RE: Right - Sized Campus Update

Following the most recent meeting of the Building Capacity and Usage Committee (BCUC), Executive Cabinet reviewed the current status of the right-sized campuses and any requests to open classrooms or building wings. The following decisions have been made for the 2016-17 school year:

Mountain Shadows: At BCUC request, MS was considered as the DVHS Regional Early Childhood (EC) cluster site, utilizing the 200 wing and renovating classrooms to accommodate additional EC students in the 2017-18 school year. During the 2016-17 school year, MS may make the classroom moves necessary to accomplish the transition year of summer 2017 renovation. An additional .5 custodian will be added to MS for the 2016-17 school year.

Arrowhead: No change. Rooms 41,42 & 43 remain closed.

Desert Sage: No change. Portable buildings remain closed.

Greenbrier: At BCUC request, GB was considered as the DVHS regional EC cluster site. Mountain Shadows was determined to be a better option. During the 2016-17 school year, GB may access 6 classrooms in the 300 building, thus not incurring additional custodial expense, all other rooms will remain locked and unused.

Mirage: No change.

New River: During the 2016-17 school year, NR may access 4 classrooms in the 300 building, thus not incurring additional custodial expense, all other rooms will remain locked and unused.

Village Meadows: No change. An additional .5 custodian will be added to VM for the 2016-17 school year as the campus is currently understaffed for the space being maintained.

Jody, Janet and Stephanie, at your earliest convenience, please contact Jim Migliorino to identify the specific classrooms you will be occupying and provide him with an updated room utilization map.

Many thanks!
