## Words from the Director

From Shelly Smith

Congratulations to our Spring 2024 graduates! It was a wonderful evening celebrating the hard work and accomplishments of each researcher.

One of the great things about WAY Flint is how our staff knows each graduate and has had a part in fostering connections, ultimately, creating a unique atmosphere of celebration and pride.

These graduates create openings for new researchers. We hope that you will share information about WAY Academy of Flint with others. Please tell others that we strive for a stress-free, safe and inspirational environment in a more casual setting. We get to know each researcher and work together to develop an individual education plan that works for each of them.

**Help us grow our enrollment by spreading the word about WAY!**

**National Suicide  
Prevention Hotline  
800-784-2433**

**Mental Health Emergency  
Call 988**

Centric is available during the summer break. There are online teachers available to answer questions and grade artifacts. Our researchers can still work toward their diploma in July & August!!! A little effort can make a big difference!

**School resumes  
September 3**

Central Office made a change to the school calendar extending the summer break through August. The Flint staff will be available in August.
