds for termination, or not issuing a new contract if the employee wishes to return at the beginning of the new school year.

In any instance, an employee's return to active employment may be delayed until the beginning of a quarter or semester.

5. **School System's Responsibility to Employee.** Each employee wishing to apply for long-term sick leave shall be given a copy of this policy. Each grant or long-term sick leave shall specify the beginning and ending of such leave (e.g., from beginning to end of physical disability; from beginning of physical disability to the first quarter semester beginning after the end of the employee's physical disability; from that date to the end of the school year, etc.). An employee who does not request his/her return to work in accordance with the provisions of #4 above when his/her grant of long-term sick leave says he/she will return to work without receiving a change in his/her long-term status from the Superintendent shall forfeit all further rights under this policy. Nothing in this policy shall be construed to confer on an employee any rights to continued employment which they do not have under (1.) the Fair Dismissal Law of Georgia, or (2) the Constitution of the United States.

2. Two weeks' notice is given to provide adequate lead time to secure substitute teachers and lesson plans from the teacher requesting personal leave.
3. Leave shall not be taken preceding or following a school holiday or vacation period.

In emergency situations, the two-week notice may be waived. The days used for personal leave will be deducted from the number of days that can be accumulated from sick leave. Personal leave days are not cumulative from year to year.

### **Professional Leave**

Leave for personnel to attend professional conferences shall be requested at least one week prior to the date of the leave. Professional leave may be granted for attendance at meetings of professional organizations in-state; however, travel and expenses will not be reimbursed, unless approved by the Dodge County Board of Education. Employees incurring expenses for staff development and/or professional conferences for which prior approval has been granted will be reimbursed by the Dodge County Board of Education. If the professional leave is not required, and the staff member has used all sick and personal days, he or she will not be approved to attend.

### **Observance of Religious Holidays**

Employees may use personal leave for the observance of recognized religious holidays. If an employee desires to take leave for the observance of recognized religious holidays in excess of the days allowed for personal leave, the employee may take unpaid leave for such purposes provided that such leave is not excessive and does not interfere with fulfilling the obligations of his or her job.

### **Jury and Witness Leave**

Each person employed by the Board shall be allowed leave with pay for the purposes of serving as a juror in any court or when attending a judicial proceeding in response to a subpoena or other court order or process that requires the employee's attendance at the judicial proceeding. Jury and/or witness leave shall not be deducted from an individual's accumulated personal, professional, or sick leave. No employee utilizing jury and witness leave shall be required to pay

## PERSONNEL CONDUCT AND DRESS CODE

There is abundant research to show that personal appearance has a significant effect upon other people. School system personnel are professionals. The dress, grooming, and mannerisms of school system staff members have an impact upon the way students and parents respond to our leadership. Staff members are expected to dress in a **professional manner at all times.** **Without fail, all staff should know the student dress code and go above and beyond to meet the expectations of the student dress code.**

Teacher dress and personal appearance while attending the schools of Dodge County, and while representing the schools in connected activities, should be such as to reflect dignity and pride in the schools. Dodge County School System employees are expected to dress in an appropriate and professional manner as dictated by job duties and responsibilities. The building level administrator has the authority to make exceptions on “special days.”

The following are considered inappropriate professional dress and are unacceptable:

- Sweat suits and wind pants
- Any oversized or tight fitting clothing
- Low-cut tops, bare and midriff outfits
- Any see-through garments
- Bedroom slippers, house shoes, or flip flops (No rubber slipper type sandals/flip flops) – Shoes should be appropriate for safe participation in all job related activities.
- Body piercing (eyebrows, nose, lip, tongue, etc.) is not permitted. No other visible body piercings are allowed. No employee is allowed to wear gauges. No earrings for males.
- Dresses, skirts, and shorts must be ***no higher than one inch above the knee and must look professional.*** Leggings, jeggings, tights, yoga pants, or spandex pants may be worn only under appropriate length (no higher than one inch above the knee) dress, skirt, shirt, etc. No baggy, sagging, ragged pants, or pants with holes may be worn.
- PE instructors may wear wind pants and coaching shorts of an appropriate length only in the gym and on the field.
- More casual dress may be worn during pre-planning, post planning, and on teacher work days, but must be an appropriate length and fit the dress code. (No mini-skirts or short-shorts, etc.)

Each principal or supervisor is responsible for maintaining an acceptable standard for employees under his/her supervision. The first time a staff member is dressed inappropriately, he/she will be sent home to change to appropriate clothing, will receive a warning, and the incident will be documented. The second time a staff member is dressed inappropriately, he/she will be sent home to change to appropriate clothing, the incident will be documented, and his/her personal leave will be docked for the time away from school related duties. Schools’ maintenance, janitorial, cafeteria, and custodian employees are required to wear nonskid closed-toe shoes.

## CENTEGIX

Parents, teachers, staff, superintendents and law enforcement all recognize school emergency preparedness as one of today’s most pressing educational issues. Medical emergencies, student altercations, unauthorized visitors, suspicious activity and similar situations occur daily in school systems. In critical moments, simplicity and speed are crucial to effective response.

Teachers and administrators must be empowered to direct help to where it is needed — easily and quickly — because in a crisis, every second matters. Every staff member receives a smart CrisisAlert badge, which has only one function: to empower the wearer to quickly and discreetly activate an alert. The badge vibrates to confirm receipt of the alert. The moment an alert is triggered, CrisisAlert immediately provides clear and critical information to all impacted personnel.

## PROFESSIONAL LEARNING

Professional learning activities are prioritized by the Dodge County Curriculum Department, Federal Programs Director, and Special Education Director. Each school also schedules specific Professional learning depending on specific needs. At the end of the academic year, a survey will be given to all staff to identify areas that Professional Learning would be beneficial. The district will schedule PL opportunities for those identified areas, as well as school-site scheduling.

Each school's School Improvement Plan, as well as the System’s Strategic Plan, provides priorities for the school/system program of Professional Learning. The needs of all staff are identified and assessed through the system’s needs assessment administered in the spring or through the teacher and leader evaluation systems (TKES/LKES). Data is analyzed to identify the system level and school level strengths and weaknesses.

Training that is common to all schools or centered on a common topic is coordinated at the system level. Training in instructional technology, data analysis, SLDS, CPR, and special education services are examples of some of this type of training. Coordination of training opportunities such as these listed provides a consistent approach as well as meeting the unique needs of individual schools.

Professional learning activities are dependent upon state and federal funding. Additional funds for Professional Learning are requested through the local school system and federal programs. Title II A funds are used for improving teacher quality to provide training to ensure teachers and paraprofessionals are "highly qualified". Local funds, Title I funds, Special Education funds, and Program Improvement funds are also used to fully implement the comprehensive system program for continued Professional Learning.

## **PROFESSIONAL LEARNING PROCEDURES**

A needs assessment which focuses on the system/school goals is given to all schools in the spring of the year. Several schools may also administer their own survey with teachers. The results of the assessment are tabulated and presented to the system level leadership team. From these results, system initiatives and school initiatives are planned. The schools submit prioritized yearly professional learning plans to the system-level professional learning coordinator and from these an activity list is developed and maintained.

Professional Learning funds shall be used for activities that enhance the skills and knowledge of all school system personnel, school board members and school council members, which are directly related to improving student achievement. Every decision concerning professional learning will be made with improving student achievement as the goal. Title IIa funds are available to classroom teachers and school level administrators.

Professional learning funds shall only be expended for one or more of the following items.

1. Additional compensation for teachers to serve as mentor teachers.
2. Teachers and school level administrators to participate in professional learning activities, i.e. substitute teacher salaries and employee benefits.
3. Travel for professional learning purposes. (for teachers and school-level admin)
4. Professional and technical service fees and expenses for instructors and consultants.
5. Training materials and supplies.
6. Developing and implementing initiatives to assist in recruiting, hiring, and retaining effective teachers
7. Reimbursement for expenditures of persons who successfully complete approved conferences, workshops/courses, GACE testing, etc.

## **PROFESSIONAL TRAVEL PROCEDURES**

Dodge County Schools use the State of Georgia Travel Policy as a guide on rates and allowable expenses. It is the employee's responsibility to be knowledgeable of the travel regulations and procedures so that information may be submitted accurately.

1. Participants complete the professional leave form at least 10 days before the training that is requested.
2. The form is submitted to the school administrator and district professional learning coordinator on line where final approval is granted.
3. If the request is made by a staff member with no personal or sick days available, the professional learning request will be denied.
4. Requisition forms will be completed if there is a fee to be paid. The purchasing clerk will begin the registration process with a purchase order.
5. Expenses will be reimbursed according to Dodge County Procedures, using the Statewide Travel Regulations as a guide.
6. Dodge County certified staff will be encouraged to serve as instructors and consultants as often as possible. The train the trainer method is utilized whenever possible.
7. All professional learning will require redelivery to department, grade level, and/or school. Documentation must be submitted to the office of curriculum and professional learning.

### **Inappropriate Access**

Not all of the information freely available on the Internet is reliable or helpful. Students and employees must evaluate the source of the information, as well as the information itself, to determine its appropriateness and usefulness.

In addition to providing information, the Internet is capable of providing the means to communicate directly with others via "instant or private messaging" programs, video conferencing programs, and other means. Also, there are many places and software technologies that will allow for the free exchange of files between computers over the Internet, such as email. Not all of these methodologies are appropriate for an educational environment as outlined in this document.

Downloading or loading of software on Dodge County Schools' computers is prohibited. There is an enormous quantity and variety of free software available on the Internet. However, widespread downloading of such software on the School's computers has a cumulative negative effect, and can result in the substantial degradation of performance, additional maintenance time, and increased threat of virus infestation. All software purchases must be approved by the technology staff.

Students may not use school computers to access any Internet site or sites that contain information that is inappropriate for educational purposes or sites that teachers, staff or administration deem inappropriate for the instructional program. Examples of inappropriate information and/or content include, but is not limited to, the following:

3. inappropriate contacts – materials that can lead to contact with strangers who could potentially threaten the student's health or safety.

If a student is uncertain as to whether or not a site's material might be considered inappropriate, the student should consult his or her teacher or a member of the administrative staff for clarification.

### **Privacy**

School staff and administrators have access to student email for monitoring purposes. Students should have no expectation of privacy on the Google Apps for Education system.

Limited personal use - Students may use Google Apps for Education tools for personal projects but may not use them for:

- Unlawful activities.
- Inappropriate sexual or other offensive content.

### **Hardware**

Student Chromebooks/Devices are managed in order to allow for student use of systems only for educational purposes. Under no circumstances is a student to attempt to modify the existing hardware configuration. Modification can be considered either opening the case or changing hardware or software settings. Students are responsible for any damage on their computers. Dodge County Schools Information Technology offers a Guest Network for connection purposes.

### **Contact**

Each student and employee is responsible for all activity that occurs under his/her user account. Students and employees may not place information on the Internet that is inappropriate or unacceptable.

Depending on the severity of the incident, the employee or student may be subject to disciplinary action. ## **REPORTING SUSPICION OF FRAUDULENT ACTIVITIES**

To ensure the reporting of suspicion of fraudulent activity the Dodge County Board of Education ensure employees, clients, and providers confidential channels to report suspicious activities. *Fraud* is defined as a false representation of a matter of fact, whether by words or by conduct, or by concealment of that which should have been disclosed, that is used for the purpose of misappropriating property and/or monetary funds from federal grants.

Dodge County Board of Education thoroughly and expeditiously investigates any reported cases of suspected fraud to determine if disciplinary, financial recovery, and/or criminal action should be taken. All reports of suspect fraud must be handled under the strictest confidentiality. Only those directly involved in the investigation should be given information. Informants may remain anonymous but should be encouraged to cooperate with the investigators and should provide as much detail and evidence of alleged fraudulent act as possible.

Procedures and Responsibilities for reporting suspected fraudulent activity are:

1. Anyone suspecting fraud concerning federal programs should report their concerns to Dodge County Superintendent at (478) 374-3783.
2. Any employee with the Dodge County Board of Education (temporary staff, full-time staff and contractors) who receives a report of suspected fraudulent activity must report this information within the next business day. You are to contact Internal Investigations by contacting Superintendent at (478) 374-3783. Employees have the responsibility to report suspected fraud. All reports can be made in confidence.
3. The Dodge County Board of Education shall conduct investigations of employees, providers, contractors, or vendors.
4. If necessary, you will be contacted for additional information.
5. Periodic communication through meetings should emphasize the responsibilities and channels to report suspected fraud.

## **MINUTE OF REFLECTION**

In compliance with the Georgia Law, at the opening of school on every school day in each public school classroom, the teacher in charge shall conduct a brief period of quiet reflection for not more than 60 seconds with the participation of all pupils. This moment of quiet reflection is not intended to be a religious service or exercise but shall be considered as an opportunity for a moment of silent reflection on the anticipated activities of the day.

Teachers and administrators shall not suggest or imply that students should or should not use the moment of reflection for prayer, nor shall they deny to any student the right to use it for a moment of quiet prayer. Students and/or staff may not under any circumstances use the moment of quiet reflection to audibly pray, singly or in unison.

## **ATTENDANCE AND RECORDS**

Daily reports of attendance are required. Teachers are expected to keep accurate records in the following areas:

1. Teacher personal record book
2. Attendance records
3. Textbook records
4. Permanent Records
5. F.T.E. accounting
6. Others as assigned by the school principal.

## **HANDLING OF STUDENT OR SCHOOL FUNDS**

Every teacher, from time to time, will have in his or her possession funds belonging to the children or school. These funds may be for the lunchroom, field trips, or consumable supplies. Teachers should not leave such money in a desk drawer or in any place where theft or loss may occur.

These funds are the teacher's responsibility. For the teacher's protection, as well as good business practice, it is important that receipts be given for money collected. There is a state law requiring principals to keep detailed records of

all monies collected and spent in the schools. Teachers are required to deliver to the principal all funds collected by them; a receipt will be given. All payment of bills will be made through the principal's office.

### **REPORTING TO PARENTS**

Report cards for all students are sent home each nine weeks. The school should make every effort to keep parents and guardians informed about their children's progress in scholarship, attitudes, and behavior. Grades of students should never be discussed with or made available to anyone other than the student and the student's parents or guardians. Posting grades or allowing a student to see the teacher's grade book is not an approved policy of the Board of Education. Each teacher is responsible for the grading of all students' work and the recording of grades appropriately.

### **STUDENT DISCIPLINE/CORPORAL PUNISHMENT**

Students and parents expect every teacher to administer firm, impartial, and courteous discipline. Redirection is needed for students who violate expectations. Corporal punishment may be administered after exhausting all other means, but only by the principal or his/her designee. It should never be resorted to except in cases of direct disobedience or other gross misconduct. For additional information regarding corporal punishment, see Dodge County Local Board Policy Manual, JDA. Always be knowledgeable of your school's discipline policy.

### **STUDENT BEHAVIOR**

When a teacher identifies a student as a chronic disciplinary problem student, the principal shall notify the parents and invite them to observe the student in a classroom situation. At least one parent shall be invited to a conference to devise a disciplinary and behavioral intervention plan (BIP). Parents must be invited to a conference to devise a behavioral plan before students suspended or expelled return to school. Failure of the parent to attend such conference does not preclude the student from being readmitted.

### **OFF-CAMPUS CONDUCT**

The Board has a responsibility to provide protection for students and employees and to provide and maintain a safe and orderly environment for education to take place. Therefore, it is the duty of the Board of Education to make necessary rules and policies to regulate student conduct for the purpose of maintaining good order and discipline in the schools. Administrators are authorized to take disciplinary action for conduct which occurs:

- (1) on the school grounds at any time;
- (2) off the school grounds at a school activity, function or event; or
- (3) en route to and from school or a school activity.

Authority to take disciplinary action also extends to any off-campus non-school related actions by students, at any time of the year, which have a direct and immediate impact on school discipline, the educational function of the school, or the welfare of the student and staff. A student who has committed a criminal act while off campus is subject to disciplinary action and may be excluded from school. Such act could include, but would not be limited to, a felony or an offense which would be considered to be a felony if the student were an adult, or an assault upon another student, a violation of the drug laws or sexual misconduct of a serious nature. Such student whose presence on school property may endanger the welfare and/or safety of other students or staff, or whose presence may cause substantial disruption at school, would also be subject to other appropriate disciplinary action including but not limited to in-school suspension, and assignment to an alternative educational program or site may be made.

School officials shall contact the proper authorities to verify any and all allegations that a student has been arrested or charged. The Superintendent and staff shall cooperate with the probation office or courts in order to allow for that office to conduct a proper investigation. If the matter involves a juvenile, the Superintendent and staff shall cooperate with the Juvenile Court concerning the student's conduct and record in school.

Any suspension, expulsion, or exclusion from enrollment under this policy shall be handled in accordance with due process as set out in Board policy relating to suspension or expulsion.

### **CARE OF CLASSROOM**

It should be remembered that children respond to attractive surroundings, and an effort should be made by teachers to keep classrooms clean and attractive. The custodian(s) assigned to the building will do most of the work; however, much can be done by the teacher and students by keeping paper off of the floor and giving proper care to window shades, walls, desks, and other equipment in the room. Teaching children to be neat and to have proper respect for public property is one of the duties of the teacher.

### **FIELD TRIPS AND EXCURSIONS**

Teachers need to be aware of the processes and procedures for field trips and excursions prior to requesting permission to take a group on a field trip.

1. A request for an educational field trip involving the use of any carrier shall originate with the teacher and shall be submitted for approval to the local school principal on the field trip request form. If this form is approved by the local school principal, the form should be submitted for approval to the Superintendent. This information will then be forwarded to the person responsible for scheduling trips at the Transportation Department. Any field trip which involves overnight travel by students must be approved by the Superintendent. Field trips which involve only walking excursions of students from the school campus to a community location require the approval of the local school principal only. All excursions and/or field trips require parent letters and standard release forms for student participation.
2. Requests must be received in the central office fifteen (15) school days prior to the date of the trip. Requests must be forwarded to the transportation department ten (10) days prior to the date of the trip. Athletic directors or coaches are requested to submit schedules of upcoming sports activities whenever possible.
3. A change of destination of an approved field trip will require new approval. A new form should be submitted and the previously requested field trip canceled in the appropriate manner (3 days prior to the scheduled date).
4. Only students who are regularly enrolled in school and who are involved in instructional activity will be eligible for transportation. Chaperones are not to bring preschool children with them.
5. Teachers and/or adults approved by the principal will be permitted to accompany transported groups for supervisory purposes.
6. It shall be the responsibility of the local school principal and teacher in charge of field trips to secure written parent/guardian permission for every student involved in a field trip. In cases involving a series of field trips related to one particular area of study or activity, a blanket permission form may be obtained, provided that parents are made aware of all field trips to be included in the series.
7. Rules relative to pupil safety and behavior will be adhered to with the students. The bus driver will review the rules and regulations that the student riders are to obey.
8. Requests, authorizations, and other approved forms will be furnished to all schools by the Transportation Department.
9. Grades and/or grade teams are limited to one in-county and one out-of-county field trip. Length of out-of-county field trips is limited to a 75-mile radius for grades K – 5 and 170 mile radius for grades 6 – 12. This does not include competition.
10. The expense of the fuel and bus driver for all non-competition field trips must be covered by the participants or sponsors acquired by the participants. The Transportation Department will provide a cost estimate upon request.
11. Field trip policies are established annually by the Board of Education based on availability of funds.
12. In all cases, appropriate chaperones shall be provided and approved by the principal.
13. In the event of cancellation of a field trip, notification must be given at least three (3) days prior to the scheduled date.
14. Additional requirements/regulations pertaining to field trips can be obtained from the school principals.

### **SOLICITING FUNDS**

School children in the Dodge County School System are not permitted to solicit any subscriptions or sell any article or articles without approval of the Board of Education. The Board of Education makes the following exceptions to the general rule in the last paragraph:

1. The sale of advertisements in the school annuals, after school hours only.
2. The sale of advertisements for printed programs of special events such as concerts, plays, etc.

Sales should be done outside class hours only. Each school shall submit in writing to the Board of Education any proposed project that it or any organization within it would like to have approved at least fourteen (14) days prior to the first annual board meeting upon which the request is to be considered. Each organization is limited to one fundraiser per year.

### **GRADING**

A student's grade will not be lowered as a means of punishment except as follows:

1. Students giving or receiving assistance during an exam period will be sufficient grounds for some appropriate reduction on the grade for that particular exam.
2. Disturbance during a class may result in a student's removal from the class. The student must make up work missed during his absence at the convenience of the teacher. If the work is not made up, the student will receive a zero for the work missed.

### **DODGE COUNTY SCHOOL POLICIES**

The Dodge County Board of Education Policy Manual contains rules and guidelines that relate to all aspects of school

operation. As policies are changed or new policies added, copies are forwarded to schools for placement in the manuals. One is kept in the principal's office and one is kept at the Board of Education Office. Teachers are encouraged to study policies and to be aware of all implications or changes of policy. When such seems needed, it is suggested that the principal or immediate supervisor be informed. Dodge County Board of Education Policies are also available through eBoard on the district website ([www.dodge.k12.ga.us](http://www.dodge.k12.ga.us)).

### **ELIGIBILITY FOR EMPLOYMENT**

The Illegal Immigration Reform and Enforcement Act of 2011 is a state law which became effective July 1, 2011. Each individual employee is responsible for the correct implementation of this law. The I-9 form is the official document for use in this program. This form must be completed within the first three work days and is retained on file in the central office.

### **DRUG-FREE WORKPLACE**

The Dodge County Board of Education declares that the manufacture, distribution, sale or possession of controlled substances, any CBD product, marijuana and other dangerous drugs in an unlawful manner or being at work under the influence of alcohol, controlled substances, marijuana or other dangerous drugs is a serious threat to the public health, safety and welfare. With this in mind, the Board declares that its work force must be absolutely free of any person who would knowingly manufacture, distribute, sell or possess a controlled substance, marijuana or a dangerous drug in an unlawful manner. This prohibition specifically includes, but is not limited to, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance or alcohol in the employee's workplace. This prohibition also includes, but is not limited to, an employee being under the influence of alcohol or controlled substances while on duty.

An administrator who reasonably suspects that an employee reported to work under the influence of drugs/alcohol or that an employee suffered a work-related injury as a result of the use of drugs/alcohol shall request that the employee take a drug/alcohol test. Refusal to take such a drug/alcohol test shall be viewed as a positive drug/alcohol test and may result in disciplinary actions up to and including termination of employment. Refusal to take a drug/alcohol test may also result in the denial of benefits, including but not limited to, workers' compensation benefits.

Entities contracting with the Board shall, as a condition of the contract, assure a drug and alcohol-free workplace. For contracts, a drug and alcohol-free workplace means a geographic location at which individuals are directly engaged in the performance of work pursuant to a contract with the Board.

Any employee who is convicted for the first time, under the laws of this state, the United States, or any other state, of any criminal offense involving the manufacture, distribution, sale or possession of a controlled substance, marijuana or a dangerous drug shall be subject to disciplinary action. At a minimum, such an employee shall be suspended for a period of not less than two months and shall be required to complete, at his or her own expense, a drug abuse treatment and education program licensed under Chapter 5 of Title 26 of the Official Code of Georgia and approved by the board. At a maximum, such an employee may be terminated from his employment with the school system. Any employee who is convicted for a second or subsequent time under the laws of this state, the United States, or any other state, of any criminal offense involving the manufacture, distribution, sale or possession of a controlled substance, marijuana or a dangerous drug shall be terminated from his or her employment and shall be ineligible for employment for a period of five years from the most recent date of conviction.

If, prior to an arrest for an offense involving a controlled substance, marijuana or a dangerous drug, an employee notifies the Superintendent or the Superintendent's designee that the employee illegally uses a controlled substance, marijuana or a dangerous drug and is receiving or agrees to receive treatment under a drug abuse treatment and education program licensed under Chapter 5 of Title 26 of the Official Code of Georgia and approved by the Board, the employee shall be entitled to maintain his or her employment for up to one year as long as the employee follows the treatment plan. During this period, the employee shall not be separated from employment solely on the basis of the employee's drug dependence, but the employee's work activities may be restructured if practicable to protect persons or property. No statement made by an employee to the Superintendent or the Superintendent's designee in order to comply with this code section shall be admissible in any civil, administrative or criminal proceeding as evidence against the public employee. The rights granted by this policy shall be available to an employee only once during a five year period and are intended to be and shall be interpreted as being the same as those minimum rights granted pursuant to the Georgia Drug-Free Work Force Act and any subsequent amendments thereof.

As a condition of employment, each employee must abide by the terms of this policy and must notify the Board within five days after any arrest on any drug-related or alcohol-related criminal charge and further notify the Board within five days of any conviction of a drug-related or alcohol-related offense.

The Board of Education shall not consider for employment any applicant who has been convicted for the first time of any drug offense as described above for a three-month period from the date of conviction nor shall the Board of Education consider any applicant for employment who has been convicted for the second time of any drug offense as described above for a five-year period from the most recent date of conviction.

For purposes of this policy, "conviction" refers to any final conviction in a court of competent jurisdiction, specifically including acceptance of a plea of guilty, nolo contendere, or any plea entered under the First Offenders Act of Georgia or any comparable state or federal legislation.

No certified employee or employee with a contract for a definite term shall be subject to suspension or termination pursuant to this policy except in compliance with the provisions of the Fair Dismissal Act of Georgia, Official Code of Georgia Annotated §§ 20-2-940 through 947. This policy is not intended and shall not be interpreted as prohibiting the school system from taking appropriate disciplinary action against any employee where there exists evidence that an employee uses, distributes or sells illegal drugs even though the employee has not been convicted of any criminal offense or where there exists evidence that an employee is under the influence of alcohol while on duty, except that the school system may not use the statement of any employee to the Superintendent requesting treatment as described in this policy.

The school district shall provide such staff development as required by state or federal law to inform employees of the dangers of drug abuse, the availability of employee assistance and drug counseling and treatment and the terms of this policy.

A copy of this policy shall be disseminated to all employees either directly or through employee handbooks.

### **100% Tobacco-Free School District Policy**

The Dodge County School Board of Education recognizes that the use of tobacco products is a health, safety, and environmental hazard for students, employees, visitors, and school facilities. The Board acknowledges that adult employees and visitors serve as role models for students and that the Board's acceptance of any use of tobacco products implies school approval, if not endorsement, of such use. In addition, the Board recognizes that it has an obligation to promote positive role models in schools and promote a healthy learning and working environment, free from unwanted smoke, for the students, employees, and visitors to the school campus. Finally, the board recognizes that it has a legal authority and obligation pursuant to the Georgia Smoke-free Air Act of 2005 (O.C.G.A. § 31-12A-1 et seq.), the federal Pro-Children's Act (Title X of Public Law 103-227), the Georgia Youth Access Law (O.C.G.A. § 16.12.171) and the No Child Left Behind Act.

### **Enforcement for Students**

Consequences for students engaging in the prohibited behavior will be provided in accordance with the school’s student code of conduct. Students who violate the school districts tobacco use policy will be referred to the guidance counselor, school nurse, or other health or counseling services for all offenses for screening, information, counseling and referral. All student violators will have access to an Alternative to Suspension (ATS) program. The ATS program will provide up-to-date information on the many consequences of tobacco use, offer techniques that students can use to stop tobacco use at school, and provide referrals to local youth tobacco cessation programs. Parents/guardians will be notified of all violations and actions taken by the school. School may also use community service as part of the consequences. Suspension will only be used after a student has several prior violations or refused to participate in other outlined measures.

### **Enforcement for Staff and Visitors**

Consequences for employees who violate the tobacco use policy will be in accordance with personnel policies and may include verbal warning, written reprimand, or termination. Visitors using tobacco products will be asked to refrain while on school property or leave the premises. If they refuse, law enforcement officers will be contacted to escort the person off the premises or cite the person for trespassing in case the person refuses to leave the school property. In the case of a violation within the building of a school, the person is in violation of the Georgia Smoke free Air Act of 2005 and the federal Pro-Children’s Act (Title X of Public Law 103-227) and subject to a fine. Signage will be prominently posted in all visitors’ areas and school staff and officials will communicate policy to visitors upon arrival and infractions.

### **Procedures for Implementation**

The policy will become effective on January 1, 2011 or upon adoption by the Board. The administration will develop a plan for communicating the policy that will include information in student and employee handbooks, announcements at school-sponsored or school-related events, and appropriate signage (as mentioned above) in buildings and around campus. Other methods will be identified for notifying students, employees and parents about this policy. An enforcement plan,

which identifies consequences for students, staff and visitors who violate the policy, will be created and communicated to all students, staff and parents.
