

College & Career Ready Performance Index (CCRPI)

The CCRPI is Georgia's annual tool for measuring how well its schools, districts, and the state itself are preparing students for the next educational level. It provides a comprehensive roadmap to help educators, parents, and community members promote and improve college and career readiness for all students.

The CCRPI includes five main components each scored on a scale of 0 to 100: Achievement, Progress, Closing Gaps, Readiness, and Graduation Rate (high school only). These components, encompassing multiple indicators, are combined for a total CCRPI score on a scale of 0 to 100. The CCRPI also reports a measure of school climate and financial efficiency status.*

Use the links below to access information about the CCRPI and to access the CCRPI Reports and Scores of the State of Georgia, Schools Districts, and Schools.
