Continued COVID guidance

Dear Blind Brook Community,

We have come so far together this year as a school community because of your investment in the well being of all students and staff members, and for that we are especially thankful! Our schools have proven to be safe and positive places throughout the pandemic. With parent cooperation, we have curtailed potential spread of the virus in our school buildings. Our teachers, staff, and leadership team have done an outstanding job!

We are now at a most crucial juncture. COVID is still present and the pandemic is still hospitalizing people and causing death. While we are so close to being "out of the woods", becoming lax or complacent now could have serious repercussions resulting in community spread of the virus. Wearing masks, washing hands frequently, and restricting social gatherings are proven mitigation strategies that we ask you to practice each day.

Please continue to do your part. Every decision that each of us makes as individuals stand to impact the health of our entire community and the ability of our schools to remain safely open. Together as one community, we can navigate the final obstacles to public health; in so doing, provide the types of in-person events and traditions at the end of the school year that allow us to celebrate the accomplishments of our students.

Thank you!

Dr. Patrick Brimstein
Superintendent of Schools
