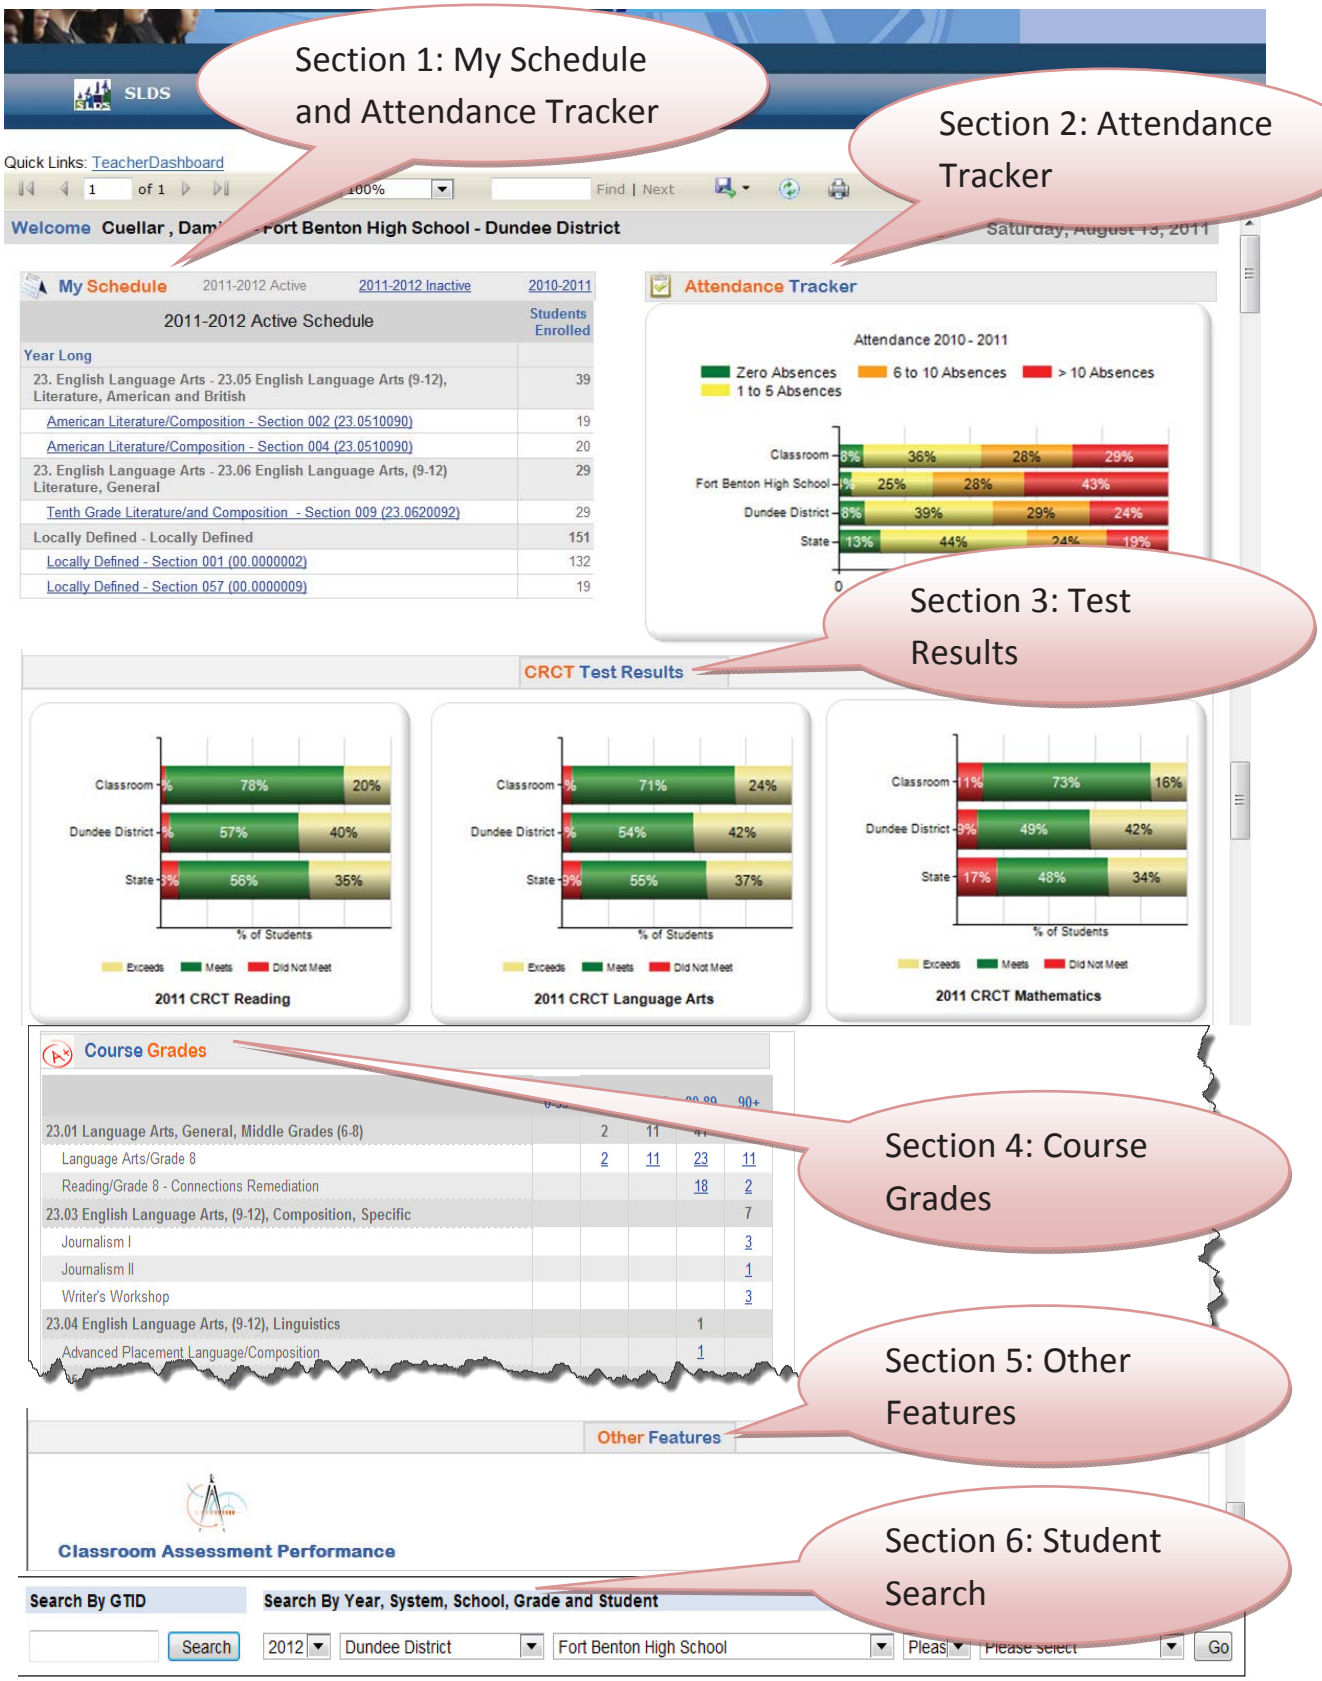
Teacher Dashboard Layout



Georgia Longitudinal Data System (LDS)*
Teacher Dashboard

The LDS Teacher Dashboard consists of Six Sections. Click on "About" to access a **NAVIGATION TREE**. Use the blue LDS "back" button to navigate back to the previous page. Use "Quick Links" to navigate back to selected pages. The browser back button takes you back to the Teacher Dashboard.

I. My Schedule - lists your schedule
   a. Can pull up current year, inactive, or last year's schedule
   b. Clicking on the class will reveal the **CLASS ROSTER.** The roster includes the list of students, their **ELIGIBILITIES**, and **INDIVIDUAL STUDENT ASSESSMENT** information.
      i. The class roster may be sorted by name, grade, or eligibility area.
      ii. Achievement bars are color coded, and the "Classroom" bars may be clicked on to reveal **STUDENT RAW SCORES.** Clicking on the Strand raw score (Value) reveals a comparison chart.
      iii. Clicking on the student name reveals the **STUDENT PROFILE.** The student profile includes basic demographic information, eligibilities, attendance, Lexile scores, state assessment results (can click on bar), enrollment history, historical grades.
   c. Clicking on the gold key next to the class name reveals the class **CCGPS STANDARDS.**

II. Attendance Tracker - Documents last year's attendance pattern for all of a teacher's students
   a. Click on the "Classroom" color-coded bars to reveal the rosters of students fitting that attendance profile.
      i. Just like the class roster that we viewed in the "My Schedule" section, you can access **INDIVIDUAL STUDENT ASSESSMENT** information and drill down by achievement test area by clicking on the color-coded bars.
      ii. Click on the student name to access a **STUDENT PROFILE**.

III. Statewide Test Results - lists applicable assessment results including Lexile, CRCT, GHSGT, and EOCT scores for the previous school year for all of your students. This section includes comparison data (i.e. classroom, school, system, state)
   a. Clicking on a Lexile range reveals the roster of students within that range and gives the students' specific **LEXILE SCORES**. Clicking on the student name link brings up the **STUDENT PROFILE.**
   b. Clicking on test performance level bars brings up a roster of students matching that profile which allows you to drill down into the test/subject scores which include **STUDENT RAW SCORES.** This roster also provides another opportunity to access **STUDENT PROFILES** by clicking on student names.

IV. Course Grades - Lists students' historical grades
   a. Will only list courses of relevance to your subject area
   b. Clicking on the hyperlinks reveals rosters of students in that grade category from which you can drill down by subject/test area or by student.

V. Other Features - Classroom Assessment Performance
   a. Brings up ALL assessments (not just CRCT, EOCT, and GHSGT) in a more streamlined format
   b. Does not include comparison data
   c. Click on test performance level bars to reveal a roster of students matching that profile. This roster also provides yet another avenue to access **STUDENT PROFILES**.
   d. Click on the expansion buttons next to the subject areas to reveal **CLASSROOM LEVEL DOMAIN DATA** (count of students within quartile bands).
   e. Click on student count "bubbles' to bring up rosters of students fitting the category.
   f. Click on expansion buttons next to domain names to reveal grade levels (in the instance that you have students taking the same test in multiple grades).

VI. Student Search - Use if you are interested in locating the **STUDENT PROFILE** for one student only
   a. Don't have to have GTID but must enter the other information
   b. If you move to student search from other sections of LDS, you cannot navigate back to those sections using the back buttons. You must use "Quick Links" to navigate back to the Teacher Dashboard.

* Also known as Statewide Longitudinal Data System (SLDS)
