SPRING BREAK MESSAGE

Dear Members of the Blind Brook Community,

As we approach the end of March, I can say that we were fortunate that it did not come in like a lion but it is also not going out like a lamb! There have been some challenges in the past few weeks including fire alarms and concerns about shooting threats in neighboring districts. I am hoping that the upcoming break gives us a chance to move forward in a more positive direction.

Next week is Spring Break which represents a time for students, staff and families to take a break from school work and studies. Regardless of if you are taking a trip to explore new places or just enjoying staying at home, on behalf of the Board of Education and myself I wish you a Happy Passover, Happy Easter and general happiness during the upcoming week.

Sincerely,
Dr. Colin M. Byrne
Superintendent of Schools
