## **TikTok Posts for December 17th**

Dear Members of the Blind Brook Community:

Districts around the country have been alerted to several TikTok posts that threaten schools. These viral posts have been investigated by police and are believed to have originated from outside the country. They have been deemed to be non-credible. There was no specific threat against schools in the Blind Brook School District.

We encourage you to take this opportunity to review appropriate use of social media with your child. Here are some resources to help you have these conversations with them and maintain a healthy relationship with technology.

- [Teaching Kids to Be Smart About Social Media \(for Parents\) - Nemours KidsHealth](#)

If you or your child witness any suspicious activities on social media, please contact law enforcement immediately.

We will continue to stay in contact with the Rye Brook Police Department and our security consultants, and pass along any additional information related to social media activity that impacts our schools. As we take the safety of our students and staff extremely seriously there will be an increased police presence on our campuses tomorrow.

Sincerely,

Colin Byrne  
Interim Superintendent of Schools
