ADDA -E-2 CORI Requirements – Delete as no longer in MASC Policy Manual.

School Committee Feedback: Ms. Duggan recommended using the word transportation instead of taxi cab throughout this policy. Ms. Kearns said some of the language is redundant so they could consider shortening. Ms. McSweeney suggested leaving the language as-is because it is MASC recommendation. Ms. Duggan asked to clarify the differences between policy ADDA and ADDA-R. Superintendent Nelson explained that one is local policy which dives more into practice and one is a required federal policy.

JJE Student Fund-Raising Activities – Superintendent Nelson stated that at the Joint School Committee meeting in September 2023, it was recommended this policy be reviewed by the Policy Subcommittee again regarding the language around competitions among students. At the October 2023 Policy Subcommittee meeting, the members reviewed draft language and made a recommendation to the Joint School Committee. At the Joint School Committee meeting in January 2024, it was recommended this policy be reviewed again by the Policy Subcommittee to clarify language around fundraisers sponsored by parent association groups. Ms. Nye had also emailed her feedback regarding policy JJE as discussed at the last Joint School Committee meeting.

School Committee Feedback: Ms. McSweeney reviewed that she had discussed this policy with Mr. Barber and that this policy is in compliance with how funding is reported by the district or by outside vendors if it is a non-district based fundraiser. She would like for the school to annually review fundraisers.

Ms. Beauregard asked to confirm that this policy would not cover fundraisers organized by the VASE PTO in Marion. Ms. McSweeney said correct, based on the information from Mr. Barber, that would not be in violation of this policy because non-district based fundraisers are put on by organizations supporting the school but they have to do their own tax reporting.

Ms. Beauregard asked at the Junior High School, since there is no PTO, who puts on the Boosterthon. Superintendent Nelson explained that the administration works directly with the agency. He reminded the school committee that historically, any new fundraisers have been brought to the school committee the first time for approval.

Ms. McSweeney added that her main concern was that the school have a chance to review fundraisers annually, not to remove the Boosterthon.

Superintendent Nelson recommended reviewing the original MASC recommendations for JJE at the next meeting.

Motion to table policy JJE- Student Fund-Raising Activities until the next meeting at which Superintendent Nelson will provide a recommendation by Ms. Kearns
Second by Ms. Duggan

3. Review Community Member Requests of Policy Revision

Ms. Duggan informed the school committee that Community Member Anne Fernandes of Rochester requested revising the Policy IJ-R Reconsideration of Instructional Resources to include the Procedures for Complaint thus providing the reader with the expedience of next steps should the occasion arise.

School Committee Feedback:

Ms. McSweeney asked if we link other forms in current policies. Superintendent Nelson explained we link other policies in the references. Ms. Duggan stated links can change and she would be concerned with information becoming outdated. Mr. Pires said the updated website looks well and he would like to keep it easy and organized for constituents to access information they need. Ms. Cowles suggested maybe link the Teaching and Learning page where the documents exist.

Community member Nina Datshkovsky-Ennis of Mattapoisett requested: “Pursuant to policy “BGB – Policy Adoption” a I am exercising my rights as a community member and submitting a request for the attached “Selection Policy for Instructional Materials Grades K-6” to be adopted as either a revision or an addendum to existing policy “IJJ/IJK/IJKA/IJL/IJM - SELECTION POLICY FOR INSTRUCTIONAL MATERIALS AND PROGRAMS” for selection of elementary grades K-12 library materials.”

School Committee Feedback:

The School Committee discussed the recommended policy from community members Mr. Bache and Ms. Datshkovsky-Ennis. Ms. Cowles shared that upon researching the submitted documents by the community members, she found it to be excerpts from the same policy that was suggested to and reviewed by the Policy Subcommittee in May 2023 that is from a school in Bucks County, Pennsylvania. She indicated her research concluded the policy is controversial and was suspended about two weeks ago. Ms. Cowles said the policy is mentioned in a lawsuit that has been reported to have cost the Pennsylvania district over \$2 million in legal fees. Ms. Cowles continued that she reviewed the suggested

policy alongside the current policies and she does not believe there is anything in the suggested policy that adds to our current policies. Mr. Pires suggested discussing this with the district's legal team. Ms. Cowles articulated that our district is not involved in the Bucks County legal matters and would not need to consult with our legal team. Ms. Kearns added that Ms. Cowles and Ms. Duggan represent their School Committees (Rochester and Mattapoisett) whom have been informed of the community member's request and asked the Policy Subcommittee to review and make a recommendation. Ms. Cowles added that in the proposed policy there is reference to parental rights. Ms. Cowles made note that all of the districts have policies and procedures in place for parents that do not want their children to read specific books. She noted that she has had kids in Mattapoisett schools for a collective fourteen years and is familiar with current policies that enable parents to do what they need to do to support their own student(s). Her review of the proposed policy was that the current policies do abide by what is in the recommendations from the community members.

ADDA - C.O.R.I. REQUIREMENTS BACKGROUND CHECKS

It shall be the policy of the School Committees of Old Rochester Regional School District and Massachusetts Superintendency Union #55 that, as required by law, a state and national fingerprint criminal background check will be conducted to determine the suitability of full or part time current and prospective school employees, who may have direct and unmonitored contact with children. School employees shall include, but not be limited to any apprentice, intern, or student teacher or individuals in similar positions, who may have direct and unmonitored contact with children. The School Committee shall only obtain a fingerprint background check for current and prospective employees for whom the School Committee has direct hiring authority. In the case of an individual directly hired by a school committee, the chair of the School Committee shall review the results of the national criminal history check. The Superintendent shall also obtain a state and national fingerprint background check for any individual who regularly provides school related transportation to children. The School Committee, Superintendent or Principal, as appropriate, may obtain a state and national fingerprint criminal background check for any volunteer, subcontractor or laborer commissioned by the School Committee, school or employed by the city or town to perform work on school grounds, who may have direct and unmonitored contact with children. School volunteers and subcontractors/laborers who may have direct and unmonitored contact with children must continue to submit state CORI checks.

The fee charged by the provider to the employee and educator for national fingerprint background checks will be \$55.00 for school employees subject to licensure by DESE and \$35.00 for other employees, which fee may from time to time be adjusted by the appropriate agency. The employer shall continue to obtain periodically, but not less than every 3 years, from the department of criminal justice information services all available Criminal Offender Record Information (CORI) for any current and prospective employee or volunteer within the school district who may have direct and unmonitored contact with children.

Direct and unmonitored contact with children is defined in DESE regulations as contact with a student when no other employee who has received a suitability determination by the school or district is present. "Contact" refers to any contact with a student that provides the individual with opportunity for physical touch or personal communication.

This policy is applicable to any fingerprint-based state and national criminal history record check made for non-criminal justice purposes and requested under applicable federal authority and/or state statute authorizing such checks for licensing or employment purposes. Where such checks are allowable by law, the following practices and procedures will be followed.

Requesting CHRI (Criminal History Record Information) checks

Fingerprint-based CHRI checks will only be conducted as authorized by state and federal law, in accordance with all applicable state and federal rules and regulations. If an applicant or employee is required to submit to a fingerprint-based state and national criminal history record check, they shall be informed of this requirement and instructed on how to comply with the law.

Such instruction will include information on the procedure for submitting fingerprints. In addition, the applicant or employee will be provided with all information needed to successfully register for a fingerprinting appointment.

Access to CHRI

All CHRI is subject to strict state and federal rules and regulations in addition to Massachusetts CORI laws and regulations. CHRI cannot be shared with any unauthorized entity for any purpose, including subsequent hiring determinations. All receiving entities are subject to audit by the Massachusetts Department of Criminal Justice Information Services (DCJIS) and the FBI, and failure to comply with such rules and regulations could lead to sanctions. Federal law and regulations provide that the exchange of records and information is subject to cancellation if dissemination is made outside of the receiving entity or related entities. Furthermore, an entity can be charged criminally for the unauthorized disclosure of CHRI.

Storage of CHRI

CHRI shall only be stored for extended periods of time when needed for the integrity and/or utility of an individual's personnel file. Administrative, technical, and physical safeguards, which are in compliance with the most recent CJIS Security Policy have been implemented to ensure the security and confidentiality of CHRI. Each individual involved in the handling of CHRI is to familiarize himself/herself with these safeguards.

In addition to the above, each individual involved in the handling of CHRI will strictly adhere to the policy on the storage, retention and destruction of CHRI.

Retention and Destruction of CHRI

Federal law prohibits the repurposing or dissemination of CHRI beyond its initial requested purpose. Once an individual's CHRI is received, it will be securely retained in internal agency documents for the following purposes *only*:

Historical reference and/or comparison with future CHRI requests,

Dispute of the accuracy of the record

Evidence for any subsequent proceedings based on information contained in the CHRI.

CHRI will be kept for the above purposes in a secure location in the office of the superintendent. When no longer needed, CHRI and any summary of CHRI data must be destroyed by shredding paper copies and/or by deleting all electronic copies from the electronic storage location, including any backup copies or files. The shredding of paper copies of CHRI by an outside vendor must be supervised by an employee of the district.

CHRI Training

An informed review of a criminal record requires training. Accordingly, all personnel authorized to receive and/or review CHRI at the district will review and become familiar with the educational and relevant training materials regarding SAFIS and CHRI laws and regulations made available by the appropriate agencies, including the DCJIS.

Determining Suitability

In determining an individual's suitability, the following factors will be considered: these factors may include, but not necessarily be limited to: the nature and gravity of the crime and the underlying conduct, the time that has passed since the offense, conviction and/or completion of the sentence, nature of the position held or sought, age of the individual at the time of the offense, number of offenses, any relevant evidence of rehabilitation or lack thereof and any other factors deemed relevant by the district.

A record of the suitability determination will be retained. The following information will be included in the determination:

The name and date of birth of the employee or applicant;

The date on which the school employer received the national criminal history check results; and,

The suitability determination (either "suitable" or "unsuitable").

A copy of an individual's suitability determination documentation must be provided to another school employer, or to the individual, upon request of the individual for whom the school employer conducted a suitability determination.

Relying on Previous Suitability Determination.

The school employer may obtain and may rely on a favorable suitability determination from a prior employer, if the following criteria are met:

The suitability determination was made within the last seven years; and

The individual has not resided outside of Massachusetts for any period longer than three years since the suitability determination was made; and either

The individual has been employed continuously for one or more school employers or has gaps totaling no more than two years in his or her employment for school employers; or

If the individual works as a substitute employee, the individual is still deemed suitable for employment by the school employer who made a favorable suitability determination. Upon request of another school employer, the initial school employer shall provide documentation that the individual is still deemed suitable for employment by the initial school employer.

Adverse Decisions Based on CHRI

If inclined to make an adverse decision based on an individual's CHRI, the district will take the following steps prior to making a final adverse determination:

Provide the individual with a copy of their CHRI used in making the adverse decision;

Provide the individual with a copy of this CHRI Policy;

Provide the individual the opportunity to complete or challenge the accuracy of their CHRI;

and

Provide the individual with information on the process for updating, changing, or correcting CHRI.

A final adverse decision based on an individual's CHRI will not be made until the individual has been afforded a reasonable time depending on the particular circumstances not to exceed thirty days to correct or complete the CHRI.

If a school employer receives criminal record information from the state or national fingerprint-based background checks that includes no disposition or is otherwise incomplete, the school employer may request that an individual, after providing him a copy of said background check, provide additional information regarding the results of the criminal background checks to assist the school employer in determining the applicant's suitability for direct and unmonitored contact with children, notwithstanding the terms of General Laws chapter 151B, S. 4,(9,9 ½).

Furthermore, in exigent circumstances, a school employer may, pursuant to the terms of DESE regulations (see specific regulations in legal references), hire an employee on a conditional basis without first receiving the results of a national criminal background check. After exhausting several preliminary steps as contained in the above referenced regulation the district may require an individual to provide information regarding the individual's history of criminal convictions; however, the individual cannot be asked to provide information about juvenile adjudications or sealed convictions. The superintendent is advised to confer with legal counsel whenever they solicit information from an individual concerning their history of criminal convictions.

Secondary Dissemination of CHRI

If an individual's CHRI is released to another authorized entity, a record of that dissemination must be made in the secondary dissemination log. The secondary dissemination log is subject to audit by the DCJIS and the FBI.

The following information will be recorded in the log:

Subject Name;

Subject Date of Birth;

Date and Time of the dissemination;

Name of the individual to whom the information was provided;

Name of the agency for which the requestor works;

Contact information for the requestor; and

The specific reason for the request.

Reporting to Commissioner of Elementary and Secondary Education

Pursuant to state law and regulation, if the district dismisses, declines to renew the employment of, obtains the resignation of, or declines to hire a licensed educator or an applicant for a Massachusetts educator license because of information discovered through a state or national criminal record check, the district shall report such decision or action to the Commissioner of Elementary and Secondary Education in writing within 30 days of the employer action or educator resignation. The report shall be in a form requested by the Department and shall include the reason for the action or resignation as well as a copy of the criminal record checks results. The superintendent shall notify the employee or applicant that it has made a report pursuant to the regulations to the Commissioner.

Pursuant to state law and regulation, if the district discovers information from a state or national criminal record check about a licensed educator or an applicant for a Massachusetts educator license that implicates grounds for license action pursuant to regulations, the Superintendent shall report to the Commissioner in writing within 30 days of the discovery, regardless of whether the district retains or hires the educator as an employee. The report must include a copy of the criminal record check results. The school employer shall notify the employee or applicant that it has made a report pursuant to regulations to the Commissioner and shall also send a copy of the criminal record check results to the employee or applicant.

C.O.R.I. REQUIREMENTS

It shall be the policy of the School Committees of Old Rochester Regional District School and ~~the School Committees of the~~ Massachusetts Superintendency Union #55 (~~Marion, Mattapoisett, Rochester~~) to obtain all available Criminal Offender Record Information (C.O.R.I) from the criminal history systems board of prospective employee(s) or volunteer(s) of the school department including any individual who regularly provides school related transportation to children, who may have direct and unmonitored contact with children, prior to hiring the employee(s) or to accepting any person as a volunteer. State law requires that school districts obtain C.O.R.I. data for employees of taxicab companies that have contracted with the schools to provide transportation to pupils.

The Superintendent, Principal, or their certified designees shall periodically, but not less than every three years, obtain all available Criminal Offender Record Information from the criminal

history systems board on all employees, individuals who regularly provide school related transportation to children, including taxicab company employees, and volunteers who may have direct and unmonitored contact with children, during their term of employment or volunteer service.

The Superintendent, Principal or their certified designees may also have access to Criminal Offender Record Information for any subcontractor or laborer who performs work on school grounds, and who may have direct and unmonitored contact with children, and shall notify them of this requirement and comply with the appropriate provisions of this policy.

Pursuant to a Department of Education C.O.R.I. Law Advisory dated February 17, 2003, "½ Direct and unmonitored contact with children' means contact with a child when no other C.O.R.I. cleared employee of the school or district is present. A person having only the potential for incidental unsupervised contact with children in commonly used areas of the school grounds, such as hallways, shall not be considered to have the potential for direct and unmonitored contact with children. These excluded areas do not include bathrooms and other isolated areas (not commonly utilized and separated by sight or sound from other staff) that are accessible to students."

In accordance with state law, all current and prospective employees, volunteers, and persons regularly providing school related transportation to children of the school district shall sign a request form authorizing receipt by the district of all available C.O.R.I. data from the criminal history systems board. In the event that a current employee has questions concerning the signing of the request form, they may meet with the Principal or Superintendent; however, failure to sign the C.O.R.I. request form may result in a referral to local counsel for appropriate action. Completed request forms must be kept in secure files. The School Committee, Superintendent, Principals or their designees certified to obtain information under this policy, shall prohibit the dissemination of school information for any purpose other than to further the protection of school children.

C.O.R.I. is not subject to the public records law and must be kept in a secure location, separate from personnel files and may be retained for not more than three years. C.O.R.I. may be shared with the individual to whom it pertains, upon their request, and in the event of an inaccurate report the individual should contact the criminal history systems board.

Access to C.O.R.I. material must be restricted to those individuals certified to receive such information. In the case of prospective employees or volunteers, C.O.R.I. material should be obtained only where the Superintendent has determined that the applicant is qualified and may forthwith be recommended for employment or volunteer duties.

The hiring authority, subject to applicable law, reserves the exclusive right concerning any employment decision made pursuant to Chapter 385 of the Acts of 2002. The employer may consider the following factors when reviewing C.O.R.I.: the type and nature of the offense; the date of the offense and whether the individual has been subsequently arrested, as well as any other factors the employer deems relevant. Unless otherwise provided by law, a criminal record

will not automatically disqualify an applicant. Rather, determinations of suitability based on C.O.R.I. checks will be made consistent with this policy and any applicable law or regulations.

If a criminal record is received from the Criminal History Systems Board (CHSB), the Superintendent will closely compare the record provided by CHSB with the information on the C.O.R.I. request form and any other identifying information provided by the applicant, to ensure the record relates to the applicant.

If the district is inclined to make an adverse decision based on the results of the C.O.R.I. check, the applicant will be notified immediately. The applicant shall be provided with a copy of the criminal record and the district's C.O.R.I. policy, advised of the part(s) of the record that make the individual unsuitable for the position or license, and given an opportunity to dispute the accuracy and relevance of the C.O.R.I. record.

The Superintendent shall ensure that on the application for employment and/or volunteer form there shall be a statement that as a condition of employment or volunteer service the school district is required by law to obtain Criminal Offender Record Information for any employee, individual who regularly provides school related transportation, or volunteer who may have direct and unmonitored contact with children. Current employees, persons regularly providing school related transportation, and volunteers shall also be informed in writing by the Superintendent prior to the periodic obtaining of their Criminal Offender Record Information.

The Superintendent shall amend employment applications to include questions concerning criminal records (see attachment) which the Massachusetts Commission against Discrimination has determined may be legally asked of prospective employees. Any employment application which seeks information concerning prior arrests or convictions of the applicant shall include the following statement: "An applicant for employment with a sealed record on file with the commissioner of probation may answer 'no record' with respect to an inquiry herein relative to prior arrests, criminal court appearances or convictions. An applicant for employment with a sealed record on file with the commissioner of probation may answer 'no record' to an inquiry herein relative to prior arrests or criminal court appearances. In addition, any applicant for employment may answer 'no record' with respect to any inquiry relative to prior arrests, court appearances and adjudications in all cases of delinquency or as a child in need of service which did not result in a complaint transferred to the superior court for criminal prosecution."

Records sealed pursuant to law shall not operate to disqualify a person in any examination, appointment or application for public service on behalf of the Commonwealth or any political subdivision thereof.

The Superintendent shall revise contracts with special education schools and other providers to require a signed statement that the provider has met all the legal requirements of the state where it is located relative to criminal background checks for employees and others having direct and unmonitored contact with children.

As soon as possible after the district obtains the certification from the criminal history systems board to receive C.O.R.I. data, the Superintendent shall obtain such data for any person then providing volunteer service, as a condition of continued service.

Approved by the Joint School Committees on January 20, 2022.

NOTE: The Department of Criminal Justice Information Services (DCJIS) has adopted regulations requiring that it maintain a model CORI policy and that any written policy must meet the minimum standards as found in the model. Therefore, MASC recommends that school districts retain both the school district specific policy incorporated here and the DCJIS model policy attached as ADDA-R.

ADDA-R - C.O.R.I. REQUIREMENTS DCJIS MODEL CORI POLICY

This policy is applicable to the criminal history screening of prospective and current employees, subcontractors, volunteers and interns, and professional licensing applicants.

Where Criminal Offender Record Information (CORI) and other criminal history checks may be part of a general background check for employment, volunteer work, licensing purposes, the following practices and procedures will be followed.

CONDUCTING CORI SCREENING

CORI checks will only be conducted as authorized by the DCJIS, state law, and regulation, and only after a CORI Acknowledgement Form has been completed.

If a new CORI check is to be made on a subject within a year of their signing of the CORI Acknowledgement Form, the subject shall be given seventy-two (72) hours notice that a new CORI check will be conducted.

ACCESS TO CORI

All CORI obtained from the DCJIS is confidential, and access to the information must be limited to those individuals who have a "need to know". This may include, but not be limited to, hiring managers, staff submitting the CORI requests, and staff charged with processing job applications. The district must maintain and keep a current list of each individual authorized to have access to, or view, CORI. This list must be updated every six (6) months and is subject to inspection upon request by the DCJIS at any time.

CORI TRAINING

An informed review of a criminal record requires training. Accordingly, all district personnel authorized to review or access CORI will review, and will be thoroughly familiar with, the educational and relevant training materials regarding CORI laws and regulations made available by the DCJIS.

USE OF CRIMINAL HISTORY IN BACKGROUND SCREENING

CORI used for employment purposes shall only be accessed for applicants who are otherwise qualified for the position for which they have applied.

Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determinations of suitability based on background checks will be made consistent with this policy and any applicable law or regulations.

VERIFYING A SUBJECT'S IDENTITY

If a criminal record is received from the DCJIS, the information is to be closely compared with the information on the CORI Acknowledgement Form and any other identifying information provided by the applicant to ensure the record belongs to the applicant.

If the information in the CORI record provided does not exactly match the identification information provided by the applicant, a determination is to be made by an individual authorized to make such determinations based on a comparison of the CORI record and documents provided by the applicant.

INQUIRING ABOUT CRIMINAL HISTORY

In connection with any decision regarding employment, volunteer opportunities, or professional licensing, the subject shall be provided with a copy of the criminal history record, whether obtained from the DCJIS or from any other source, prior to questioning the subject about his or her criminal history. The source(s) of the criminal history record is also to be disclosed to the subject.

DETERMINING SUITABILITY

If a determination is made, based on the verification of identity information as provided in this policy, that the criminal record belongs to the subject, and the subject does not dispute the record's accuracy, then the determination of suitability for the position or license will be made. Unless otherwise provided by law, factors considered in determining suitability may include, but not be limited to, the following:

- (a) Relevance of the record to the position sought;
- (b) The nature of the work to be performed;
- (c) Time since the conviction;
- (d) Age of the candidate at the time of the offense;
- (e) Seriousness and specific circumstances of the offense;
- (f) The number of offenses;
- (g) Whether the applicant has pending charges;
- (h) Any relevant evidence of rehabilitation or lack thereof; and
- (i) Any other relevant information, including information submitted by the candidate or requested by the organization.

The applicant is to be notified of the decision and the basis for it in a timely manner.

ADVERSE DECISIONS BASED ON CORI

If an authorized official is inclined to make an adverse decision based on the results of a criminal history background check, the applicant will be notified immediately. The subject shall be provided with a copy of the organization's CORI policy and a copy of the criminal history. The source(s) of the criminal history will also be revealed. The subject will then be provided with an opportunity to dispute the accuracy of the CORI record. Subjects shall also be provided a copy of DCJIS' *Information Concerning the Process for Correcting a Criminal Record*.

SECONDARY DISSEMINATION LOGS

All CORI obtained from the DCJIS is confidential and can only be disseminated as authorized by law and regulation. A central secondary dissemination log shall be used to record *any* dissemination of CORI outside this organization, including dissemination at the request of the subject.

To: Kate Duggan <kateduggan@oldrochester.org>, Sharon Hartley <sharonhartley@oldrochester.org>, Mike Nelson <mikenelson@oldrochester.org>

Good morning. As I perused another district's policy manual, I noticed that their district's Policy IJ-R includes the Procedures for Complaint thus providing the reader with the expedience of next steps should the occasion arise. I'm including the link to the Pembroke Public Schools manual for your reference beginning on page 19 with the iteration of IJ-R through page 21, Procedures for Complaint. Thank you for considering this suggestion.

IJ-R - RECONSIDERATION OF INSTRUCTIONAL RESOURCES

Material that is challenged usually belongs to one of the three basic categories: religion, ideology, or profanity/obscenity. Board policies regarding these areas shall be as follows:

Religion -- Factual, unbiased material on religions has a place in school libraries.

Ideologies -- Libraries should, with no thought toward swaying reader judgment, make available a balanced collection of primary and factual material, on the level of their students on various ideologies or philosophies which exert or have exerted a strong force, either favorably or unfavorably, in government, current events, politics, education and other phases of life.

Profanity/obscenity -- Materials shall be subjected to a test of literary merit and reality in context using the criteria established.

When a problem concerning instructional resources in a school arises, the disposition of the problem will be made in a reasonable period of time using District adopted procedures.

In accordance with the statement of philosophy, no questioned materials shall be removed from the school pending a final decision. Pending the outcome of the request for reconsideration, however, access to questioned materials can be denied to the students of the parents making the complaint, if they so desire.

If the decision of the School Committee is that the questioned instructional resource be retained, the District will not convene a Review Committee relative to the same complaint for a period of three years. If a substantially different point of view is advanced, it will be investigated. (The period of three years does not apply in this instance).

If an individual or a group undertakes action to keep material from the shelves by checking it out and failing to return it, or by taking turns in keeping it checked out so that it is not available for student use, the Superintendent shall request, in writing, the return of the material. If it is not returned within thirty (30) days, a bill for the current replacement cost of the item shall be rendered to the party holding the item.

After the School Committee has adopted new materials or approved certain methods, that decision will not be reconsidered for a period of three years beginning with the end of the school year when the adoption is made.

If a person has a reason to believe that some curriculum material or book is objectionable, biased, misleading, or false, the person should follow the Procedure for requesting a review of materials as outline here: <https://resources.finalsite.net/images/v1681924401/oldrochesterorg/ltcgyi89tcepnysvt7j/ProcedureforFilingaRequestforReviewofMaterialsandBooks.pdf>

The request for review form, if needed, can be found here: <https://resources.finalsite.net/images/v1681924578/oldrochesterorg/kmjaiczp3q59jnzjqas/CitizenRequestforReview.pdf>

JJE - STUDENT FUND-RAISING ACTIVITIES

While the School Committee recognizes that fundraising activities have become a part of the school environment at all levels, the Committee wishes to ensure that students are not exploited by the process. The Committee further recognizes that families have different resources; those differences should, as much as possible, not be highlighted by school activities, including fundraising.

The Committee supports student involvement in the sale of tickets to scheduled athletic events, school dramatic and musical performances, and other school events where sales are required. Also, student publications which require the sale of advertising to sustain themselves and serve the student body and/or the community may involve students in such sales.

Charitable fundraising activities, especially those that are part of a community service event or program are encouraged provided such proposals are submitted to and approved by both the building Principal and the Superintendent.

Other fundraising activities that would involve students in the fundraising process shall be submitted to the Superintendent for approval.

For safety reasons and because the School Committee recognizes that community members receive requests for support from many worthy causes, activities such as canning and door-to-door sales are strongly discouraged.

The School Committee also encourages schools and their districts to thoroughly scrutinize commercially sponsored fundraising activities on an annual basis to ensure that they are not exploitative of children, do not sell products or services at highly inflated prices, and do not unfairly pressure children to participate by offering attractive rewards for high levels of sales performance. Competitive enticements for participation in fundraisers are discouraged. ~~Fundraising activities may not involve competitions among students.~~ Students may not be rewarded with additional recess, snacks, activities or any type of prize for having raised larger amounts of funds or reaching fundraising goals.

No money collections of any kind may be held in the schools without the specific consent of the Superintendent.
