### Hotspot policy:

The Stockbridge Valley Central School District is offering a limited number of free wireless hotspot devices to students that do not have internet access at home. Both the device and monthly service fees are fully paid by the district. The program is intended to help SVCS students access online resources at home to help bridge the digital divide and ensure educational equity. To ensure peace of mind, the devices use internet content filtering. The borrowing limit is one device per household. This form must be completed by the parent prior to each time a device is signed out by the student. By signing this form, the parent agrees to assume all responsibility for equipment signed out to the student. A replacement fee will be charged if the device is lost, damaged, or not returned.
