

Ten Frame Match

A Math Dice Game for Kindergarteners

Players: Two or more

Materials: Two dice and a set of ten frame cards for each student

Skill: Number recognition, understanding quantities to 10

How to Play:

- Each player puts all of their ten frame cards in front of them
- Player 1 rolls the dice
- Player 1 finds the ten frame card that matches the dice and holds it
- If an 11 or 12 is rolled, roll again
- The first player to match all of their ten frames wins!
