DEER VALLEY
Unified School District

Caring for your Chromebook

Students are responsible for the general care of the district or school-owned Chromebooks they were issued.

Chromebooks that are broken or fail to work should be taken to the school's designated reporting area, typically the library/media center.

Never take your Chromebook to an outside computer service for any repair or maintenance.

<u>Here are some tips to help keep your Chromebook in top shape</u>

- ***No food or drink should be next to Chromebooks.***
- ***Do not write or draw on, apply stickers or labels to, or otherwise mark up or deface the Chromebook.***
- ***Do not tamper with the school tags affixed to the Chromebooks.***
- ***Do not attempt to remove the case. The screen can be damaged if done improperly.***
- ***Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, notebooks).***
- ***Use both hands when opening the Chromebook.***
- ***Do not hold the Chromebook by the screen.***
- ***Always close the Chromebook before walking with it.***
- ***Do not place heavy objects on top of the Chromebook.***
- ***Do not spray liquid directly on the Chromebook. Clean the screen with a soft, dry, antistatic, or microfiber cloth.***
- ***Treat your Chromebook as valuable material, do not leave it lying around or walk away without securing it.***
- ***Students are responsible for the cost of any damage, including cracked screens and lost power adapters.***
