Investigation of Online Threats of Violence on December 17th

Dear Members of the Blind Brook Community:

The District administration was made aware of postings on social media that indicated that there were threats of school shootings or bombings that were to take place on Friday, December 17th. The Westchester County police have investigated these postings and have determined that there are no credible threats to schools.

Please know that we take the safety of our students and staff extremely seriously. We will continue to follow up with our safety consultants and will maintain the security protocols that we have in place.

Dr. Colin Byrne
Interim Superintendent of Schools
