

Jake Schorr

I am hopeful to be a professional soccer player because I really like sports and soccer is my favorite.

My favorite position is goalie. It will be hard to make the pros.

I really like the feeling of being on the soccer field. I also like the feeling of making saves and scoring goals.

I also like that soccer is not easy. One time in a match the other team kept scoring. It was hard to score. We lost 9-4.

I hope that this dream comes true. I will work as hard as I can to make it come true.
