Directions for how to submit to turnitin via Canvas with the new IOS 11.1 update:

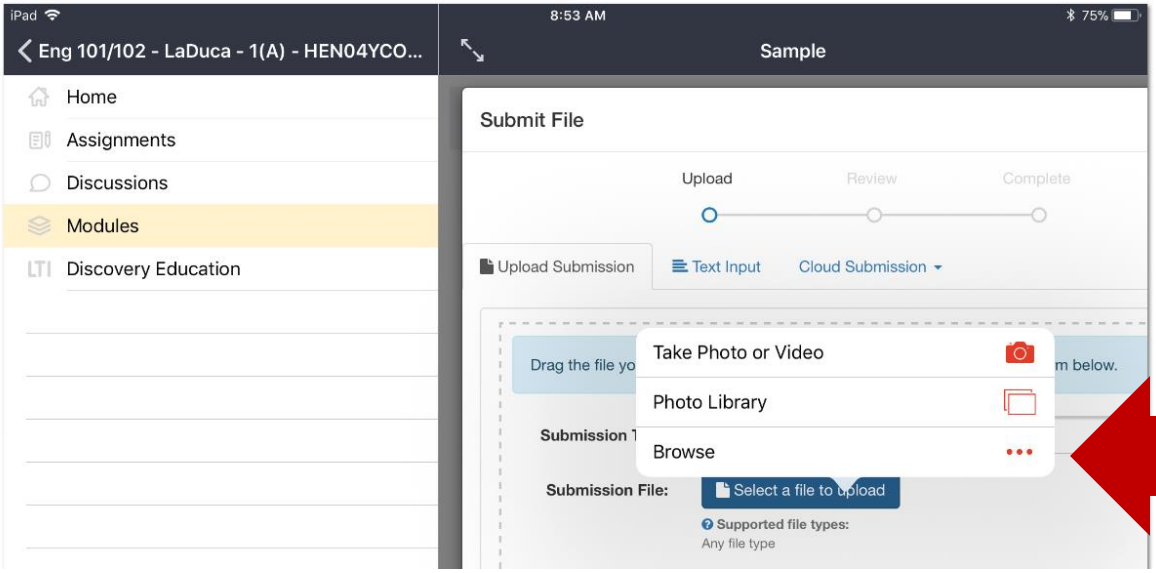

1. Click on Launch External Tool (just like you normally would)
2. Click on Upload Submission (again, just like before)
3. Click on Select a File to Upload (yep, this is still the same)
4. Click on Browse (here is the new stuff)
5. If you don't see what you want to upload in the Recent section, then click on the Browse folder at the bottom of the page
6. Then click on Dropbox, or wherever you are pulling the document (I am pulling from Dropbox)
7. Find the appropriate folder and then click on the assignment like you normally would and then continue the same old process for uploading and confirming the submission!
