AP HUMAN GEOGRAPHY

SUMMER ASSIGNMENT

Welcome to AP Human Geography also known as AP HUG. I wish to share my enthusiasm and fascination with the world as we lead you through to the May 2025 College Board Exam. The assignment is designed to have you ready for our first day of class and to help keep you organized throughout the year. It contains five parts, and all are due the **first day** of class. If you have any questions, contact: jessica.forestiere@poquoson.k12.va.us

Part I: AP Human Geography Map Assignment

Part II: MDC & LDC Country Profiles.

- Each student will select 1 More Developed Country (MDC) and 1 Less Developed Country (LDC) from the list below to research throughout the year-long course. Before you select your MDC and LDC country, turn to this source and explore a variety of countries. (Some countries have “better” or more information which will make life easier for you in the future.) <https://www.cia.gov/the-world-factbook/countries/> . Print out your 1 MDC and 1 LDC country's profile. The print-out (print back to back) will be long, (8-9 pages or so for each country), but it will allow you to quickly access important data for your school-year assignments. Place this important information in your binder under the TAB “Country Profiles” in your AP HUG binder as you complete Part II of this assignment.

2024 - 2025 AP Human Geography Map Assignment

What am I doing? Labeling world outline maps with the features listed below building an understanding of the political and physical geography world regions.

Why am I doing this? Part of entering an AP class is an assumption of a certain level of background knowledge and skills. You will need a strong working mental map in order to be successful in this course.

When are the maps due? August 26! (First Day of Class)

How many maps should I submit? 14

Map 1 - Map Basics	Map 8 - Sub-Saharan Africa
Map 2 - Land Features	Map 9 - North Africa & the Middle East
Map 3 - Rivers and Lakes	Map 10 - E Asia, C Asia, S Asia, and SE Asia
Map 4 - Seas, Gulfs, and other Major Water Features	Map 11 - Central and South Asia
Map 5 - North America and the Caribbean	Map 12 - Oceania
Map 6 - South America	Map 13 - World Regions A Big Picture
Map 7 - Europe	Map 14 - World Regions A Closer Look

What do I label on each map? Each map has a list of countries, cities and/or regions to label. The list and corresponding numbers will serve as the key. Label each element with the correct number in the correct location. Only items labeled on the correct maps will be scored and tested. **Countries are listed in regular font and cities are listed in *italics*.** NOTE: **Bolded** items have an emphasis in APHuG.

When is the first map test? Tests will vary, but there will be one test in the first two weeks and more through the year. It is essential that you build a mental map of the world and the placement of states (countries), cities, and natural phenomena.

How do I study? Studying for map tests takes time and preparation. The first step is to find each feature and label blank outline maps. Use the list below and quiz yourself by labeling blank maps and seeing how much you know. Listed below are links where you can test yourself online.

Coloring the map is optional (except for map 13 and 14), but will (WILL!!!) help memory.
