

There are two ways to drop your child off.

**Option 1:**

You enter the AMS entrance way off of Raccoon Rd and form two lanes. The lane closer to the school you may start dropping off at the sidewalk. The outside lane may only drop off by the flag pole. After you drop off your child you will merge into one lane to exit. **When you exit you can only turn right towards Burkey Rd.**

**Option 2:**

Dropping your child off in the 9/11 parking lot and having your child cross the crosswalk with Austintown Police supervision. **When you leave the 9/11 parking lot you must turn right toward Mahoning Ave.**

\*Please allow for adequate time to drop your child off. Please make sure you're aware of your surroundings as you drop your child off and that no other children are walking in front of your car. Finally, please follow this diagram and do not create your own route, this will only cause delays and distractions to our drivers.
