Demographics

Demographics Summary

Fowler Elementary is a Pre-Kindergarten through Fifth Grade neighborhood school that ended the 2023 school year serving 548 students. Enrollment has steadily increased during the past five years, with the largest enrollment of 600 students.

The original structure of the building is 60 years old, built in 1963. Since then, there have been several additions and renovations to the building increasing the overall square footage of the building.

Fowler has incredible parental and community support from the following: Fowler Parent Teacher Organization, Johnson's Furniture, Modern Woodman Fraternal Financial, Sonic on Southwest Parkway, Wichita County Farm Bureau, Farmers Insurance Craig Brown, Texas Gymnastics Academy, Sticks, Western Hills Baptist Church, Atmos Energy, and American National Bank & Trust. Members of the previously mentioned group of stakeholders have been invited to serve on our Campus Site Based Decision Making Team.

Demographics Strengths

Fowler Elementary has a diverse group of learners that often remain at Fowler from Kindergarten through their Fifth Grade year. This has created a family atmosphere of staff, parents/guardians, and students that are invested in the school community. During the 2019-2020 school year Fowler obtained a Level 1 High Reliability School (HRS) Certificate.

During the previous two school years Fowler obtained a Capturing Kids Hearts National Showcase School. As a school-wide Title 1 campus we have the ability to allocate funds for staff professional development, tutorials for struggling students, and instructional materials.

Problem Statements Identifying Demographics Needs

Problem Statement 1: As a campus we have experienced an upward trend of students that qualify as economically disadvantaged. **Root Cause:** The poverty rate in Wichita Falls has increased causing the number of students entering our area schools qualifying as Eco. Dis. to also increase.

Problem Statement 2: Our staff demographic breakdown does not reflect the student and family population we serve. **Root Cause:** Perceptions about Wichita Falls as a town and as an ISD.

Problem Statement 3 (Prioritized): Engagement of parents/guardians/community members is not perceived as equal in relation to our campus demographic. **Root Cause:** Lack of systems to engage ALL families and community members

Student Learning

Student Learning Summary

In 2022 Fowler earned a TEA Accountability Rating: A and earned a Distinction Designation in Top 25 Percent: Comparative Academic Growth.

Individual student needs are identified in a variety of ways. For example, teachers and administrators collect data from CPM (PK) Texas Primary Reading Inventory (TPRI), district benchmarks, running records (RazKids), MAP (BOY, MOY, & EOY), additional summative assessment and a variety of formative assessments. Specific services and interventions are then determined, implemented, monitored, adjusted, and evaluated through the RtI and MTSS processes.

Student Learning Strengths

According to the MAP Math Growth Report all grades Kindergarten through fourth exceeded the grade-level norm projected growth.

According to the MAP Reading Growth Report in grades Kindergarten, third, and fourth grade students exceeded the grade-level norm projected growth.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a significant gap between the performance of general education students and special education students. **Root Cause:** The increase of special education students may indicate the need for additional special education staff. Training for general education teachers, as well as special education paras to meet the needs of special education students is inadequate.

Problem Statement 2: As a campus we have experienced an upward trend of students that qualify as economically disadvantaged. **Root Cause:** The poverty rate in Wichita Falls has increased causing the number of students entering our area schools qualifying as Eco. Dis. to also increase.

Problem Statement 3: Not all staff have an understanding for: HRS/ASOT, CKH, Balanced Literacy, Guided Math, STEAM, SPED Supports, PLCs, MTSS, etc. **Root Cause:** The transition in staff and not having a continuous training model.

Problem Statement 4 (Prioritized): Tier one instructional needs to be reviewed for areas of growth and areas in which to replicate. **Root Cause:** Tiered instruction should be differentiated and meet the needs of all learners. This isn't happening across the campus.

School Processes & Programs

School Processes & Programs Summary

Fowler hired several new teachers this year but all have previous teaching experience. There are two new Kindergarten teachers, two new 1st Grade teachers, one new 2nd grade teacher, one 3rd grade teacher, one 4th grade teacher, one 5th grade teacher, and one Special Education teacher. Support systems, such as common grade level planning, grade level PLC time for grades pre-k through third grade, and content PLC teams for fourth and fifth grade, and a common learning framework will be in place for these new staff members. Additionally, an Instructional Coach mentor teachers and provides support and resources to all staff. All new teachers are paired in a mentoring relationship with an experienced WFISD/Fowler teacher.

WFISD's goal is to increase student academic achievement through strategies such as improving teacher and principal quality and increasing the number of highly qualified teachers in the classroom and highly qualified principals and assistant principals in schools; and hold districts and schools accountable for improvements in student academic achievement

The TEKS Resource System is in place to cover all TEKS and to create a schedule for implementation. Through the Marzano's training, the staff has adopted a common learning framework. Fowler language arts teachers will utilize Balanced Literacy to improve student achievement in reading. Fowler math teachers will implement Guided Math to improve student achievement in math. Seidlitz will be utilized at all grades/content areas to improve Tier 1 instruction.

Teachers in Pk, K, 1st, 2nd, and 3rd grades will have access to 11 devices. 4th and 5th grader students will continue to have 1:1 devices. Teachers not previously attending Google training will have an opportunity to be trained.

Two selected groups of teachers and leaders went through extensive Marzano's HRS (Highly Reliable Schools) Level 1 Training. The model and approach were brought back to inform decision making and positively impact the safety and collaborative nature in which things are done.

Safety and security of staff and students is our number one concern. All exterior doors, with the exception of one at the front office are kept locked. Monthly safety drills and logs are maintained. The process and procedure in which these are done are modified when necessary. Staff wear name badges and all visitors to campus have to sign in with front office staff and are printed a name badge. Background checks must be obtained to volunteer in classrooms and attend field trips or class parties.

Fowler has many activities for students to participate in including clubs, UIL, choir, writing club, STEAM Club, and student council.

We have a positive behavior program and character education to increase appropriate behavior and reduce the threat of bullying, as well as grade level discipline plans with set consequences for inappropriate behavior. Occasionally, disciplinary removals happen due to severe disruptions in the classroom and serious inappropriate interactions between students.

Our Instructional Coach provides instructional support for all teachers at Fowler. All new teachers are provided a mentor and veteran teachers who are new to the campus are provided a "go-to" person to assist with any questions or concerns. Training is provided throughout the year to support all teachers. Administrators work to maintain high levels of morale and alleviate burden when possible to promote teacher retention.

An independent intervention period is built into the schedule to provide more small group instruction in grades first through fifth. Classroom teachers collaborate with SpEd teachers to assist in the growth of our special education students. Fowler strives to educate the whole child through social, emotional well being, providing character education and enrichment opportunities for students to explore outside interests and develop a sense of belonging and value.

School Processes & Programs Strengths

Fowler staff participated in the Marzano High Reliability School training this year which will build systems for learning on campus. Fowler will work to implement learned strategies from the level 1 training to inform decision making. Several teachers have been through the ASOT training and a common instructional framework will be in place for teachers. Instructional coaches will help foster new teachers on campus and facilitate the ASOT training with staff members.

Fowler has earned the designation as a National Capturing Kids Heart Showcase Campus during the past two school years.

The District provides curriculum-based assessments to help monitor teacher and student progress. The District also provides a benchmark assessment. After each of these assessments, staff looks at student and curriculum needs and makes adjustments.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Not all staff have an understanding for: HRS/ASOT, CKH, Balanced Literacy, Guided Math, STEAM, SPED Supports, PLCs, MTSS, etc. **Root Cause:** The transition in staff and not having a continuous training model.

Problem Statement 2 (Prioritized): Tier one instructional needs to be reviewed for areas of growth and areas in which to replicate. **Root Cause:** Tiered instruction should be differentiated and meet the needs of all learners. This isn't happening across the campus.

Perceptions

Perceptions Summary

Fowler has a culture in which all members strive for greatness. Overall, parents are supportive of teachers and administrators. There is a general friendliness about the school. When visitors enter, we often hear compliments about how friendly everyone is. Fowler believes that all students can learn and make growth. Administrators value staff members of all levels and strive to provide positive feedback and praise. We celebrate the successes and analyze shortcomings to find ways to make ourselves better. We welcome visitors to come observe and often have teachers from other campuses or districts come to our school to observe. We invite community members to come and see what we are about. We partner with Midwestern State University to provide a place where aspiring teachers can come and learn. We believe that it takes an entire community of students, teachers, staff, parents, and business partners to make a successful school. We work to ensure that all components are a part of the process. We have a "growth mindset" and are focused on setting and reaching goals at every grade level. We believe all students can learn.

We gain insight into perceptions through staff, students, and parent surveys conducted throughout the year.

Perceptions Strengths

We get positive feedback from parents. We often get compliments about the culture of our school and other schools and community (Midwestern State University) send people to visit and observe. Overall, parents have indicated through parent surveys that they are satisfied with the communication from the school, as well as, parent and family involvement opportunities.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Our staff demographic breakdown does not reflect the student and family population we serve. **Root Cause:** Perceptions about Wichita Falls as a town and as an ISD.

Problem Statement 2: As a campus we have experienced an upward trend of students that qualify as economically disadvantaged. **Root Cause:** The poverty rate in Wichita Falls has increased causing the number of students entering our area schools qualifying as Eco. Dis. to also increase.

Problem Statement 3 (Prioritized): Engagement of parents/guardians/community members is not perceived as equal in relation to our campus demographic. **Root Cause:** Lack of systems to engage ALL families and community members

Priority Problem Statements

Problem Statement 1: There is a significant gap between the performance of general education students and special education students.

Root Cause 1: The increase of special education students may indicate the need for additional special education staff. Training for general education teachers, as well as special education paras to meet the needs of special education students is inadequate.
