**VISION**

**Energizing Eagles to Explore and SOAR**

**MISSION**

Our mission is to empower the eagle community to collaborate, innovate, persevere, and SOAR in a global society.

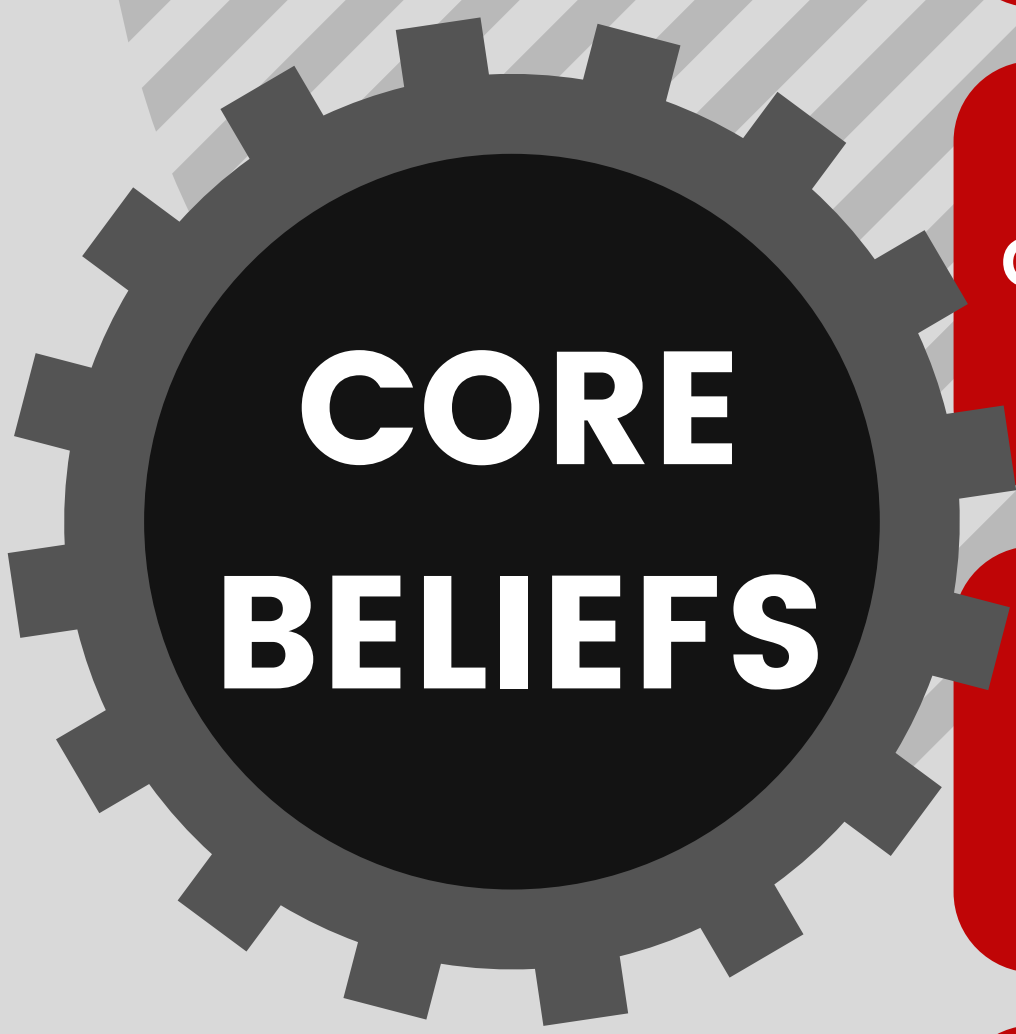

We believe that stakeholders are valued partners and should be active participants in the learning process.

We believe that effective communication and collaboration are essential skills for the eagle community to SOAR in today's world.

We believe that innovative skills are a vital component to adapt and evolve with the dynamic nature of technology.

We believe in establishing and modeling high expectations and perseverance through appropriately challenging activities.

**CORE BELIEFS**
