You are completely free to choose between either benefit plan noted above. However, please keep in mind that if you receive an eye exam from a non-panel provider all services will be paid under that benefit plan, regardless of where the materials are distributed. Benefits under both plans are limited to no more than one eye exam and one pair of lenses each calendar year. In addition, no more than one set of frames shall be reimbursed in two consecutive calendar years.

The above is a summary of the benefits provided by the Davis Vision Plan. A complete listing of the benefits, definitions, and exclusions can be found in the summary plan description which will be distributed to you directly.
