Central School District Newsletter

November 2017

SUPERINTENDENT'S MESSAGE

We Empower Students Through Education

Thank you for choosing this community as your home. The faculty and staff at Stockbridge Valley take serving this community and educating your children very seriously. It is our goal to help students develop the skills necessary to be successful, contributing members of society after graduation. We believe in educating the whole child by building character as we teach the curriculum.

Last year the students in the High School chose the six character traits found below to be taught and reinforced throughout the district. The students, faculty and staff believe that if we engrain these traits in the students' learning, with a respect for themselves and others as the foundation of their character, then our students will be successful, contributors to society.

Courage
Optimistic
United
Generous
Ambitious
Resilient

RESPECT

These traits are the corner stone for our Cougar Family. Thank you for helping us promote, recognize and support these traits.

Thank you for the positive comments on the Capital Project. The contractors, engineers, and architects certainly did a great job. The school and grounds look beautiful. The students are especially enjoying the new playground. Be sure to look inside for an article on one of

our very own alumni that worked to make sure the playground** is a special space for our students. Thank you Katy Jacobs for your service to the community.

Fire Safety month is October. Fire safety is so important and I am grateful that our Firemen partner with the school to help our students learn ways to stay safe. Great appreciation and thanks goes to the Munnsville Volunteer Fire Department for the informative fire safety program.

I also want to thank you for allowing your children to participate in the ELA and Math assessments last spring. Our participation rate in the spring was 91%, just short of the state required 95%. The NYS Commissioner of Education continues to work towards the modifications in testing that parents seek. The tests will be two days this year as they were when first required. Every question has been written by a group of teachers, and most questions are released to be used for professional development. The district reviews the data for program gaps so that we can continually improve our instructional practices to meet the needs of all of our students. I am thankful that we have the ability to do this again as we did in the past. It is a tool that will bring us closer to our mission. Thank you for supporting our efforts.

***I wish all of you a great fall and
Happy Holiday season.***

Cindy Stocker

Cindy Stocker • Superintendent of School

****Please note:** The playground is supervised by school personnel when school is in session. When school is not in session, children need to be accompanied by an adult.

Stockbridge Valley Central School District Mission & Vision Statement

Mission: We empower students through education.

Vision: We aspire to be recognized as a high-performing school district that instills excellence and graduates all students prepared for college or a career.

DISTRICT NEWS DISTRICT NEWS DISTRICT NEWS

News from the High School Office

Greetings from the High School Office. The school year is in full swing now and I hope everyone is really enjoying the unbelievable fall weather. September and October have been very eventful in the high school and I know I have enjoyed my new role as Principal over the first couple of months.

The students have done a fantastic job adjusting to new schedules and I have heard a tremendous amount of positive feedback from them on the experiences they are getting in class. In addition, the students have been extremely cooperative with all the construction delays at school. Thankfully, as I write this, those delays are coming to an end. Our Family and Consumer Science room is being completed and our students will have an opportunity to work in a brand new kitchen. The playground is now open and the tennis court/basketball court is now being completed. The building project has really added more opportunities for our students and we are lucky to have such amazing facilities.

Since the last newsletter our students have ventured out of the district on several field trips. The Science Club took a trip to Marquardt Switches in Cazenovia. They were able to tour the factory and listen to presentations on modern technologies and careers. The 7th grade math classes took a trip to Gold Rush Mini Golf in Westmoreland as a culminating activity for their unit on integers. This is the type of activity our new block schedule allows and I would like to thank Mrs. McLean for setting up this opportunity for the students. The FFA also participated in Field Days at SUNY Morrisville and the Junior Class was able to visit the college fair at Oneida High School.

The entire school also had a spirit week, pep rally, and tailgate to prepare for the varsity soccer games vs. Madison at SUNY Morrisville on October 7. The Student Council did an amazing job organizing the events with Mrs. Bingel. The week was a great success and every year reminds me how proud I am to be a Cougar. It is always one of the highlights of a very successful fall sports season.

Finally, 5-week progress reports were sent home the week of October 16. The purpose of these reports is to provide students and parents with an idea of how they are doing in their classes. The goal is to provide feedback to students so they can then find ways to improve and grow. Students are expected to go after school for extra help if they are struggling in their classes. Teachers are available Tuesday, Wednesday and Thursday from 2:40 to 3:16 to provide support and late bus transportation is provided on these days. In addition, our teachers are flexible in providing chances for students to get the necessary support they need.

- November 30:
ASVAB Exams

Please call our office with any questions you have, 315-495-4450.

Mr. Jon Kilian • 7-12 Principal Intern

News from the Elementary Principal's Office

Playground - We are very excited to have our new playgrounds open and in use. There are two playgrounds side by side. One for our younger students and one for our older students. We recently opened the playground with a ribbon cutting ceremony.

Fire Safety - The Munnsville Volunteer Fire Department provided fire safety training for our students. Our students learned about setting up a safety plan and how to evacuate a house fire. They watched the firefighters put on their fire-

fighting equipment so that if they had to be rescued they would know what the firefighters looked like. Lastly, students got the opportunity to see all the equipment in the fire truck and even spray the firehose! Thank you Munnsville Volunteer Fire Department!

Character Education - We had our second character education assembly. Students were recognized for their **courageous** traits. We also discussed this month's character trait: **Optimism**.

Library Club - The Elementary Library Club is an after school program that meets once a month for students in grades 4 - 6. Students have created a Makerspace, so our focus is on building, creating, exploring, and STEAM activities. The first month, students team up to create a working marble run out of pool noodles and duct tape. In the coming months, students will work together or individually to design and build a project of their choosing! Past projects have included welding horseshoes with Ms. McCaffrey; making smoothies in Mr. DeBraccio's for their class; building a reading nook out of cardboard; paper mache volcanoes; and much more!

Intramurals - We have started our first session of intramurals. Intramurals are a wonderful opportunity for our 5th and 6th grade students to learn teamwork and sportsmanship and begin to prepare for modified sports in 7th and 8th grade. There are four 5-week sessions of intramurals throughout the year. Please encourage your child to sign up.

Student Pick-up and Drop-off - If you are dropping off your child after 8 a.m., please come to the elementary office to sign him/her in. If you are picking your child up any time between 8 a.m. and 2:30 p.m. please come to the elementary office to do that as well. If you are dropping your child off at 8 a.m. or picking them up at the end of the school day, you may do this at the nurse's office/cafeeteria doors.

Reminders

Board of Education Appreciation week is October 23 - 27. Be sure to thank our board members for all the hours they give to our school and children.

The Halloween parade is on October 31 at 1:15 p.m. Weather permitting we will parade around the bus circle out front. If the weather does not allow us to go out, we will still plan to parade through the school.

Parent/Teacher Conferences will be held on November 16 and 21. Elementary students will be dismissed at 11 a.m. on both days. If you haven't already signed up for your parent-teacher conference online, be sure to sign up as soon as possible. Just go to www.stockbridgevalley.org, click on the Elementary Office link and then Parent Teacher Conferences. Once you click on the "Book Appointment" button at the bottom of the screen, you will be walked through the process step by step. When the appointment is scheduled, you will immediately receive a confirmation email and you will also receive a reminder email one day before your conference. If you need any assistance scheduling your conference or should you have any questions or concerns, please contact the elementary office at 495-4550.

Mr. Dana Chapman • K-12 Interim Principal

Updates from the Guidance Office

It has been a great start to the school year with several Admission Counselors from area colleges visiting and meeting with students. Through these meetings, students have the ability to learn what colleges have to offer such as various degree programs, campus life, athletics, and scholarships. These visits were followed up with a trip to Oneida High School for a college fair where many Junior and Senior students had the ability to meet with even more admission counselors, technical school representatives, and military representatives to explore other post-secondary options. It is never too early to start exploring post-secondary options and if you ever have any questions, please contact the Guidance Office.

Class of 2018

Deadlines are quickly approaching and applications to colleges should have already begun. The following is a list of steps/checklist of things that need to be completed as you apply to college:

Financial Aid (FAFSA)

The Free Application for Federal Student Aid is the entrance point for all federal and state financial aid. All students and their parents/guardians should complete this form ASAP which opened on October 1, 2017. <https://fafsa.ed.gov/>

Take the SAT or ACT.

Every college will have different requirements and about 80% of them require one of these exams. Please see the college website to see what exams will be required. It is recommended to take the exams by December in order to get your scores in time to apply. Deadline for the SAT in December is November 3 and the deadline for the ACT in December is November 4. Please see Mrs. Gleason with any questions.

Talk to teachers/community members/employers for letters of recommendation.

You will want about 2 to 3 letters. Be sure to ask for these letters prior to submitting your application and have them submitted directly to me.

Apply to your college of choice.

If you need assistance applying, Mrs. Gleason is more than willing to stay after school and assist you through the process. There are several different ways to do so:

- One popular option is the Common App. This application can be used to apply to over 700 different colleges. You can find the app at commonapp.org
- Interested in only SUNY schools? SUNY has their own app you can use to apply to. This can be found at suny.edu
- If you are planning on starting off at a community college, apply directly to their website. Many community colleges will waive the fee if you do so.

- Once you have applied, see Mrs. Gleason. She needs to know so that she can send in your transcripts, etc.
- Periodically check the scholarship binder/school website for updated information regarding scholarships. Many deadlines for scholarships approach quickly so check regularly so that you don't miss out.

Class of 2019

Prior to your Senior year, it is recommended that you take your SAT exam. Colgate University offers a FREE SAT Preparation Course that begins in the end of January and meets once a week up until the SAT in May. This is a great opportunity to take advantage of and if you have any questions, please stop down to the guidance office or email SATPrep@colgate.edu

Please do not hesitate to contact Mrs. Gleason if you need any help or have any questions at 495-1908 or cgleason@stockbridgevalley.org.

Upcoming Career/College Exploration Opportunities:

On November 30, all Sophomores will have the opportunity to take the ASVAB Career Exploration Test to match their strengths and interests with potential careers.

8th graders will receive a brief tour of all of the BOCES CTE programs in November. All 8th graders will be expected to attend this trip.

All 9th graders will have a more in depth visit to visit the BOCES CTE programs in November as well. This trip will provide the opportunity to spend a longer period of time to observe 2-3 CTE classes.

- November 2:
Onondaga Community College Visit @ 2p.m.
- November 16:
Herkimer College Visit @ 2p.m.

Stockbridge Valley FFA at The NYS Fair

The Stockbridge Valley FFA goes to the State Fair every year to have members compete in different FFA Career Development Events such as Wildlife ID, Tree ID, Environmental Science, Dairy Handlers, Vegetable ID, Agronomy, Meats ID and the NY Beef Council's Perfect Burger competition. This year the Stockbridge Valley FFA was chosen to have dinner with New York FFA State Officers and the National FFA President, David Townsend, because of the work they put into their FFA booth in the FFA Building.

This year the Stockbridge Valley FFA had many members competing in both the junior and senior level competitions. On the first day of the Fair, Logan Godaire and Austin Nolley competed in the Vegetable ID with Logan bringing home 9th place individual. On the third day of the Fair, Rebecca Ax competed in Dairy Handlers. The fourth day of the Fair was a busy one. There were three competitions held including Meat ID, Agronomy, and Milk Quality and Products. Logan Godaire and Rebecca Ax competed in Senior Meat ID and earned 6th place team with Abby Smith placing 1st for junior Meat ID and Ethan Smith placing 2nd, they were also

the 1st team for Meats ID. In Agronomy Logan Godaire and Austin Nolley competed and won 8th place team. On the 5th day of the Fair, Rebecca Ax, Logan Godaire and Austin Nolley competed in the Perfect Burger Competition bringing home 3rd place team. On the 8th day of the Fair, Logan Godaire, Tanner Dager, Adriene Byron, Austin Nolley (6th Place Team), Jimmy March, Brandon Eastman and Josh Wagner (10th Place Team) competed in Wildlife and Tree ID for senior division and Ethan Smith, Alex Smith, Abby Smith, and Alissa Mayze (1st Place Team) were competing for junior division.

In addition to contests, Rebecca Ax, Austin Nolley, and Michael Wagner participated in the AIM conference. Michael Wagner also volunteered for the Ag Career Day with Elizabeth Collins and Barbara Guinto. Finally, Ethan Smith, Alex Smith, Abby Smith, Jessica Smith, Michael Andrews, Rachel Mennig and Pam Mennig participated in making corsages for the CNY Gladiola Society.

(Close to Back) Barbara Guinto, Ethan Smith, Elizabeth Collins, Alex Smith, Michael Andrews, Abby Smith. Making corsages at the Gladiola Show.

Austin Nolley, Rebecca Ax, Logan Godaire. These three students competed in the perfect burger competition and brought home 3rd place.

Rebecca Ax showing cows for Dairy Handlers Competition.

Ethan Smith, Abby Smith, David Townsend. Ethan and Abby competed in junior meats and won 1st and 2nd individual.

What's New in the Library?

So many great changes are afoot in the Library and I am excited for them all! Flexible scheduling has allowed more classroom visits to the Library and greater opportunities to work more

closely with students and teachers. You can learn about some of the projects we have been working on through a weekly newsletter that I started in September. Visit the Stockbridge Valley Library website, click on Announcements, and view the latest newsletter. You can also subscribe to receive the latest edition by adding your name and email at the bottom of the page!

Students in grades 4 - 6 are invited to join the Elementary Library Club once a month after school for a time to explore, build, and create in our Makerspace! Teams lined the halls with some awesome marble runs built out of pool noodles and duct tape in September. Now they will be choosing a project of their own to create! Want to donate materials or your time/expertise to help with some projects? We are always looking for volunteers!

The High School Library Club is getting ready for the Book Fair! Join us November 13 - 21 and on Saturday, November 18 at the PTSO Bazaar to help support the Library Clubs and get some great reads for the Holidays!

As always, thank you for your support and if you have any questions, please do not hesitate to contact me!

Amanda Ingalls • Library/Media Specialist

Why does this skeleton keep falling apart? Students working to put "Bones" back together!

Seniors taking a virtual field trip to various colleges with Google Expeditions in Ms. Raz's class.

Seventh and eighth graders in Ms. Ford's class get excited to check out some new books after listening to Ms. Ingalls give a book talk.

Collaborating with the fifth grade for their Social Studies project on Ancient Americans!

Musical Musings from the Music Department

Get ready to "Step in Time" with Mary, Burt, Jane and Michael! The fall musical is upon us and we can't wait to share the magical story of **Mary Poppins** with you! See Pam Mennig for tickets to the show for the weekend of November 3-4, 2017.

Kevin Miller, Elizabeth Collins, and Devin Bartlett will be traveling to Oneonta State College to sing and play with some of the most accomplished musicians in all of New York State at the Area All-State Music Festival. Before heading there, they and several other students will also be auditioning for the Madison County All-County Music festival. If you see them - wish them luck!

Community Chorus has started. Anyone is welcome to attend- no prior singing experience required! Email Mrs. Belanger if you have questions.

DISTRICT NEWS DISTRICT NEWS DISTRICT NEWS

New this year, the fourth graders are starting band! It's been an exciting month filled with anticipation for the first lesson with Mrs. Matteson (formerly known as Ms. Rung... she got married!) A reminder to parents of new 4th and 5th grade band students to please check your child's lesson and rehearsal schedule, so you know when to send the instrument to school with your child.

Holiday concerts are coming up! Student musicians in grades 1-5 will be putting on a concert on December 6, 2017 at 6:30 p.m. Students in grades 6-12 who participate in band or chorus will be performing at the December 13, 2017 concert at 7 p.m. We hope to see you there to enjoy an hour of holiday music!

Musically yours,

Mrs. Belanger & Mrs. Matteson

Science Club

On October 6, Science Club traveled to Cazenovia New York to attend the 8th annual Manufacturing Career Day at Marquardt Switches. We were able to take a guided tour through the facility and learn how robotics and technology play a key role in manufacturing. Students also participated in simulations in quality control and problem solving. We finished the day at Cazenovia Lake for a picnic. We had a great time learning about opportunities in our area! A special thank you to Mrs. Bartlett, Mr. Freeman and Mrs. LaFave for chaperoning our field trip.

Kindergarten News

The kindergarten classes are off to a fantastic start! We began our school year in August by coming to Kindergarten orientation. The students were able to meet the teachers, see the classroom and parents were given lots of helpful information.

In September we went to North Star Orchards. We took a hayride, saw animals, went through a corn maze, and brought back apples and pumpkins. Some of the things we learned about in class were drawing a WOW picture, numbers to 5, cutting, tracing and writing our names.

In October we learned about Fire safety from the Munnsville Fire Department and we got to see the fire trucks! We are also learning about our five senses, numbers to 10, popcorn words, and letters and sounds!

The most exciting thing this month has been playing on the new playground!

Next up...Halloween!

Mrs. Peter & Mrs. Kramer

ALUMNI CORNER

SVCS Alumnus Named Broadcaster of the Year

2007 Stockbridge Valley graduate, **Nathan March**, was recently named "Broadcaster of the Year" by the Florida State League. Nate just completed his 6th season announcing baseball games for the Bradenton Marauders, the Class A-Advanced affiliate of the Pittsburgh Pirates.

Nate is a 2011 graduate of Ithaca College and has provided play-by-play coverage for Bradenton since 2012. He has called more than 750 professional baseball games, including the Marauders' first Florida State League championship in 2016 and the 2014 Florida State League All-Star Game. In 2017, he led Bradenton in becoming the first Florida State League team to video stream home games on MiLB TV.

Prior to joining Bradenton, Nate called NCAA Division I games for Colgate University and served as an in-house copywriter for the Tampa Bay Buccaneers.

SVCS Grad Oversees Campus Facilities Project Work

The district-wide capital project at SVCS this summer brought more than a new playground and improved facilities to campus – it brought back a familiar face.

Katy Jacobs, a 2004 SVCS graduate, served as the project manager through her position with Appel Osborne Landscape Architecture, a firm based in Syracuse. In that role, she participated in the project planning process, working with the district's Facilities Committee to help prioritize and budget for different components of the project. Her firm designed all outdoor as-

pects of the project, including the new playground, athletics facilities, and the parking lot and driveway. She was also on campus weekly to monitor construction progress.

"We wanted to transform the site to be a safer, more inclusive and more enjoyable place for the SVCS community," she said.

After graduating from SVCS, Katy attended SUNY College of Environmental Science and Forestry (ESF), graduating with a bachelor's degree in Landscape Architecture in 2009. Prior to this project, she served as project manager on two projects at the Rosamond Gifford Zoo in Syracuse, a new Event Terrace and a new Elephant Pool.

Katy still lives in the SVCS district and said it has been a nice bonus to work in her own neighborhood.

"It is awesome to be working in my hometown and involved in something that improves my community," she said. "This truly was a fun design project and a labor of love for me."

CALLING ALL SVCS ALUMNI!!

The Senior Class of 2018 is in need of your support for the Faculty vs. Alumni basketball game to help raise money for their Senior class trip! The game will take place on Thursday, December 21 at 6 p.m. and will be a fun-filled night of Basket Drawings, Chuck the Duck, and competing against the faculty in a game of basketball. If you are interested, please contact the Senior Class Advisor (Cassandra Gleason) at cgleason@stockbridgevalley.org or at 315-495-1908. The Class of 2018 thanks you and appreciates any support you can give them!

Career Exploration

Madison County has joined the Career Exploration Series! This is an opportunity for the students and parents to learn more about area business and the scope of employment each offers. Look for the Career Exploration Series that will be offered at SVCS! You and your son/daughter are invited to attend any and all of the sessions.

Trivia Night

Congratulations to Team "Munnsville Mayhem" for winning Trivia Night sponsored by the Stockbridge Valley Educational Foundation on October 6. Details on another upcoming Trivia Night will be posted on the school website soon.

STEM Career Exploration Series 2017-2018

A special opportunity for middle & high school students to learn more about STEM careers in CNY

Did you know that NY companies have more STEM* jobs than we can fill? And, the demand for new STEM graduates is twice the amount of non-STEM fields! Come join this exciting new program that will offer students the opportunity to explore various careers in STEM. (*Science, Technology, Engineering & Math)

CNY STEM CONNECTION

♦ www.cnystem.com ♦

"Keeping kids in CNY"

WHO: Students, aged 12+, from any CNY School District, are invited. There is no cost for program – we want as many students as possible to be able to explore all that CNY has to offer in STEM careers!

WHERE: The programs will be held at different high schools in the area.

WHEN: Programs will run 6:30 to 8:00 p.m.

WHAT: The format will consist of presentations, activities and discussions with STEM professionals.

REGISTER: Register at <http://www.cnystem.com/careers/> **Parents/Teachers are Welcome!**
