Parent/Guardian Access

- During the traditional school year, **Powerschool** grades will be updated on **Tuesdays**, and we send out **weekly automated emails/texts** to keep parents in the loop about grades, but for more detailed information, read on!
- **Parent Access to Powerschool:** Describes how to [create an account](#) and [update student information](#)
- **Parent Access to Genius**(Edison, eDynamic, or Accelerate-Ed): you probably received an email with directions to create a parent account. You may need to search your spam folder for “CAIU” or “CAOLA.” If you can’t find it, please email william_swinsburg@elanco.org (grades 7-9) or zachary_fulmer@elanco.org (grades 10-12). You can view grades with [these](#)

[directions](#). If you cannot get into eDynamic, log into Genius first, then click [this](#) direct sign-on link for eDynamic

- **Aristotle Activity reports:** Parents will have the opportunity through PowerSchool to sign up for daily student history reports via email. Contact adam_geiman@elanco.org if you are not receiving them.

How To

Edison: View Assignments, Grades, and Course Content ([full tutorial](#))

If you or your learner log into your [Genius](#) account, you should be able to hit the launch button for a course to get into the specific platform (Edison or eDynamic):

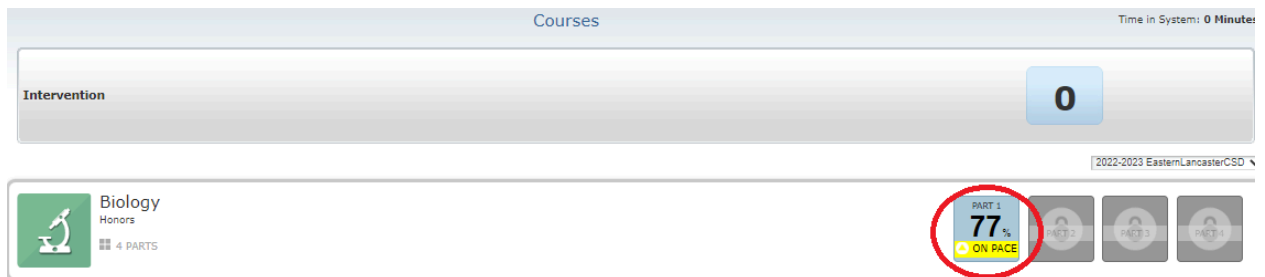

***Grades in Genius:** Genius syncs with providers nightly, so we recommend continuing on to the provider itself (Edison/eDynamic/Accelerate-Ed) for accurate grades.

***Actual vs. Expected Assignments Pacing bar:** Please ignore this bar, because auto-filled zeroes currently count as completed assignments in this calculation

***Minutes Report:** Clicking **“Student Activity”** on the left side of the page will tell you how many minutes the learners has spent in each class per day.

- **Edison:** If you click on the **overall grade** (blue square) on the right, you should be able to see the assignment list.
- Please ignore the pacing description (**ON PACE/BEHIND/AHEAD**); auto-filled zeros for missing assignments are currently counted as completed assignments in this banner.

- Each row is a different assignment, and there are columns for grade, attempts, due date, and submit date.

Edison Grade Breakdown Screen

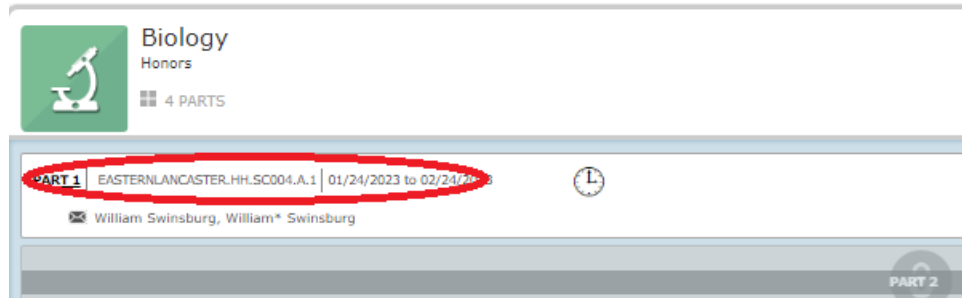

- In the Percentage column, **E=excused**, **O=override**
- If you click on a **percentage**, you can see **individual question feedback**. Overall assessment feedback, if applicable, would appear as a separate link in the **feedback column**.
- An **exclamation point (!)** means that there is an open-ended assignment submitted that needs to be graded by the teacher

When assignments are not completed by their due date, Edison uses a [system-approved attempt](#) to auto-fill zeros for missing assignments. This accurately communicates the missing status, but still allows students to go back and complete those assignments.

- Missing, Past-Due assignments:**
 - Missing assignments show up as **0%** with “**Attempts 1 of _**” with a submission date of 1 day after the due date. If you click on the 0% and see a pop-up says “**There are no viewable attempts**,” you can confirm that it was not completed by the student. Learners can still use the [course map/globe icon](#) to navigate back to make up those older assignments to complete them.

Biology Part 1 [Honors]

Objectives

- Describe the focus of the science of Biology.
- Identify the unifying themes of Biology.

Essential Instruction

Before you begin this lesson, please read Section 1.1.1 of your textbook.

What is biology?

Simply put, biology is the scientific study of life. What do we mean by "scientific study"?

Science is a process that includes making observations, asking questions, and coming up with new ideas and ways to test them. This leads to the discovery of new information or new ways of understanding the world.

Biology is the science that includes studies of living things and how they work. It is a broad field because there are many levels at which living things can be studied. Biological studies range from ecology (interactions of living things with their environments) on one end of the scale to studies of specific genes on the other.

eDynamic/Accelerate-Ed: View Assignments, Grades, and Course Content ([full tutorial](#))

If you or your learner log into your [Genius](#) account, you should be able to hit the launch button for a course to get into the specific platform (Edison or eDynamic):

The screenshot shows the Genius dashboard interface. At the top, there is a navigation bar with the ELAND Online Virtual Academy logo, a "Student Drop-Down" menu (circled in red), and links for "Announcements", "Messages", and "Guardian Name". A left sidebar contains navigation options: Dashboard, Contact School, Course Information, Academic Snapshot, Suggested Pacing, Gradebook, Student Activity, View Transcript, Edit Account, and School Calendar. The main content area displays a "Dashboard" for a student currently enrolled in 10 courses. Three course cards are visible:

- World History Part ...** by Cordell* Martin (Jan 24, 2023 - Feb 24, 2023). Score: 97%. Actual: 47 of 48, Expected: 48 of 48. 1d left, 373 min. LAUNCH button (circled in red).
- Biology Part 1 [Hon...]** by William* Swinsburg (Jan 24, 2023 - Feb 24, 2023). Score: 88%. Actual: 47 of 47, Expected: 47 of 47. 1d left, 595 min. LAUNCH button.
- Personal and Famil...** by Cordell* Martin (Jan 24, 2023 - Mar 29, 2023). Score: 95.56%. Actual: 10 of 29, Expected: 10 of 29. 34d left, 328 min. LAUNCH button.

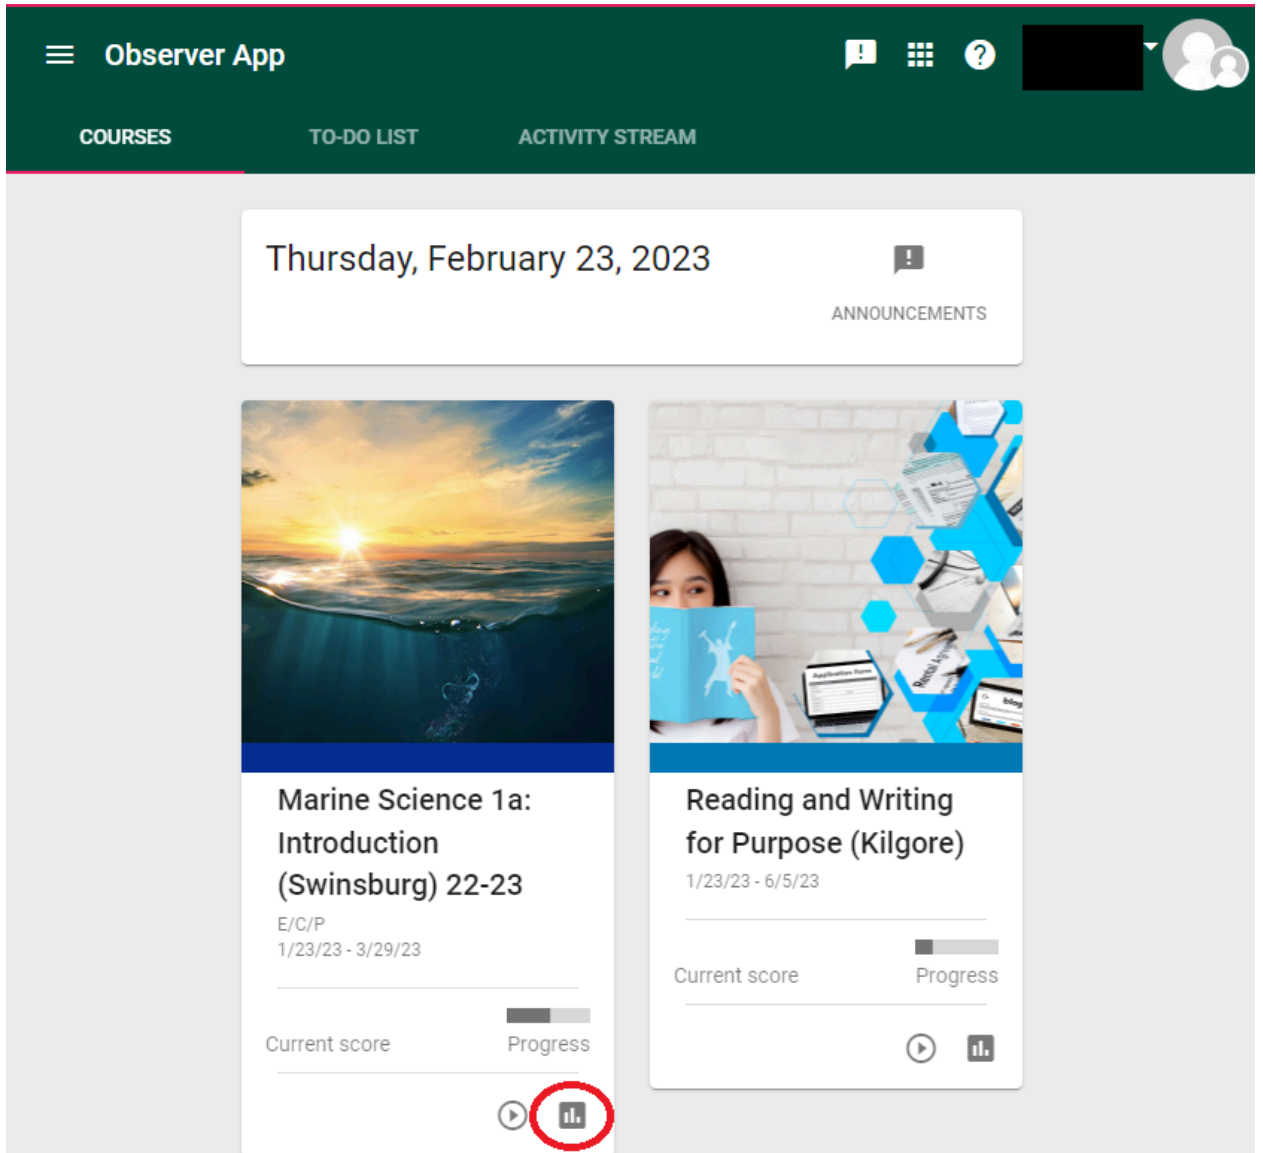

***Grades in Genius:** Genius syncs with providers nightly, so we recommend continuing on to the provider itself (Edison/eDynamic/Accelerate-Ed) for accurate grades.

***Actual vs. Expected Assignments Pacing bar:** Please ignore this bar, because auto-filled zeroes currently count as completed assignments in this calculation

***Minutes Report:** Clicking **"Student Activity"** on the left side of the page will tell you how many minutes the learners has spent in each class per day.

- **eDynamic/Accelerate-Ed:** Click on the **student's name** to observe, then click the **bar chart** to see assignment names, due dates, submission dates, and score. You can click on any assignment to see **question details, submissions, and feedback**.

The screenshot shows the "Choose Student" interface. At the top, there is a dark green header with a menu icon, the text "Choose Student", a grid icon, a question mark icon, and a "Guardian Name" field with a profile picture icon. The main content area is a light gray box with the text "Choose a student to observe" and a "Student Name" field with a profile picture icon.

- You can click the **Activity Tab** at the top to see time spent on the course and individual assignments

* When you work past midnight on an activity, this report shows the entire duration as a single line-item on the activity's start date so that you can easily see how much time you spent. Consequently, intermediate totals next to the start dates may be more than 24 hours.
