Dear Families,

When children have “Being There Experiences” such as going to the zoo, park, pool, camping, etc. they expand their vocabulary and build background knowledge. Vocabulary and prior knowledge play a huge role in learning. Listed below are Virtual Field Trip suggestions. On occasions when we are restricted by time, finances and protocols, they can serve as a fun way to do something entertaining and educational. Here is a sample of items I found. Of course every time I starting looking at one thing I found many more. So enjoy!!
