Course: Early Childhood Education
Teacher: Mrs. Budde
Room: 611

E-mail: Sandy.Budde@dvusd.org
Voicemail: 623 445-7253
Web Page/Canvas Site:
https://www.dvusd.org/Domain/6645

Tutoring Times: By appointment

Course Description

This course examines the developing child from conception through adolescents. Areas of study include physical, social, emotional and cognitive growth of children. Students gain an understanding of issues related to child development. Observation in a preschool setting provides students with real world experience*.

*Sandra Day O'Connor High School is fortunate enough to have a State approved childcare facility on our campus to facilitate authentic workplace learning for our students. Those enrolled in Early Childhood Education are given the opportunity to have one-on-one interactions with preschool aged children as they will be observing and analyzing the students in the Eagles Nest Preschool.

Text Book: *The Developing Child*

Other Resources: In addition to short film segments, students will be viewing the following full-length movies during Early Childhood Education this school year.

- *Life Before Birth* (in conjunction with our unit on Prenatal Development and child birth)
- *The Business of Being Born* (in conjunction with our unit on Prenatal Development and child birth)
- *Babies* (in conjunction with our unit on Infant Development)
- *Bully* (in conjunction with our unit on School Age Development)
- *A Girl Like Her* (in conjunction with our unit on Adolescence)
- *Mean Girls* (in conjunction with our unit on Adolescence)
- *Finding Nemo (*in conjunction with our unit on Preschool Development*)*
- *Inside Out (*in conjunction with our unit on Multiple Intelligence*)*
- *Wreck-It Ralph (*in conjunction with our unit on Preschool Development*)*

Materials Needed:

- A charged student Chromebook for daily use
- Materials for flour baby (list will be sent home prior to project)

Course Objectives

1.0	Examine the foundational concepts and theoretical approaches of early childhood education	9.0	Examine strategies to build family and community relationships
2.0	Examine the factors influencing prenatal development	10.0	Examine developmentally-appropriate practices that support meaningful learning experiences
3.0	Examine infant development (birth to 12 months)	11.0	Examine developmentally-appropriate learning environments/ learning centers
4.0	Examine toddler development (12 to 36 months)	12.0	Examine developmentally-appropriate learning experiences
5.0	Examine preschool development (3 to 5 years)	13.0	Examine strategies that promote prosocial behavior in young children
6.0	Examine early elementary child development (kindergarten through grade 3)	14.0	Examine observation and assessment strategies in early childhood settings
7.0	Examine procedures and regulations that promote health and safety in early childhood environments	15.0	Examine professionalism and legal and ethical practices in the early childhood education profession
8.0	Examine health and nutrition in young children		

Grading Policy
O'Connor High School believes that authentic grading accurately measures and reflects a student's performance based upon mastery of the standards.

O'Connor High School implements a research-based, unified grading and reporting policy that is focused on a standards-based mindset in which all grades are proficiency-based that effectively communicate what students know and can do, so students can focus on growth and learning. Grades will have consistent meaning throughout the system and be based upon grade level standards.

In order to increase grading consistency, accuracy, equity, and focus on learning, O'Connor High School strives to employ the following tenets:

- A student's grade should reflect academic learning and should never be used as a punitive tool.
- Grades are for reporting the status of academic learning, not behavioral conduct.
- The primary purpose of assessment and grading is to provide detailed feedback to inform student learning.
- Learning is a process that takes place over time and at different speeds for different students.
- A coordinated assessment and grading system clarifies the expectations for all students and maximizes academic opportunities.

Social Behavior Agreement
We at OHS believe that all students have the right to learn, all teachers have the right to teach and that all students will have the opportunity to demonstrate their learning. We believe that we do not leave this decision of learning up to choice. Thus the reason for the Social Behavior Agreement.

Social emotional learning (SEL) is an important process through which students are supported in social skill development to engage in positive relationships with their peers, teachers, and other adults while learning to access their emotional intelligence to foster awareness of self and others.

Integrated through a whole-school approach in the teaching and learning communities, school climate and culture, and supporting structures, SEL can promote good decision-making, positive relationships, and self-care. By implementing SEL in a school-wide approach, educators can help students become more successful in high school and beyond.
There are five interrelated sets of cognitive, affective and behavioral competencies. These along with our Standards Based Mindset Academic Behavior Framework and Flowchart. Assist our teachers in helping our students make good educational choices, along with assisting students with self-advocating, responsible and self-awareness of their academic choices.

Self-awareness: The ability to accurately recognize one's emotions and thoughts and their influence on behavior. This includes accurately assessing one's strengths and limitations and possessing a well-grounded sense of confidence and optimism.
Self-management: The ability to regulate one's emotions, thoughts, and behaviors effectively in different situations. This includes managing stress, controlling impulses, motivating oneself, and setting and working toward achieving personal and academic goals.
Social awareness: The ability to take the perspective of and empathize with others from diverse backgrounds and cultures, to understand social and ethical norms for behavior, and to recognize family, school, and community resources and supports.
Relationship skills: The ability to establish and maintain healthy and rewarding relationships with diverse individuals and groups. This includes communicating clearly, listening actively, cooperating, resisting inappropriate social pressure, negotiating conflict constructively, and seeking and offering help when needed.
Responsible decision-making: The ability to make constructive and respectful choices about personal behavior and social interactions based on consideration of ethical standards, safety concerns, social norms, the realistic evaluation of consequences of various actions, and the well-being of self and others.

O'Connor High School will be using Traditional Grading as defined by the DVUSD Grading Practices 2023-2024 Document:

<table>
<tr><th colspan="3">Highly Proficient A
100%-90%</th><th colspan="2">Proficient B
89%-80%</th><th colspan="2">Proficient C
79%-70%</th></tr>
<tr><td>100-97</td><td>96-94</td><td>93-90</td><td>89-85</td><td>84-80</td><td>79-75</td><td>74-70</td></tr>
<tr><td>All 4's on standards</td><td>All 4's except for one 3</td><td>Mostly 4's with some 3's and/or 2's</td><td>Mostly 3's with some 4's
All 3's on standards</td><td>Mostly 3's and 4's with a 2</td><td>Mostly 3's with some 2's</td><td>Mostly 2's with 3's and/or 4's</td></tr>
<tr><th colspan="3">Partially Proficient D
69%-60%</th><th colspan="4">Minimally Proficient F
59%-50%</th></tr>
<tr><td colspan="2">69-65</td><td>64-60</td><td colspan="2">59-56</td><td colspan="2">55-50</td></tr>
<tr><td colspan="2">Mostly 2's and 3's with a 1</td><td>All 2's on standards</td><td colspan="2">Mostly 2's and some 1's</td><td colspan="2">All 1's on standards</td></tr>
<tr><th colspan="7">No Evidence</th></tr>
<tr><td colspan="7">49% - 0%</td></tr>
</table>

SDOHS will be utilizing the categories and weights associated with DVUSD Grading Practices z changes, specifically the use of Assessment, Coursework, and Practice categories for all entries in the gradebook. A breakdown of these changes are listed below:

ASSESSMENT: This category includes all items used to measure a student's proficiency toward the learning standards once the student has had sufficient practice and at a specified point in time. This category can include summative tests, performance assessments, reports, unit or module assessments, quizzes, long-term projects, short-term projects, presentations, capstone projects, research papers, and lab reports.

COURSEWORK: This category includes formative work that provides students with the opportunity to learn content and skills and to receive feedback on their learning. Coursework is assigned to provide meaningful, independent practice, reinforce learning targets, and extend learning. This category can include in-class assignments, quizzes, exit tickets, checks-for-understanding, and daily activities.

PRACTICE: This category includes formative student work that a student completes while in the process of learning specific skills. Student work that is done inside and outside of the classroom, such as classwork and homework, falls into this category.

Weights
All teacher gradebooks will utilize the following weights for each category in the gradebook.

ASSESSMENT CATEGORY	80%
COURSEWORK CATEGORY	20%
PRACTICE CATEGORY	0%

In addition to the percentage score for entries in the gradebook, Assessment category entries will have standards tagged for informational purposes only. This will give the student, parent, and teacher the ability to quickly assess what skill or content section needs improvement.

PowerSchool Access
The PowerSchool site allows parents/guardians and students to access the student's grades, attendance, and other information. If you need your access information, please stop by the front desk during business hours. You will need a photo I.D. The web address is: ps.dvusd.org/public

Make-Up Work
When a student is absent from school, the student will be provided the opportunity to make up work in order to close learning gaps from time away from school. The teacher will provide access to the student's assignment(s) and any hand-out or materials necessary for accomplishment of such assignment, allowing a minimum make-up period of one (1) day for each day absent.

Students are responsible for communicating with the teacher the first day back from an absence to develop a plan to make-up lost learning/assignments. Students are encouraged to communicate electronically with the teacher during the absence.

Students who miss school work because of unexcused absences or suspensions will be given the opportunity to make-up missed work for credit. The teacher may assign such make-up work as necessary to ensure academic progress, ***not as a punitive measure.***

Late Work Procedure
In order to accurately reflect a student's academic performance level, teachers will accept late work and missing work for full credit if the work is submitted within the timeframe of the current unit of study. A zero will be entered in the gradebook until the work is submitted. Students will be responsible for turning in late work in addition to their current work, which results in the natural consequence of a heavier workload. The primary consequence for not completing the work is to **complete the work.** Students may be assigned to our academic intervention time, assigned behavioral consequences such as lunch and/or after school detention for not completing work. It is the expectation that during these assigned intervention and/or detentions, the student utilizes the time to **complete the missing work.**

In order for **Late Work** to be accepted, students must meet the following parameters:

- Assignment is not due within the class period
- Assignment is not a timed activity (such as a Quick-Write Essay)
- Assignment is not a Long-Term assignment (over multiple weeks)
- Assignment is turned in within the following time frame
- 9-12 Grades: By the end of the unit

If a student meets the above criteria, he/she will be issued full credit for the work submitted (no added penalties or caps on the grade that can be earned). The teacher will mark the student's assignment with the "Late" special code. If the assignment is an assessment, the proficiency level of the standards attached will be entered.

Long-Term Project Procedure
There is an important distinction between daily/formative assignments and long-term/summative projects. Make-up policies regarding long-term/summative projects are based on the timeframe of the student's absence and the requirements of the long-term project. It is the expectation that students submit long-term projects on the day they are due. ***Students should self-advocate for assistance if they need extensions.***

Re-Take/Reassessment Procedure

Retake: The student completes another assessment of the same learning targets. The assessment to be retaken may be in the same format or a different format. The higher of the two scores will be entered in the gradebook.*

Reperformance: The student will be reassessed on the same learning target later in the marking period as part of the instruction cycle, thus providing an additional measurement of the learning. All reperformance scores related to the learning target will be entered in the gradebook.

Retakes or reperformance of essential skills is important to support learning of critical skills and filling gaps in learning. Retakes are allowed for assessments in which scores are entered into the gradebook, for full credit, if reperformance opportunities will not be available during the marking period or in addition to reperformance opportunities during the marking period.

In order to earn a retake opportunity, a student must complete all of the following:

- Complete all formative coursework related to the content/skill assessed
- Consult with the teacher
- Submit a reassessment plan or application, if required by the teacher

A reassessment plan must be scheduled within the following time frames:

- 9-12th Grades: With 5 school days of receiving the assessment score, the student must communicate with the teacher to create a reassessment plan

You are allowed to retake a unit test within 5 days after the unit closes for credit.

Classroom Behavior Expectations and Consequences

Students are expected to understand and comply with all district and school policies as set out in the student handbook. Students who fail to comply will face appropriate consequences. Students should be especially aware of the policies governing attendance and dress code as well as computer and Internet usage on campus. In addition, Mrs. Budde has student behaviors that are listed in the classroom that will need to be followed.

Electronic Device Use

Technology (cell phones, Chromebooks, hand-held devices, etc.) use in the classroom is intended to **enhance** the learning environment for all students; however, any use of technology that degrades the learning environment, promotes dishonesty or illegal activities, is prohibited. If the instructor determines that the use of technology is a distraction to the learning process, either of the student using the technology or to those around him/her, the student may, at the discretion of the teacher, be asked to discontinue the use of technology in the classroom.

School Devices to Facilitate Learning:

Sandra Day O'Connor High School utilizes Chromebooks **as a learning tool** in the classroom. The classroom teacher will inform students as to when they may use their device and for which purposes. Students must adhere to their teacher's guidelines for use and appropriate times for use. Any student who violates the teacher's guidelines will be subject to disciplinary action.

Please note- students may <u>not</u> access their personal devices, whether for entertainment or learning, if the teacher has stated that the classroom activities at that time do not warrant use. For example, during testing or assessments, but not limited to only these. Please make sure you check with your teacher for his/her policy in the classroom.

Plagiarism and Cheating

Cheating: In cheating, a student is taking the work of another, on any assignment, and claiming it as his/her own. At SDOHS cheating includes but is not limited to:

- Copying and/or offering homework verbally, in written form, or by electronic means from/to another student.
- Copying and/or offering questions and/or answers on tests or quizzes verbally, in written form, or by electronic means from/to another student.
- Pressuring other students to copy and/or offer homework, answers and/or questions on tests or quizzes verbally, in written form or by electronic means.

- Bringing in and using unauthorized information during class time, including information stored in any electronic device.

- Offering or receiving information under circumstances in which information is not to be shared.
- Having anyone, including parents or tutors, complete assignments and submitting the work as one's own.
- Presenting collaborative work as independent work and independent work as collaborative. (In group work, one person should not and will not bear the burden for the entire group assignment.)
- Copying answers from answer guides in texts.
- Fabricating data, information, or sources. Presenting made up material as authentic.

Plagiarism: The act of plagiarism may include direct copying, but it may also be more complex than verbatim repetition. A student, in preparing a project for a class, will have plagiarized if he/she has taken information from sources without citing the sources that have been used. Plagiarized material may appear in a student's paper as word-for-word copying, a summation, or a paraphrase of another's ideas. A student has plagiarized whether the material from another source has been taken in whole or in part. In effect, by not naming the source, the student is claiming the work of another as his/hers. At SDOHS plagiarism includes but is not limited to:

- Submitting images and/or documents in whole or in part from the Internet without citation of the source(s).
- Copying another's work.
- Using another's ideas without proper citations.
- Incorporating portions of another's writing within the context of your own work.
- Failing to acknowledge a source of information.
- Using "unique" phrases without citations.
- Using graphics, charts, diagrams, or illustrations without citations.
- Using a translator (either in-person or on-line) without proper citations

Plagiarism and/or Cheating will result in disciplinary actions and a 0%, with no option to redo/retake. - **No exceptions.**

9-12 Artificial Intelligence (AI) statement

DVUSD has determined that the use of Large Language Models (LLMs), such as ChatGPT, is prohibited unless clearly specified by your teacher. Specific guidelines will be provided in the assignment details. If you are unsure if the tool or website you are using is an LLM or if it is permitted on a specific assignment, please contact your teacher before submitting your work.

Loss of Credit Due to Absences

Upon reaching 12 unexcused and/or excused absences, a student may **lose credit** in any given class.
Any student may be placed on an Attendance Contract upon accumulating multiple excused and unexcused absences.
Any student with excessive absences may:

1. Lose credit in one or more classes.
2. Lose parking privileges.

Communication

Please contact the teacher for any student concerns. It is crucial that teachers, parents, and students maintain open lines of communication in order to ensure the best support for student success. Contact information is provided at the top of the first page of this syllabus.

The Deer Valley Unified School District does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities. For any inquiries regarding nondiscrimination policies contact the Superintendent's Department, 20402 N. 15th Avenue, Phoenix, AZ 85027. 623.445.5000.

✂----------

Please return this portion by August 7, 2023.
