For purposes of clarity, the Construction Manager’s Fee will **not** be calculated as a percentage of the Contract Sum, the Guaranteed Maximum Price or the Construction Budget. No Construction Manager’s Fee shall be paid on the Construction Contingency until funds are allocated from the contingency to the Cost of the Work.

**Respondent proposes the following percentage to be multiplied by the Cost of the Work to arrive at the Construction Manager’s Fee for home office overhead and profit.**

___________________ Percent (___%)

**A-2. GENERAL CONDITIONS**

The amount permitted to be charged for Project for General Conditions will be computed each month based on the amount of the Cost of the Work requested in a given payment application multiplied by a specified percentage as provided in this Proposal.

Provide your proposed General Conditions Costs for the Project, expressed as a percentage of the overall Cost of the Work. The General Conditions costs which shall be included in arriving at this percentage include the costs defined in § 6.1.7 and all subparts of the AIA Document A133-2019, as amended by the Owner, and as defined in Attachment ‘N’. The Respondent shall not change the items included in the General Conditions, or substitute its own definition of items to be included in the General Conditions. If a Respondent proposes General Conditions costs based upon any other definition, the Owner will disqualify the Respondent’s proposal as non-responsive.
