To: Curtis Johnson
From: Randy Brown and Mike Fisher
Subject: Mount Nittany Elementary Project Update
Date: January 4, 2024

Recommend approval of the proposed floor plan design for the Mount Nittany Elementary project. If approved, this design, representing the 30% design submission, will then move to the 60% design.

As this design included feedback from various stakeholder groups including a community discussion. As the floorplan and site design move to the 60% level, additional stakeholder and community meetings will be offered.

As with prior presentations, the interior floorplan designs are not made available to the public on the district website in response to safety and security concerns. They will be made available at the Board meeting on January 8.
