+ 6 Open Studio Sundays

***No class Oct 31 & Nov 28**

The Trolley Barn Gallery
489 Main St. Poughkeepsie, NY

Senior Project is the most advanced portfolio class at The Art Effect designed to create a proficient body of work for college and career paths in the arts. Over 12 weeks, students will participate in group critiques, receiving feedback on work they create at home and during open studio hours.

Upon completion of the program, students will develop an impressive art series of 8-10 pieces that will be featured in an exhibition, and receive a letter of recommendation from the Director of Artistic Advancement.

This flyer is being distributed through Millbrook School District as a community service to students and parents for informational purposes only. This program is not affiliated with nor endorsed in any way by the Millbrook School District.
