May 3, 2023

Dear County Board of Education,

The California Department of Education recently released a **Mandatory Universal PreKindergarten Mixed Delivery Planning Grant**, Local Child Care Planning Councils and County Resource and Referral Agencies were required to apply and collaborate to meet the planning grant requirements. The Siskiyou Child Care Planning Council (LPC) and the Siskiyou Child Care Council (our county's Resource and Referral Agency, R&R) as partners in the grant were required develop a plan for consideration by the governing board or body of the county office of education at a public meeting on or before June 30, 2023, for how all four-year-old children and an increased number of at-promise three-year-old children in the county may access full-day learning programs before kindergarten that meet the needs of parents, including through partnerships with the UPK programs in the mixed-delivery system and expanded learning offerings. Our plan follows the grant requirements and will inform future UPK planning in our county. Our plan is taken directly from the grant narrative.

1. **Describe in detail how the applicant will partner with the COE and other LEAs in the county on the work required under the UPK P&I Grant to ensure activities conducted under this grant meet community needs for UPK in a mixed-delivery system not already addressed in the LEA or COE UPK plans.**

The Siskiyou County LPC and Siskiyou Child Care Council (R&R) have representation on the Siskiyou County office of Education's UPK Advisory Group and will coordinate our work by using the COE UPK Advisory as the Workgroup for this grant. Siskiyou county LPC will plan and partner with the COE, First5 Siskiyou and the County's R&R to create, disseminate and collect data from a survey that will assess parent preference and the need for access to available high-quality UPK options through a mixed-delivery system for three- and four-year-old children in the county. The survey will provide planning data and identify areas of need to the UPK workgroup. The LEA's in the county and the COE as part of the workgroup, will use survey data to inform planning and UPK expansion that is not duplicative.

2. **Planning for the provision of high-quality UPK options for three- and four-year-old children through a mixed-delivery system that ensures access to high-quality full- and part-day learning experiences, coordinated services, and referrals for families to access health and social-emotional support services. Indicators of quality shall meet *EC* Section 8203 and be regulated by Title 5.**

Siskiyou County LPC and Siskiyou Child Care Council (the county R&R) will partner to plan for, align and coordinate mixed delivery plans throughout the county, UPK Mixed Delivery planning will include systems to identify CSPP and/or Head Start openings and also Identify opportunities for collaborating with LEA's in order to provide a high quality play based option for all 4 year olds and at promise 3 year olds in the county. additionally, we will plan to partner with First 5 Siskiyou for coordinated services and referrals to access health and social emotional support services to TK 4 year olds through their "Help Me Grow" system. First5 Siskiyou's "Help Me Grow" system provides evidence based parent education, developmental, health and mental health screenings for children 0-5 and their families, these resources are made available to children and families via the County's CSPP centers, Family Resource centers and Quality Counts Siskiyou providers, supports are widely accessible in the Preschool community. In

addition, through continuing partnerships we will plan for workforce professional development opportunities for all UPK providers serving 0-5 year olds. Making these screenings and developmental supports available to TK students will help connect TK to the counties Preschool systems will support high quality services and positive child outcomes.

3. **Plan for increasing inclusion of children with exceptional needs in UPK**

Siskiyou County LPC and Siskiyou Child Care Council (the county R&R) will Plan to partner with First 5 Siskiyou, Quality Counts Siskiyou and Siskiyou County COE and SELPA to provide Workforce education, training, and other supports available through the County's Help Me Grow and local quality counts systems that will support increased inclusion in the County's UPK system.

4. **Assist existing and aspiring UPK site supervisors, teachers, and other support staff in identifying and accessing local workforce pathway programs, including financial support programs, to increase the number of site supervisors, teachers, and other support staff who have the required credentials and degrees**

Siskiyou County LPC and Siskiyou Child Care Council (the county R&R) will plan to partner with College of the Siskiyous, Siskiyou County Office of Education, County LEA's, First 5 Siskiyou, Quality Counts Siskiyou and, Siskiyou Child Care Council's CCIP program to plan for building integrated systems that help the UPK workforce identify and access resources; including the Workforce Pathway Grant, EETDG, local community college grants and other local grant and scholarship opportunities that support degree attainment.

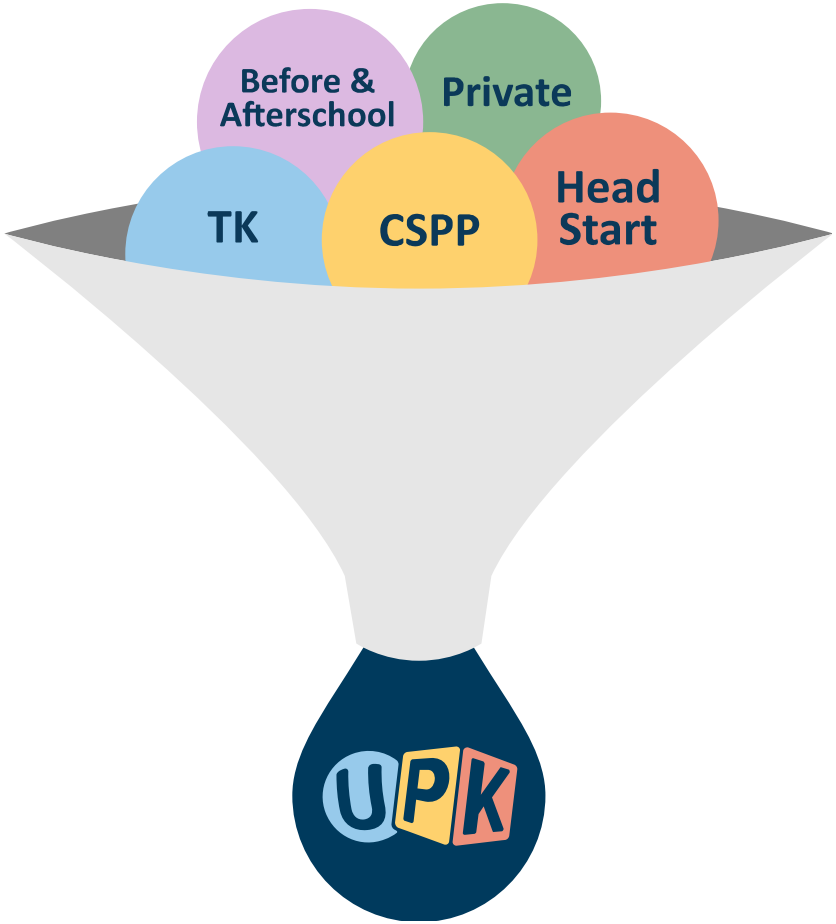

5. **Provide outreach services and enrollment support for families of three- or four-year-old children to meet family needs and provide those children with high-quality full- and part-day learning experiences**

Siskiyou County LPC and Siskiyou Child Care Council (the county R&R) will plan for coordinated outreach events to assess parent preference, inform and share enrollment information regarding the various high quality UPK options available to all families, and plan for ways to support identifying available UPK programs within each LEA'S district. We will Partner with existing systems that reach 0-5 year olds and families; First 5 Siskiyou, Family Resource Centers, R&R and other targeted groups to meet family needs and provide UPK information to those families, assess parent preference and to support enrollment in high-quality full- and part-day learning experiences. Siskiyou County LPC and Siskiyou Child Care Council will plan to partner with the COE and LEA'S to help districts identify Child Care Centers located within their districts and develop systems to include onsite CSPP and Head Start Program enrollment information at their TK/K enrollment outreach events

6. **Describe in detail how the applicant will achieve the task of partnering with tribes to reflect family and tribal community needs, as sovereign nations, in the planning and implementation of the UPK mixed-delivery system**

We have two Native American Tribes residing in Siskiyou County, Quartz Valley Tribe and the Karuk Tribe of CA. Both Tribes have representation on Siskiyou LPC and the COE's UPK Workgroup. The Tribal Head Start centers and child care coordinators will be included in planning collaborative enrollment and recruitment activities around UPK services. Tribal representatives will be invited and included in the process for assessing parent preference and be included in survey dissemination via, parenting classes, Tribal wellness centers, Tribal Clinics, Tribal Head Start and the Tribal Child Care Department.

Connecting Your Choices

UPK brings together all of these programs so families have more choices of high-quality learning programs that meet their needs.

UPK also connects before and afterschool and private care programs so families have options for a full day of care.
