Gary Kasik for Sensible Laguna	<p>I repeat my unanswered request for an update on the evaluation of options to modernize the high school pool. The last direction from the board did NOT consider the change in requirements due to city's decision not to participate. I respect the board's reluctance to revisit prior decisions but when a 70% (really 90% when you look at actual usage), demand changes that certainly warrants reconsideration. Millions of dollars are at stake.</p> <p>Residents want to see cost effective options considered and regular updates on the process; it's not an unreasonable request. Please don't ignore those in the city who you also represent in addition to your responsibility to our children. Enjoy the recognition event.</p>

Parent	<p>Thank you for taking time to recognize students, staff, and community members who excel or take their own time to contribute back to the schools. I am excited to attend this event and watch my two children receive awards. I love the Laguna Beach School District and all of the teachers and staff who are always so helpful and supportive.</p> <p>Again, thank you and keep up the good work - Laguna Beach truly is a special place to be!!</p>
Linda S.	<p>I love this event - thank you to everyone involved in planning it and to the Board members and staff for taking the time to show all the greatness in Laguna and how much we do in Laguna Beach USD! Our teachers, staff, students, parents and caring community members ROCK!!</p>
