About this guide

We want to address your questions and concerns quickly and effectively.

The Pittsford Central School District has developed communication protocols to promote direct, open and respectful interactions so that problems and concerns can be worked out quickly and efficiently while also providing an opportunity to share compliments. The communication protocol starts with the staff member closest to the situation, as that person will usually have the most information. At times, additional personnel are required to resolve specific situations. Appropriate communication channels for a variety of topics are listed here. The District encourages any and all questions from parents and residents regarding school matters.

If your issue has not been resolved after following all of the appropriate steps in the communication protocol, the District Clerk can assist you in contacting the Superintendent's Office, and then, if still unresolved, the Board of Education.
