Envision Education:

“Opening that computer lab door unleashed unbridled potential and curiosity. Seeing the joy and wonder in the eyes of the children at the lab as they explored these digital resources served as a powerful reminder of why our mission is so crucial, reinforcing our commitment at Envision Education to empower youth through equitable access to technology and digital learning.”

-Shreyas Sharma, co-founder of Envision Education

Every year, Concordia drives a month-long fundraising effort to benefit the Concordia Fund. This year was no different as our Concordia community again showed their generosity.
Every donation, regardless of size, makes a tangible difference in empowering our students and advancing our mission. Money raised helps fund various projects, ensuring that each donation had an impact.

YUNNAN LIGHTING PROJECT

Yunnan Middle School Lighting Project:

Concordia is proud to have been invited to partner with the local government to help improve educational resources at the Yanjin County No. 3 Middle School in Yunnan province.
By replacing outdated fluorescent lamps with LED flat-panel eye protection lamps in classrooms and teachers' offices, the project aimed to create a better learning environment for the school's 4,385 students.
The first 50,000 RMB raised during the April fundraising campaign supported this project directly.

Our heartfelt gratitude to the following donors:
