Public Vote

Tuesday, March 14, 2023
12:00pm - 8:00pm | School Foyer

A MESSAGE FROM THE DISTRICT

Dear Parents and community members,

At the heart of all we do in the Stockbridge Valley Central School District is a simple promise: to provide all our students, faculty, staff, and community with the best possible environment to foster learning and development.

By the anticipated start date of this project our "New" school building that was opened in 1998 will be more than 25 years old. In our ongoing efforts to maintain and provide our students with high-quality safe learning environments, the district is proposing a number of renovations and upgrades. This project would result in minimal to no impact on school taxes.

I encourage all eligible voters to come out to vote on this proposition on Tuesday, March 14, 2023 between the hours of 12:00pm to 8:00pm in the School Foyer. This project will help ensure we can continue to provide safe learning for all learners today and in the future.

If you have any questions, please do not hesitate to call me at 315-495-4400.

- Corey Graves,
Superintendent
