Re: April 2023 Treasurer's Report

Date: May 31, 2023

Attached are financial reports for April 2023. Below are explanations of major variances compared to the prior year.

Local revenue is approximately \$7,964,000 greater than prior year, primarily due to an increase of \$5,181,000 in the Real Estate tax revenue. This variance includes the impact of a 3.4% tax increase and estimated assessed value growth of 1.7%. Pending appeals are expected to reduce this increase when resolved later in the year. Interest on investment is greater than the prior year by approximately \$2,153,000. Earned income tax revenue is in excess of prior year by approximately \$979,000. Interim real estate tax revenue is less than prior year by approximately \$750,000 due to a significant property added to the supplemental tax billing in the prior year. Other tuition is also in excess of prior year by approximately \$380,000 due to the impacts of COVID-19 on prior year programs.

State revenue is approximately \$1,798,000 greater than the prior year. Basic education subsidy, state property tax reduction, retirement, and transportation revenues are greater than prior year by \$1,133,000, \$371,000, \$215,000 and \$103,000, respectively. Health services revenue is less than the prior year by approximately \$135,000 due to the timing of receipts. Other smaller increases and the timing of receipts account for the balance of the increase in state revenue. Federal and other financing source revenues are approximately \$459,000 greater than the prior year primarily due to timing of CARES Act/ESSER grant receipts.

Expenses are in excess of prior year by approximately \$6,967,000. Personnel expenses increased by approximately \$3,045,000. Salaries increased \$1,913,000 and benefits (primarily PSERS, social security and health insurance) increased approximately \$1,132,000. Non-personnel related expenses are greater than the prior year by approximately \$3,922,000 of this, debt service payments are greater than the prior due to the debt obligations previously funded from the capital

reserve fund of \$2,044,000, offset by a reduction in other debt service obligations. The remaining net increases are related to services and equipment purchases which are higher than prior year.

On a monthly basis, actual revenue and expense by detailed lines are compared to budget and prior year actuals. The budget column represents the full year, therefore, each month we look at the receipts or spending to date as a percentage of the total budget, taking into consideration known variations in the timing of each line.
