The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Stanislaus County West Campus for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Comprehensive Support and Improvement

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Stanislaus County West Campus for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Comprehensive Support and Improvement

This plan has been created with input from all appropriate stakeholder groups. At West Campus, our community continuously engages in a collaborative process in the development of the SPSA on a yearly basis. It is essential to involve all members of our learning community to create a culture of opportunity and achievement. Our goals contained in the SPSA are directly linked to Stanislaus County Office of Education's LCAP goals. All LCAP goals contained in our SPSA directly support the ESSA requirements to close academic achievement gaps for all students. Stakeholders were involved in a collaborative process in the development of the SPSA. Stakeholders were involved in the 2024-2025 budget development process via meeting opportunities to dialogue and to solicit input. These included SSC, ELAC, and Professional Learning Team (PLT) meetings held routinely throughout the year. Our LCAP advisory and ELAC is embedded within our SSC per bylaws and election process via September, 2023 (LCAP) and October, 2023 (ELAC). We include reviews of our School Plan and diving into our site's data as a standing item at our SSC/ELAC and Site Leadership Meetings.

Educational Partner Involvement

How, when, and with whom did Stanislaus County West Campus consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

During the 2023-24 school year the School Site Council (SSC), representing teachers, students, parents, and administration continually review school data and update plans. This group oversees the SPSA for both PACE and West Campus. With a vote, this group also acts as the LCAP and ELAC advisory teams. Throughout the school year, the SSC reviewed school data, school plans and goals. In March, 2024 the SSC reviewed the initial draft of the SPSA and its alignment with Stanislaus County Office of Education's LCAP goals. In April, 2024 the SSC reviewed and approved the final draft.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

West Campus qualifies for Comprehensive Support and Improvement (CSI) due to the graduation rate. To increase the graduation rate, the School Site Council (SSC) discussed the need for support systems in the areas of academics, CTE training and social-emotional development.

- *Students are supported in each classroom with a teacher and paraprofessional. All teachers are credentialed. However, the alternative education classes have multiple subjects that a teacher may not specialize in specifically.
- *Students do not have full internet access. West Campus provides curriculum and other educational websites by putting those websites on a URL exemption list.
- *Students have the opportunity to enroll in CTE courses, career exploration and digital arts.
- *Students are encouraged and have the resources to enroll at Modesto Junior College once their high school requirements are completed.
- *Students are supported by a Special Education clinician that fulfills the required minutes of each qualified student.
- *Due to the regimented schedule and supervision by probation, classroom lessons/projects can be taught without disruptions or absences.
- *Students have access to an academic counselor.
- *Students have access to mental health clinicians.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

The California Dashboard graduation rate shows that West Campus increased by 8.4% and currently sits at 14.3%. These numbers are not indicative of the school's success. West Campus's enrollment numbers are unstable with student enrollment, grade levels, credits and length of enrollment being in a constant flux. This has a direct effect on the College/Career results as well. Students are not enrolled for a long enough period to complete the required capstone classes.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

All (EL, SEL, SWD) students will continue to be provided the academic, behavioral and mental health support at the school site.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

StanStats (Local Data Collection) shows West Campus students are completing Math, ELA, Science and Social Studies at a 100% passage rate. Students are given the opportunity to show success through a variety of coursework with hands-on learning. These courses include Art, CTE Culinary, Career Exploration, and Digital Arts with a truck driving curriculum with simulator hours available to be taught to eligible students beginning this school year.

During the 2023-2024 school year, art students at West Campus anonymously filled out a card with their mood before and after what they created based on a scale of 1-6. In a 12 week period, West Campus students recorded an increase of 10% in positivity. Using a Wilcoxon signed-rank test we found the following results:

- Indicates that there is statistically significant improvement in students' perceived mood after engaging in artmaking.
- This statistically significant improvement is unlikely to have occurred by chance. In other words, the improvement in mood is likely a genuine effect of the artmaking activities rather than random variability.
- This level of statistical significance suggests that the impact of artmaking activities on mood is meaningful and not just a minor or temporary change. It provides strong support for the effectiveness of incorporating artmaking into the campuses.

West campus will continue these practices while guiding students toward their academic and career path goals.

The dashboard graduation rate is not indicative of the school's success. West Campus's enrollment numbers are unstable with an average student enrollment being in a constant flux during the 2023-2024 school year. The school will continue to offer appropriate, grade level curriculum to all students (EL, SED, SWD) while completing the necessary requirements toward graduation.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Stanislaus County West Campus. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	1.6%	1.82%	0%	1	1	0
African American	8.2%	9.09%	11.11%	5	5	6
Asian	%	%	3.7%		0	2
Filipino	%	%	1.85%		0	1
Hispanic/Latino	55.7%	67.27%	55.56%	34	37	30
Pacific Islander	%	%	0%		0	0
White	31.2%	16.36%	22.22%	19	9	12
Multiple/No Response	3.3%	5.45%	5.56%	2	3	3
Total Enrollment				61	55	54

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Grade 7	1		
Grade 8	1	1	1
Grade 9	6	5	4
Grade 10	10	11	8
Grade 11	17	10	16
Grade 12	26	23	23
Total Enrollment	61	50	52

Conclusions based on this data:

1. Hispanic ethnicity experienced a drop in enrollment in '21-'22 but shows to be on average of 55% of the student body.
2. Many of our students are seniors that are credit deficient and/or not on track to graduate.
3. Length of enrollment varies with each student.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners (EL)	10	9	7	16.4%	16.4%	13%
Fluent English Proficient (FEP)	5	4	8	8.2%	7.3%	14.8%
Reclassified Fluent English Proficient (RFEP)	4	4	7	6.6%	7.3%	13%

Conclusions based on this data:

1. EL numbers are slightly increasing. Recent trends have not been reported by CDE. The site will continue to monitor these numbers and provide the academic and mental health support while guiding students toward reclassification.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

- Exact Path assessment will aid in determining the academic area(s) of need. Student enrollment fluctuates throughout the school year and numbers are clearly different of when data is gathered between enrollment date and the testing/participating date. Local data (StanStats) will be utilized to better understand where our students are academically.
- Modified work will be implemented to reach all academic ability.
- Increase of specific skills in the academic area of need.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/te/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

1. Low number of students tested. Percentage is not significant. Exact Path assessment will aid in determining the academic area(s) of need. Student enrollment fluctuates throughout the school year and numbers are clearly different of when data is gathered between enrollment date and the testing/participating date. Local data will be utilized to better understand where our students are academically.
2. Will analyze each student's ELPAC score on an individual basis.
3. Will continue instruction that accommodates all students (EL, SED, SWD).

School and Student Performance Data

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
52	100	13.5	5.8
Total Number of Students enrolled in Stanislaus County West Campus.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	7	13.5
Foster Youth	3	5.8
Homeless		
Socioeconomically Disadvantaged	52	100
Students with Disabilities	20	38.5

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	6	11.5
Asian	2	3.8
Filipino	1	1.9
Hispanic	29	55.8
Two or More Races	2	3.8
White	12	23.1

Conclusions based on this data:

- All students are classified as socioeconomically disadvantaged. In order to entertain the idea of student success, sufficient resources and supports need to be in place for this group and all students.

2. The school has supports in place for all students (including EL, SED, SWD).

To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
College/Career Very Low	Graduation Rate  Red	Suspension Rate  Blue

Conclusions based on this data:

1. The dashboard graduation rate is not indicative of the school's success. Students enroll into West Campus for a variety of reasons. The majority of students are enrolled for 60 or less days and are not credit current upon entry.
2. The enrollment fluxation also has a direct effect on the College/Career results. Students are not enrolled for a long enough period to complete the required capstone classes.

2023 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
Less than 11 Students 2 Students	0 Students	Less than 11 Students 9 Students

Conclusions based on this data:

- Students are performing at a low rate in regards to California’s expectations. While state testing has its value, West Campus will continue to assess using classroom benchmarks and localized data (StanStats) to guide instruction and high interest career exploration.
- EL students will continue to be supported with the appropriate curriculum and necessary supports in place.

Conclusions based on this data:

1. EL numbers are small. However, these students will continue to be supported in their academics and path for reclassification through the appropriate curriculum and assessment.
2. StanStats and Exact Path will be used to find academic ability. Teachers can assess and modify to better suit the student's current academic levels.

Conclusions based on this data:

1. Students enrollment numbers are inconsistent. However, each enrolled student develops a graduation plan with the academic counselor and a Transition Plan with the Career Navigator.
2. The site will continue to encourage each student to complete credits and guide them to our adult program if necessary.

Conclusions based on this data:

1. West Campus does not suspend. Students are able to have time outside of the classroom upon staff approval.
2. Students follow a daily point system both inside and out of the classroom.
3. Academics is something students want to be a part of due to the relationships they have with staff and the success they experience.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Academic Performance Interventions

School staff will work to increase the academic achievement of all students (including EL, SED, SWD) in English Language Arts and Mathematics implementing Edmentum online curriculum while utilizing paraprofessionals and classroom supports.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Goal 2: Ensure pupil outcomes reflect access, equity and achievement leading to completion of a high school diploma.
Goal 4: Improve the performance of identified, low performing student groups.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Due to low numbers of students tested, the California School Dashboard does not show data relating to Math and ELA scores. Previous years show individual testing trends to be low in all academic areas as well. However, local data shows students proving competency in grade level coursework through local data (StanStats) and curriculum assessment. Each classroom has a teacher and paraprofessional with the ability to provide one on one and small group learning.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Student ELA and math passing rate.	ELA: 95.5% passage rate Math: 93.1% passage rate	Students ELA and math passage rates will increase by 2%
Student ELA and math CAASPP score	ELA: 303.6 points below standard Math: 320.4 points below standard	Overall increase of 5%

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Students have access to the Edmentum curriculum. Students worked through the curriculum and were successful in attaining credits. Learning opportunities are limited due to the facility and safety constraints of West Campus.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are no major differences between implementation and budgeted expenditures. Strategies are teacher/paraprofessional driven to strengthen student skills and results.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Subject.com will be added to the classroom resources. Students will have access to lessons through videos. This will encourage credit completion and an increase in state testing scores. Changes can be found in Goal 1.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Creative, Positive, and Safe School Climate

To build an environment that values student academic engagement, as well as, nurturing potential leadership from the student body.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Goal 1: Ensure equitable and conditions of learning through family engagement and positive school climate within learning environments in good repair.

Goal 3: Increase student engagement for all students by ensuring meaningful connections both inside and outside of the classroom.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Classroom work will be focusing on academics, SEL Art and opportunities to build hands-on skills via CTE classes. During the 2023-2024 school year, art students at West Campus anonymously filled out a card with their mood before and after what they created based on a scale of 1-6. In a 12 week period, West Campus students recorded an increase of 10% in positivity. Using a Wilcoxon signed-rank test we found the following results:

- Indicates that there is statistically significant improvement in students' perceived mood after engaging in artmaking.
- This statistically significant improvement is unlikely to have occurred by chance. In other words, the improvement in mood is likely a genuine effect of the artmaking activities rather than random variability.
- This level of statistical significance suggests that the impact of artmaking activities on mood is meaningful and not just a minor or temporary change. It provides strong support for the effectiveness of incorporating artmaking into the campuses.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Mood / Satisfaction / Well-being	Students currently receive art instruction while reflecting on their mental health and well-being. Student data shows 10% positivity.	Students will have a sense of heightened well-being through self-expression in their artwork.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

SEL Art is a main component of the goal. Students participated in art lessons exploring their creativity and mental health. During the 2023-2024 school year, art students at West Campus anonymously filled out a card with their mood before and after what they created based on a scale of 1-6. In a 12 week period, West Campus students recorded an increase of 10% in positivity.

There are no major differences between implementation and expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

During the 2024-2025 school year, art students at West Campus will continue to anonymously fill out a card with their mood before and after what they created based on a scale of 1-6. As we progress through the school year, staff will look at the data and make any changes to meet student needs. Changes and progress can be found in Goal 2.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Technology and Career Information Integration

Students will have the opportunity to take part in an exploration of a variety of career paths available throughout the area. Students will take away knowledge and working skills of technology and job/career requirements.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Goal 3: Increase student engagement for all students by ensuring meaningful connections both inside and outside of the classroom.

Goal 4: Improve the performance of identified, low performing student groups.

Goal 5: Maintain county-wide coordination of services for the educational needs of foster youth. Maintain a countywide collaborative process for developing and revising the Countywide Plan for Expelled Youth and continue to operate programs to meet this need.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

College and Career levels are at "Very Low". CTE Culinary, Digital Arts, Truck Driving Education with simulator hours, and Career Exploration will be available to students. The Career Navigator will continue to provide opportunities for all students in a variety of job and career related fields. Weekly resume and career interest workshops/meetings will be conducted throughout the school year.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Career Exploration	Students will receiving one to two class period / week of career skills. Receiving introductory career interest instruction.	Students will build a personal file/portfolio for job and career interests and skills.
Increase of students being trained for various jobs/careers and attaining employment.	TBD: 2024-2025 data	Increase in number of students enrolled in CTE programs and certification.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Students participated in career exploration lessons and job skill development. Career exploration was woven into the classroom curriculum and served as enrichment while providing more value to our students learning experience. Students will continue to have the opportunity to be enrolled in Culinary and Digital Arts. The site's Career Navigator presents job skill lessons for interested students while continuing to document skills attained and job/career interests.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are no major differences between implementation and expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Lessons have a broad scope of career information and skill building. West Campus will add Truck Driving to the CTE offerings. Staff will monitor student strengths and weaknesses while taking note of high interest and demand of jobs and career paths. Changes can be found in Goal 3.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 2 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
John Luis	Principal
Marlean Bravo	Classroom Teacher
Evie Freeman	Classroom Teacher
Gloria Gonzalez	Classroom Teacher
Danyel Jacobo	Other School Staff
Tracie Martin	Parent or Community Member
Gloria Key	Parent or Community Member
Giovanni Villasenor	Secondary Student
Bobby Durling	Secondary Student
Jaden Camarillo - Long	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

Departmental Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 4/19/2024.

Attested:

Principal, John Luis on

SSC Chairperson, Evie Freeman on

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
