

## **State College Area High School PTSO Mini Grant Application Information**

### **How Does it Work?**

Through a very simple application process, The Parent Teacher Student Organization (PTSO) of State College Area High School will provide monetary grants for enriching experiences in classrooms or in-school based student on-site activities and clubs which will help to realize and put in place ideas for improving the school environment and academic education. A \$200 limit is suggested per mini grant request, in order to maximize number of request supported with limited resources.

### **Who can apply?**

Any student who is currently attending State College Area High School OR Teacher. No more than one grant will be awarded per student per year.

### **Related Information:**

Grants will be approved and awarded at the discretion of the State College Area High School PTSO.

Preference will be given to grants that will benefit the greatest number of State High students.

If the grant application is for a club, students themselves are expected to fill out this application thoroughly.

In our effort to benefit as many students as possible with our limited budget, at this time the PTSO does not fund grants to individual students for expenses related to field trips.

There are other funding sources available for this purpose which include the Queeny Fund for Educational Opportunity and the Sue Sheridan Memorial Fund, information can be found on the State High website under Student Services.

Please direct questions and emailed applications to:  
Lisa Cohen (PTSO President) at [lcohen@artemisgroup.com](mailto:lcohen@artemisgroup.com)

If you prefer to mail the applications, please send to:
