Bylaws 1 of 2

SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE)

All Board meetings will be open to the public except those portions that are executive sessions. The Board will make reasonable efforts to ensure that all meetings are held in an appropriate facility that can adequately accommodate all members of the public who wish to attend. The Superintendent will attend all Board meetings. Members of the Superintendent's staff may attend Board meetings at the Superintendent's discretion. The Board may also request that additional people attend.

Regular Board meetings will take place on the day and time designated by the Board at the Annual Organizational Meeting, except as modified. Any Board meeting may be adjourned to a future date and time if approved by a majority of the Board present. Further, if a meeting date falls on a legal holiday, interferes with other area meetings, or Board member attendance will be less than a quorum, the Board will select a date for a postponed meeting at the prior regular meeting, and it will direct the District Clerk to notify all members. The District Clerk will provide the Board members written notice of the time of and agenda for each regular meeting before the meeting.

When the Board schedules a meeting on at least one week's notice, it will give or electronically transmit public notice of the time and place to the news media and conspicuously post the notice in one or more designated public locations at least 72 hours before the meeting. Notice of other meetings will be given or electronically transmitted, to the extent practicable, to the news media and conspicuously posted at one or more designated public locations at a reasonable time before the meeting. When the Board has the ability to do so, it will conspicuously post meeting notices on the District's website.

The Superintendent will prepare the meeting agenda during the week before the meeting and review it with the Board President. The agenda will then be distributed to Board members no later than the Friday before the regular meeting. The President or other Board members will submit requests to place matters on the agenda to the Superintendent. Whenever individuals or groups wish to bring a matter to the attention of the Board, they will submit a written request to the Superintendent.

District records available to the public under the Freedom of Information Law, as well as any proposed resolution, rule, regulation, policy, or amendment scheduled to be discussed at a Board meeting will be made available upon request, to the extent practicable at least 24 hours before the meeting. Copies of these records may be made available for a reasonable fee. These records will be posted on the District's website to the extent practicable at least 24 hours before the meeting.

Recording Meetings

The Board allows public meetings to be photographed, broadcast, webcast, or otherwise recorded and/or transmitted by means of audio or video, in a non-disruptive manner, and it supports the use of this technology to facilitate the open communication of public business.

SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE)

Quorum

The quorum for any Board meeting is four members. No formal action will be taken at any meeting where a quorum is not present. Unless otherwise required by law, official action will only be taken by approval of the majority of the full Board.

Use of Parliamentary Procedure

The Board will use pertinent portions of the latest edition of Robert's Rules of Order to conduct its business.

Public Comment

The Board encourages courteous and respectful public comment at Board meetings. All speakers must conduct themselves in a civil manner. Obscene language, harassing language, defamatory statements, and threats of violence are prohibited. All participants are required to comply with the District *Code of Conduct*.

The Board will designate a specific portion of its meeting agenda for public comment for a period of up to 30 minutes. The public is not permitted to discuss topics unrelated to the District, and/or matters involving specific individuals. Each speaker will be allowed up to three minutes. The Board may request, but will not require, speakers identify themselves. The Board is not required to allow speakers to cede their remaining time to other speakers. Written comments may be directed to the Board.

If there are a large number of individuals who want to address the Board, the Board President may limit the number of repetitive comments being made so that the time limit on public comment is not exceeded.

If individuals engage in disruptive or unruly behavior during the meeting, the Board President will remind the audience of this policy and the requirement to conduct themselves in a civil manner and comply with the District *Code of Conduct*. The Board President may call for the removal of disruptive or unruly individuals from the meeting. When appropriate, law enforcement may be called to remove disruptive or unruly individuals. In some instances, individuals engaging in disruptive or unruly behavior may be subject to criminal sanctions.

These rules apply to residents and nonresidents equally.

SUBJECT: INSURANCE

The objective of the Board is to obtain the best possible insurance at the lowest possible cost, and to seek advice from an Insurance Appraisal Service to determine that adequate coverage is being provided regarding fire, boiler, general liability, bus and student accident insurance.

The Board shall carry insurance to protect the District's real and personal property against loss or damage. This property shall include school buildings, the contents of such buildings, school grounds and automobiles.

The Board may also purchase liability insurance to pay damages assessed against Board members and District employees acting in the discharge of their respective duties, within the scope of their employment and under the direction of the Board.

All insurance policies shall be kept in a fireproof depository along with an inventory of the contents of the building. The Superintendent may review the District's insurance program annually and make recommendations to the Board if more suitable coverage is required.

SUBJECT: INVENTORIES AND ACCOUNTING OF FIXED ASSETS

The Superintendent or his/her designee will maintain a continuous and accurate inventory of fixed assets owned by the District in accordance with applicable rules, standards, procedures, and best practices. Fixed assets are, generally, long-term, tangible resources intended to be continuously held or used, and may include land, buildings, improvements, machinery, and equipment.

All fixed assets purchased and received by the District will be checked, logged, and stored through an established procedure.

The Assistant Superintendent for Administrative Services will account for assets on an annual basis according to applicable rules, standards, procedures, and best practices. These accounts will serve to:

- a) Maintain an inventory of assets;
- b) Establish accountability;
- c) Determine replacement costs; and
- d) Determine and provide appropriate insurance coverage.

The Board will establish a dollar threshold as a basis for considering which fixed assets are to be depreciated. This threshold will ensure that at least 80% of the value of these assets is reported. The threshold will not be greater than \$5,000. Standard methods and averaging conventions will be used in assessing, capitalizing, and depreciating fixed assets.

Fixed assets will be recorded at initial cost or, if not available, at estimated initial cost; gifts of fixed assets will be recorded at estimated fair value at the time of the gift. A property record will be maintained for each fixed asset and will contain, where possible, the following information:

- a) Date of acquisition;
- b) Description;
- c) Serial or other identification number;
- d) Any funding source and percentage contributed by the source;
- e) Vendor/manufacturer;
- f) Cost or value;
- g) Location and use;

SUBJECT: INVENTORIES AND ACCOUNTING OF FIXED ASSETS

- h) Asset type;
- i) Condition and estimated useful life;
- j) Replacement cost;
- k) Current value;
- l) Salvage value;
- m) Sale price and date and method of disposition; and
- n) Responsible official.

All fixed assets will be identifiable. Any discrepancies between an inventory and the District's property records should be traced, explained, and documented.

Management of Assets Acquired Under a Federal Government Grant or Subgrant

Inventories will be maintained for assets acquired with funds obtained through federal grant programs. A separate inventory will be maintained for each program. Each inventory will record assets in the same manner as the District's fixed asset inventory. Assets will be labeled to specify the source of funds used to purchase the item. All Title I assets will include "Title I" on the label. These inventories will track assets for at least five years from the date of receipt.

When original or replacement assets acquired under a federal grant or subgrant are no longer needed for the original project or for other activities currently or previously supported by a federal agency, the District will dispose of the assets as follows:

- a) Assets with a current per-unit fair market value of less than \$5,000 may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.
- b) Assets with a current per-unit fair market value of greater than \$5,000 may be retained or sold and the awarding agency will have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the assets.
- c) No federal approval is necessary to dispose of an asset costing over \$5,000 but approval from the New York State Education Department (SED) is necessary. Once SED has determined that it has no other need for the use of the asset, the District may proceed with selling it.

SUBJECT: HAZARDOUS WASTE AND HANDLING OF TOXIC SUBSTANCES BY EMPLOYEES

The Board recognizes the need to protect human health and the environment from damage resulting from the improper handling of hazardous wastes.

The management of hazardous waste from its point of generation to the ultimate disposal is regulated through specific Federal and State laws.

The Board directs the Superintendent to adopt rules to ensure District implementation of applicable Federal and State laws pertaining to the identification, transportation, treatment, storage, and disposal of hazardous wastes.

Hazard Communication Standard

All personnel shall be provided with applicable training to comply with the New York State "Right-to-Know" Law and the Hazard Communication Standard. Both the "Right to Know" poster and the "Labor Law Information Relating to Public Employees" poster must be posted in common areas informing workers of relevant work hazards and associated rights.

The Superintendent/designee shall maintain a current record of the name, address and social security number of every employee who handles or uses toxic substances and which substance(s) were handled or used by the employee.

Rules and regulations will be developed to ensure District implementation of this policy which shall include awareness information, employee training and record keeping.

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE

The Board is committed to maintaining the integrity of school buildings and grounds while protecting the health and safety of students and staff and maintaining a productive learning environment.

Structural and landscape pests can pose significant problems for people and property. Weeds and infestations can destroy playing fields and playgrounds and more importantly, cause severe allergic reactions. Pesticides can pose risks to people, property, and the environment. It is therefore the policy of the District to incorporate Integrated Pest Management (IPM) procedures for control of weeds, structural and landscape pests. The objective of this program is to provide necessary pest control while using the least toxic approach to all pests, weeds and infestations.

Pest/Pesticide Management Plan

The District will manage weeds and pests to:

- a) Reduce any potential human health hazard or threat to public safety.
- b) Prevent loss or damage to school structures or property.
- c) Prevent pests from spreading into the community, or to plant and animal populations beyond the site.
- d) Enhance the quality of life for students, staff, and others.

Integrated Pest Management (IPM) Coordinator

An IPM Coordinator will be appointed by the Superintendent. The Coordinator will be responsible for implementing the IPM policy and plan. The coordinator's responsibilities will include the following:

- a) Recording all pest sightings by school staff and students.
- b) Recording all pesticide use and utilizing the least toxic approach.
- c) Meeting with a local pest control expert, such as a pesticide contractor to share information on what pest problems are present in the school.
- d) Assuring that all of the expert's recommendations on maintenance and sanitation are carried out where feasible.
- e) Assuring that pesticide use is done when school is not in session or when the area can be completely secured against access by school staff and students for a standard seventy-two (72) hours, or as required by the pesticide being used.
- f) Evaluating the school's progress in the IPM plan.

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE

- g) Notifying parents, staff and neighbors of any applications of pesticides forty-eight (48) hours before they occur. The IPM Coordinator will serve as the District's Pesticide Representative.

Pesticide Use on Common Areas

Pesticides will not be used on playgrounds, turf, athletic or playing fields, in effect, all lawn areas of the school. In these common areas where children gather and play, pesticide alternatives will be used whenever possible and effective. The prohibition does not apply to indoor use or the application to building structures.

An exception may be made for emergency applications of pesticide only when approved in advance by the Board. The Board may consult with the local Health Department on public health related emergency determinations. They may also consult with the Department of Environmental Conservation (DEC) for environmental emergency determinations. Emergency determinations should only be sought for one-time pesticide application in a specific situation, which presents a true emergency. The guidance document from DEC provides clarification on emergency determinations. It can be found at:

http://www.dec.ny.gov/docs/materials_minerals_pdf/guidancech85.pdf

Some types of pesticides and alternatives, those deemed safe in federal regulation, may be allowable on playing fields and playgrounds in certain circumstances. The District will develop regulations governing the use of pesticides and their alternatives on school grounds.

Fertilizer Use

New requirements and restrictions regarding the use of phosphorus fertilizers on school grounds have been developed. Chapter 205 of the Laws of 2010 dictates the requirements which must be adhered to regarding grounds maintenance starting on January 1, 2012.

- a) Fertilizer use is prohibited between December 1 and April 1 annually.
- b) The use of fertilizers is prohibited within twenty (20) feet of any surface water except:
 - 1. Where a continuous natural vegetation buffer, at least ten (10) feet wide, separates lawn and water.
 - 2. Where a spreader guard, deflector shield or drop spreader is used, then the application may not occur within three feet of any surface water.
- c) The use of phosphorus fertilizers are prohibited on lawns or other non-agricultural turf with the following exceptions:

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE

1. The use of phosphorus fertilizers are needed to establish a new lawn; or
 2. A soil test shows that phosphorus fertilizers are needed for growth.
- d) Fertilizer cannot be used on any impervious surfaces and if such an application occurs, it must be cleaned immediately and legally applied or placed in an appropriate container.

Notification

The District's IPM Coordinator or designated Pesticide Representative will give prior written notice of all pesticide applications to anyone who has asked to receive such notice. The District will also notify parents, students and staff of periodic pesticide applications. The District will maintain a list of those people who wish to receive forty-eight (48) hour notice before pesticide applications and will ensure that a system is developed to deliver such notice in a timely fashion to all affected. The notification system may be by mail or email, and will ensure that a back-up method is available to notify those for whom the regular system is unworkable. The name and contact information for the District Pesticide Representative will be made available to all requesting it.

Sample forms for forty-eight (48) hour prior notification can be obtained at:

http://www.emsc.nysed.gov/facplan/documents/PesticideNeighborNotificationGuidelineforSchools_091001.pdf

The District must also provide additional written notification to all parents and staff three (3) times per year to inform them of any pesticide applications that have occurred: within ten (10) days of the end of the school year, within two (2) school days of the end of winter recess and within two (2) days of the end of spring recess.

Recordkeeping

Records of pesticide use will be maintained on site for three (3) years. Records will be completed on the day of pesticide use. In addition, pest surveillance records will be maintained to help verify the need for pesticide treatments. Annual reports of any applications must be sent to DEC.

SUBJECT: GENDER NEUTRAL SINGLE-OCCUPANCY BATHROOMS

The District is committed to creating and maintaining an inclusive educational and work-environment. The District will ensure that all single-occupancy bathroom facilities are designated as gender neutral for use by no more than one occupant at a time or for family or assisted use.

"Single-occupancy bathroom" means a bathroom intended for use by no more than one occupant at a time or for family or assisted use and which has a door for entry into and egress from the bathroom that may be locked by the occupant to ensure privacy and security.

All gender neutral bathroom facilities will be clearly designated by the posting of signage either on or near the entry door of each facility.

SUBJECT: SMOKING, TOBACCO, AND CANNABIS (MARIJUANA) USE

The following actions are prohibited on school grounds and at school functions: smoking; vaping; using tobacco products; and/or using or ingesting any form of cannabis.

Smoking and vaping are prohibited within 100 feet of the entrances, exits, or outdoor areas of any of the District's schools. However, this prohibition does not apply to smoking or vaping in a residence, or within the real property boundary lines of residential real property.

Exceptions may exist for authorized medical cannabis use.

Definitions

For purposes of this policy, the following definitions apply:

- a) "Electronic cigarette" (or "e-cigarette") means an electronic device delivering vapor inhaled by an individual user, and includes any refill, cartridge, and any other component of such a device.
- b) "School function" means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state.
- c) "School grounds" means any building, structure, and surrounding outdoor grounds, including entrances or exits, contained within the District's preschool, nursery school, elementary, or secondary school's legally defined property boundaries as registered in the County Clerk's Office, as well as any vehicles used to transport children or school personnel.
- d) "Smoking" means the burning of a lighted cigar, cigarette, pipe, or any other matter or substance containing tobacco, cannabis, or cannabinoid hemp.
- e) "Tobacco products" means cigarettes or cigars, bidis, chewing tobacco, powdered tobacco, nicotine water, or any other tobacco products.
- f) "Vaping" means the use of an electronic cigarette.

Notification

The District will prominently post signs prohibiting smoking and vaping on school grounds in accordance with applicable law. Appropriate District officials will inform individuals smoking or vaping in a non-smoking area that they are in violation of law and/or District policy.

SUBJECT: ENERGY CONSERVATION IN THE SCHOOLS

The Board recognizes the importance of energy conservation and is committed to the analysis, development, and initiation of conservation measures throughout the District for the purpose of reducing energy consumption. The Board maintains an aggressive and responsible program to reduce consumption of energy by its facilities and to provide education to both staff and students on the conservation of energy.

The District is committed to an energy conservation program that addresses not only capital- related energy projects but ongoing, day-to-day energy related issues as well. All staff are urged to participate actively in a program of energy conservation by assisting in the efforts to eliminate the wasteful use of energy in the operation of the District's buildings. Cooperation will be required of each employee and each student to achieve a meaningful energy conservation program that results in a more efficient use of energy resources. Involvement of staff and students is essential to a successful program of energy conservation.

Energy Manager

The Director of Facilities is designated as the Energy Manager and shall report directly to the Board and the Superintendent /designee, on matters pertaining to energy conservation.

Energy Conservation

The Board directs the Superintendent/designee to monitor energy conservation in accordance to the Law and with regulations 5650R. Progress reports on the implementation of energy conservation measures will be made available to the Board.

Minimum Indoor Air Temperature

The District will comply with the Property Maintenance Code of New York State, part of the New York State Uniform Fire Prevention and Building Code, which requires that indoor occupiable work spaces be maintained at a minimum temperature of sixty five (65) degrees from September 14 to May 31 during the period the spaces are occupied. There are exceptions for areas of vigorous physical activities such as gymnasiums as well as processing spaces such as coolers or freezers. However, by law, code or regulation there is no maximum temperature specified. Ventilation requirements only require fresh air, not cool air-conditioning.

Long-Range Considerations

The energy conservation program is an important factor to be considered in planning effective use of school facilities, new construction, remodeling or rehabilitation programs, and modernization projects.
