NC State Board of Education Global Education Task Force Goal 4.2

<p>Global-Ready School</p>	<p><i>Preparing Students for the World: Final Report of the State Board of Education’s Task Force on Global Education</i> (January 2013) provides a set of recommendations for ensuring that every student who graduates from our public schools is “prepared to be a globally engaged and productive citizen.” Recommendation 4.2 states: “Institute a Global-Ready designation for schools and districts that provides a process and incentives for K-12 world language opportunities for all students; pathways for teachers to achieve SBE recognized badging and career ready-employer requirements, among others”.</p>
<p>Global-Ready Designation</p>	<p>The NC Global-Ready School Implementation Rubric is built around the North Carolina Department of Public Instruction’s (NCDPI) “Global-Ready School Attributes,” which describe characteristics of a high-quality Global-Ready School.</p> <p>The rubric articulates a common language for Global-Ready School implementation strategies and establishes a continuum describing beginning-to-great global schools. The rubric can serve as a guide for schools or other organizations in the design and/or implementation of Global-Ready leading and learning efforts. The rubric may be used to reflect on characteristics of a school model and to plan action steps for the future.</p> <p>NCDPI is using this rubric as the framework for the “NC Global-Ready School Designation” application. The rubric is available at: http://www.ncpublicschools.org/globaled/actions/item4-2</p>

Application Guide and Directions

Requirements for Designation

1. Schools can earn the Global-Ready School (GRS) Designation at either the “Prepared” or “Model” Level of Achievement.
2. To receive GRS designation, schools must also meet the following student achievement requirements in addition to "Prepared" or "Model" on the Global-Ready School rubric:
 - A. Schools must be at or above the state average performance composite for Level 3. Schools will use the state average for their school grade configuration:
 - through grade 5
 - through grade 8
 - through grade 12
 - B. In addition, schools must meet or exceed their expected yearly growth.

These measurements are based on the data from the school year preceding the application year.

Rubric Terms and Organizational Structure

Attributes are grouped under overarching principles. Each Attribute is further defined by **Key Elements**. The **Levels of Achievement** indicators as follows:

- **Early:** There is awareness school-wide for global education. The school has a few systems and structures in place to support global education, but needs to identify and integrate systematic support for these efforts. Limited practices showing little impact on students.
- **Developing:** The school occasionally implements systems and structures to support global readiness. The school recognizes the need for global connectivity and has some components of global connections. An opportunity exists for refining systems and structures. Inconsistent practices showing some positive impact on students.
- **Prepared:** The school effectively implements systems and structures (processes) to support global readiness. Many components of global education are embedded school-wide. Sound, well-embedded practices showing positive impact on students.
- **Model:** The school consistently implements systems and processes to support global readiness. The school is a leader for other schools to replicate or model. Global readiness is embedded in the school's culture. Well-developed, cutting edge practice showing consistent, high-level student impact.

NC Global – Ready School Designation

The Overarching Principles and Ten Attributes of Global-Ready Schools define essential components central to 21st Century Skills:

NC Global-Ready School Overarching Principles and Attributes*
A Global-Ready School demonstrates its commitment to prepare students for the world through sustainable strategic planning.
1. A site-based global education strategic plan is in place that addresses students, faculty, parents, local and global communities.
2. A site-based global education committee or advisory council is in place to address the goals of the global education strategic plan.
A Global-Ready School demonstrates teaching and learning practices by integrating global themes throughout curriculum, aligned with state, national, and international business/industry standards.
3. Professional development on embedded global education curriculum.
4. Embedded global themes and problem-based learning throughout the curriculum.
5. Global experiential learning experiences (face-to-face and virtual) for each student and teacher.
6. Alignment of student global competency development with career and/or postsecondary pathways.
7. Leading-edge language instruction.
8. Authentic assessment and demonstration of global competence.
A Global-Ready School initiates and sustains local, national, and international community and business/industry partnerships.
9. Global education strategic plan is communicated.
10. Business/industry, nonprofit, and community partnerships for Global Education opportunities that extend the classroom walls.
<i>*Attributes define essential components central to 21st century skills</i>

The Global-Ready School Designation Rubric contains ten Global-Ready Attributes. Each **Attribute** is described individually on separate pages. Each Attribute page lists two to six “Key Elements” or key components of the Attributes, indicated in the rows. The Level of Achievement across the top of the page, ranges from “Early” to “Developing” to “Prepared” to “Model” and represents varying depths of implementation for each Key Element, indicated in the columns. Finally, the “Quality Indicators” describe the critical nature of a school’s implementation of a particular Key Element at a particular point along the Levels of Achievement. Schools can use the rubric as a road map for their goal setting towards earning the state level designation.

The Global-Ready School rubric is comprised of the following elements:

- Overarching Principle

- Attribute (grouped under an Overarching Principle)
- Levels of Achievement (“Prepared” or “Model” required for designation)
- Key Elements (for each Attribute)
- Quality Indicators (for each Level of Achievement per Key Element)

District strategic and/or action plan indicates comprehensive staff and student goals for global competence, identifies relevant tools and resources, and articulates specific actions to help students and staff meet those goals.
1.3 School resources	District strategic and/or action plan includes statement of need to identify the resources to meet global competence goals.	District strategic and/or action plan identifies human and material resources needed for some schools, departments and personnel to meet global competence goals.	District strategic and/or action plan identifies human and material resources needed for most schools, departments and personnel to meet global competence goals.	District strategic and/or action plan includes the specific identification of human and material resources and infrastructure needed for all schools, departments and personnel to meet global competence goals.

QUALITY INDICATOR

KEY ELEMENT

The **Quality Indicators** provide specific information on a school’s execution of a particular Key Element. School personnel can use the rubric as a road map for goal setting in order to earn the state level designation.

Review Process

Each application will be reviewed to assure it is complete and submitted according to the directions.

Applications with self-assessments at the “Prepared” or “Model” Level of Achievement will be evaluated by a state level review team.

Schools will be notified in June of application status. Schools that meet criteria for “Prepared” or “Model” Level of Achievement will be scheduled for a site visit in September 2015. These schools will be provided information regarding the site visit upon notification.

School Notification of Designation Status

Schools will be notified in June 2015.

Designation Status Length and Renewal

After three years, schools will need to re-apply for the NC Global-Ready Designation. If desired, a school that initially receives a “Prepared” designation may apply to seek a “Model” designation during any of the subsequent three years.

Tips for Completing the Application

- Establish a team to complete the application and involve faculty in writing, documenting and selecting evidences, and editing.
- Establish a timeline for completion of the application, including the time for district level review and approval as determined by the superintendent.
- Provide for early input and collaborative involvement from business partners, community partners, and postsecondary partners.
- Remember the rubric is a roadmap and how a school arrives at the destination is often unique to that school.
- Include narrative evidences of accomplishments for each of the ten Attributes and each Key Element, not to exceed 1600 characters for each attribute.
- Address each Key Element under each of the Attributes with documentation and evidences.
 - Provide data that is both qualitative and quantitative.
 - Use student results and outcomes in responses.
 - Remove personally identifiable information of students’ names.
 - Select evidences that provide a clear picture for the reviewer.
 - Use an evidence more than once, if it addresses multiple Key Elements.
 - Select supporting evidences that best exemplify and distinguish the school.
 - Do not submit actual evidences with the application. The application should contain links to those evidences.
- Use Calibri, font size 10 for electronic support documentation.
- Incorporate global education strategies within the school improvement plan.
- Complete Forms A, B, C, D and E. Submit all 5 forms for the complete application.
- Share successes with staff.

For additional information, see Application [Form C](#).
