### **New Business**

- School renewal plan review
  - Next 5 year goal due in June. Will likely not have this year's data for SC Ready in order to make decisions.
  - Because of the 80.4% pupils of poverty at PRES, Ms. Fidrych suggested training in teaching of students of poverty as part of the school renewal plan teacher and administrator quality.
  - Suggestion: Increasing students identified as GT will score exemplary on SC Ready in their identified area.
