## **MISTAKEN REPORT OF SHOOTING THREAT**

Dear Members of the Blind Brook Community,

I was notified that several news outlets had mistakenly included Blind Brook on the list of schools that received a call about an active shooter. I want to assure the community that no one in the school district has received a threat. If we do receive anything we will notify the community and take all appropriate actions.

I want to thank the news organizations for working with us to correct the information that was posted.

Sincerely,

Colin Byrne  
Superintendent of Schools  
Blind Brook-Rye Union Free School District
