4. MINOR ENHANCEMENTS & FIXES 4

1. OVERVIEW

eSchoolData is pleased to announce version 11.9.0 of the eSD® Student Management System. This release includes many enhancement items as well as minor bug fixes.

For more information, please review this release notice for additional details regarding build highlights, product enhancements, minor enhancements & fixes, and security updates for this version of the eSD® Student Management System.

2. RELEASE HIGHLIGHTS

- **Progress Report Builder** With this release, users will be able to create customized progress report cards. Similar to our other report builders, such as the SBRC builder, the users will be able to create a fully custom progress report card by dragging and dropping the different widgets into the chosen layout options.
 - Associated Permission:
 - Menu Level Permissions:
 - System
 - Gradebook Reporting
 - Progress Report Template Builder
 - Module Level Permissions:
 - Grade Reporting
 - Progress Report Templates
 - Add
 - Edit
 - Delete
 - View
 - Report Builder
-
- **Administrative Report for Missing Classes-** With this release, users will be able to use this new administrative report to pull lists of students who are missing specific courses. This report can be used to see which students may be missing a Lunch, Study Hall, or other defined course.

3. PRODUCT ENHANCEMENTS

ACADEMIC
Academic > Performance > Administrative Reports A new Student Civic Readiness report has been added. This report provides a list of students with at least one Civic Readiness entry and their total points.
DISTRICT
District > Calendar > Update Lunch Menu School Year selection has been added to Summer School buildings (Current and Next Year) so that lunch type can be added at anytime.
GURU
GURU > API Created a new POST /v1/dailyAttendance/bulk endpoint so students attendance can be imported as a batch.
GURU > API The GET /ims/OneRoster/v1p1/Rooms endpoint returns room data as expected.
REPORTS
Reports > Grade Reporting > Standard-based Reports An option to print Template Only is now available. When this option is selected, the system will utilize the student schedule to determine the appropriate combinations of main and sub-templates, but teacher, student and grade details will be omitted from the Run.

4. MINOR ENHANCEMENTS & FIXES

ACADEMIC	
Issue #	Description
1111974, 1132956	Academic > Honor Rolls When running the honor rolls, students will be properly excluded if they have any comments that are flagged to be excluded from the honor roll setup. The honor roll will not print on the student report cards as well.
	Academic > Performance > Administrative Reports A new administrative report, Gradebook Category Averages, is now available. This report will show users the student category averages associated with each of their courses.
DISTRICT	
Issue #	Description
1132604, 1139623, 1139684	District > Calendar Events created at the district level will now show a single time instead of once for every building the event is associated with.
1132604	District > Calendar > Calendar Event dates are able to be edited successfully.
1124483	District > Calendar > Day Code generator Correction to an issue with the day code generator when running for future years.

1016570	District > Grade Advancement The grade advancement process has been updated to reflect the defined transfer date for cases where the student is transferring between buildings within the district.
GRADE REPORTING	
Issue #	Description
1130505	Grade Reporting > Report Cards Courses with a future drop date will print on generated report cards leading up to the course drop date.
1128916	Grade Reporting > Transcripts Finalized transcripts export to excel whether a custom template is used or not.
GURU	
Issue #	Description
1127836	GURU > API The GET /v1/categoryaverages endpoint will pull all Category Averages set up within Teacher Connect.
1124738	GURU > API The GET /v1/Students will return Rooms when the IncludeHomeroom field is set to True.
1117334	GURU > GURUBoards The Assessment tab within the Student Profile widget loads data as expected.
1128908, 1130391	GURU > GURUBoards The Chronic Absence Widget will export the proper data based on the selection of Current Fields or All Fields.
1121586	GURU > Rules The rule to remove spaces from student email addresses has been corrected and will now remove spaces as expected.
1137632	GURU > Zaps The STAR Renaissance GURU Zap has been updated to pull students in early grade levels. PK and PS grade levels will be considered to be "Pre-K" while the other K grade levels will be considered to be "K".
	GURU > Zaps SBRC grades will now be available within the LinkIt! Zap.
	GURU > Zaps A new Zap, The Library Corporation, has been added to the Zap marketplace.
INTEROPERABILITY	
Issue #	Description
970717	Interoperability > eSP > Parent Portal An issue which was preventing Course requests from printing has been resolved.
1040489	Interoperability > Partners > Calling System > Attendance Tooltip for Attendance reasons displays properly based on Included/Excluded reasons.
1125291	Interoperability > Partners > Microsoft The length of the client ID field has been increased prevent an Object/Object error from being returned when teachers import assignments from Microsoft.
NY ONLY	
Issue #	Description
	NY Only

	Reports > Exports > NYS eScholar Exports The 2024-2025 Student Restraint Events template is available.
1041631, 1116148	NY ONLY Student > Discipline The ability to add Interventions for local incidents has been added and is permission based.
	NY Only Academic > Assessments New state assessments have been added to the application. Additionally, any expired assessments have been updated with a 'Last admin' date.
PA ONLY	
Issue #	Description
1135239	PA Only System > Attendance > Attendance Event Wizard Newly created events will only apply to selected students and ignore students that display in red indicating they have a conflicting event.
REGISTRATION	
Issue #	Description
878621	Online Applications Apartment field is limited to 10 characters.
860984	Registration > Household Emergency Contacts can be added successfully when the contact has a different address than the household address.
981416, 983898, 996405	Registration > Student The Summer School section of a student Enrollment Record displays the latest grade enrollment record per scheduling year.
1122716	Registration > Students > Students > Excel Export Student Nickname is now presented in a separate column.
REPORTS	
Issue #	Description
1131114	Reports > Attendance > At-6 Header column remains stable when scrolling.
