CELINA INDEPENDENT SCHOOL DISTRICT SPECIAL EDUCATION OPERATING PROCEDURES

The Celina Independent School District has made available these Special Education Operating Procedures. This document is copyrighted and may only be used by the school district. No part of this product may be reproduced or transmitted other than as intended to satisfy Celina ISD's obligation under federal and state law and agency requirements to prepare and disseminate its Operating Procedures. Reproduction or transmission of any part of this product for any other purpose is a violation of law, including the specific implementation of these Special Education Operating Procedures.

- 2.13 *How does Celina ISD respond when it receives a request for an independent educational evaluation (IEE)?*

Celina ISD Board Policy along with these *Special Education Operating Procedures* constitute the Policies and Procedures of Celina ISD which are designed to be consistent with the State policies and procedures developed pursuant to the IDEA. Celina ISD *Special Education Operating Procedures* do not and are not intended to create a requirement that is not otherwise imposed by the Individuals with Disabilities Education Improvement Act ("IDEA"), together with its implementing federal regulations, state statutes and rules, as they shall from time to time be amended, and shall not be construed to create a higher standard than that established by IDEA. These *Special Education Operating Procedures* will be posted on Celina ISD's website. These *Special Education Operating Procedures* should be interpreted consistent with the IDEA. Celina ISD's *Special Education Operating Procedures* are reviewed and updated, as needed, on at least an annual basis. Celina ISD will make timely changes to policies and procedures in response to IDEA amendments, regulatory or rule changes, changes to state policy, or new legal interpretation as are necessary to bring Celina ISD into compliance with the requirements of IDEA. Celina ISD maintains systems to ensure that all students with disabilities residing in Celina ISD, including students with disabilities attending non-public schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated and provided a free appropriate public education. Celina ISD maintains systems to ensure that students with disabilities and their parents or guardians are afforded the procedural safeguards required under the IDEA (and its implementing federal regulations, state statutes and rules), including with respect to the confidentiality of records and personally identifiable information.

2.0 EVALUATIONS

2.1 *What is the primary purpose of a full individual and initial evaluation?*

The purpose of the full individual and initial evaluation is to:

- determine if a student meets the criteria for having one of the categories of disability referenced in Section 1.2: CHILD FIND;
- determine if, by reason of the disability, the student needs special education and related services, and therefore qualifies for special education and related services; and¹
- determine the educational needs of the student.²

Evaluations will provide information to determine present levels of academic achievement, social and emotional performance, and related educational needs. No single evaluation tool may be used as the sole criterion for determining eligibility. Rather, a variety of assessments

¹ *William V. v. Copperas Cove*, 77 IDELR 92 (5th Cir., September 14, 2020) (the 5th Circuit applies this two part test—the combination of a qualifying disability and educational need)

² 34 C.F.R. § 300.301(c)(2)

(both formal and informal assessments), including information provided by parents, guardians, classroom teachers, and observations of the student classroom performance, work samples/portfolios, interviews, and review of the records used.

2.2 Who can provide informed written consent for a full individual and initial evaluation?

Informed written consent for an initial evaluation for special education and related services is provided by a student's parent, and that term is defined broadly.

Texas law defines ***"parent"*** as "a person standing in parental relation," but does not "include a person as to whom the parent-student relationship has been terminated or a person not entitled to possession of or access to a child under a court order."³

The IDEA defines the term "parent" as—

- A biological or adoptive parent of a child.
- A foster parent, unless State law, regulations, or contractual obligations with a State or local entity prohibit a foster parent from acting as a parent.
- A guardian generally authorized to act as the child's parent, or authorized to make educational decisions for the child (but not the State if the student is a ward of the State).
- An individual acting in the place of a biological or adoptive parent (including a grandparent, stepparent, or other relative) with whom the child lives, or an individual who is legally responsible for the child's welfare.
- A surrogate parent.⁴

When the parents of a student with a disability are divorced, the parental rights under the IDEA apply to both parents, unless a court order specifies the respective educational rights and duties of the parents.⁵

³ Tex. Ed. Code § 26.002

⁴ 34 C.F.R. § 300.30(a)

⁵ 71 Fed. Reg. 46,568(2006); 34 CFR § 300.30 (b)(1)("If a judicial decree or order identifies a specific person or persons . . . to act as the 'parent' of a student or to make educational decisions on behalf of a student, then such person or persons shall be determined to be the 'parent' for purposes of this section").

PRACTICE GUIDE— The campus attended by the student should communicate with the student’s parents to confirm that the District has the most current copy of any orders affecting the parent-student relationship or the parents’ custody or rights, including the right to consent for evaluation or special education services. In the absence of such an order, each parent should be treated as individually having all parental rights afforded by the Texas Family Code and under IDEA.

A foster parent may act as the parent of a student with a disability if the Texas Department of Family and Protective Services is appointed as the student’s temporary or permanent managing conservator and has not been limited in its rights and duties to make educational decisions by court order, and if the foster parent agrees to make educational decisions on behalf of the student and complete a special education advocacy training program.⁶ The foster parent must complete the training program before the student’s next ARD committee meeting or by no later than 90 days after the foster parent begins to act on the student’s behalf.⁷

A student’s special education rights, including the right to grant or withhold consent for an evaluation or reevaluation, transfer from the parent or guardian to the adult student when the student turns 18.⁸

If Celina ISD is unable to identify or locate a parent or guardian for a student with a disability, or the foster parent of the student is unwilling or unable to serve as a parent, Celina ISD will appoint someone to serve as the student’s surrogate parent.⁹ The individual appointed as surrogate parent may not be employed by Celina ISD or any other agency involved in the education or care of the student.¹⁰

Additionally, the surrogate parent must:

- Be willing to serve in that capacity.
- Exercise independent judgment in pursuing the student’s interests.
- Ensure that the student’s due process rights are not violated.
- Complete a training program.

- Visit the student and the school where the student is enrolled to review the student's educational records and consult with any person involved in the student's education.
- Attend meetings of the student's ARD committee.¹¹

Celina ISD will also provide notice of the surrogate parent's appointment to Celina ISD's homeless student liaison.¹²

2.3 What will be included in a prior written notice (Notice of Proposed Evaluation) for a full individual and initial evaluation?

Before conducting an evaluation, Celina ISD will provide the student's parent or guardian Prior Written Notice (*Notice of Proposed Evaluation*) that—

- describes the areas of evaluation that have been proposed, and descriptions of any evaluation procedures that Celina ISD proposes to conduct;
- explains why Celina ISD wants to conduct the evaluation; the options considered and why rejected; a description of each evaluation procedure, assessment, record, or report Celina ISD used as a basis for proposing to evaluate; other options to an evaluation that were considered and why those options were rejected; other factors relevant to the decision to evaluate;
- informs the parent or guardian of her or his right to refuse consent for the evaluation, together with a copy of the [TEA's Notice of Procedural Safeguards](#);
- is written in a form that the general public can understand. It must also be provided in the parent or guardian's native language (or the language that they normally use, like Braille or large print type-face) unless it is clearly not feasible to do so. If the parent's or guardian's native language or other mode of communication is not a written language, Celina ISD will take steps to ensure—
 - o that the notice is translated orally or via other means to the parent or guardian in her or his native language or other mode of communication;
 - o that the parent or guardian understands the contents of Celina ISD's *Notice of Proposed Evaluation*, and

¹¹ Tex. Educ. Code § 29.0151

¹² Tex. Ed. Code § 25.007

- o that there is written evidence of Celina ISD's efforts to ensure these two steps have been taken.¹³

Also, concerning the administration of psychological assessment or tests, on request of a student's parent or guardian, and before obtaining the parent or guardian's consent for the administration of any psychological examination or test to the student that is included as part of the evaluation of the student's need for special education and related services, Celina ISD will provide to the student's parent or guardian: (1) the name and type of the examination or test; and (2) an explanation of how the examination or test will be used to develop an appropriate Individualized Education Program (IEP) for the student.

Celina ISD's *Notice of Proposed Evaluation* should specify that Celina ISD plans to evaluate in each area of suspected disability. Requests by parents or guardians to limit the scope of the evaluation (such as when based on the parent or guardian's preferences for seeking or avoiding consideration of specific eligibility categories) may not be honored when the parent or guardian's limits on the scope of evaluation might prevent Celina ISD from completing an evaluation that complies with these Operating Procedures.

2.4 What is the timeline for the completion of a full individual and initial evaluation?

Within 45 school days of receiving written consent for the evaluation, the multi-disciplinary team of evaluators will complete a written report of the student's full individual and initial evaluation.¹⁴ Likewise, if a student is not enrolled in Celina ISD, including students who are under the age of 5 or attending private schools within Celina ISD or are homeschooled, Celina ISD will complete the student's evaluation report within 45 school days of the date Celina ISD receives written consent for the evaluation from the student's parent or guardian.¹⁵

If, during the course of the student's evaluation, the student has been absent from school 3 or more school days, the time to complete the evaluation may be extended by a number of school days equal to the number of school days the student was absent during the evaluation process.¹⁶

¹³ 34 C.F.R. § 300.503; Tex. Ed. Code § 29.0041

¹⁴ 19 TEX. ADMIN. CODE § 89.1011(b)

¹⁵ *Id.*

¹⁶ § 89.1011(c)(1)

PRACTICE GUIDE— If a student is absent from school for 3 or more school days, the designated staff member may send the student's parent(s) a *Ready, Willing and Able* letter citing 34 C.F.R. § 300.301(d)(1) and reminding the parent(s) that the District has agreed to and is in the process of (if appropriate) conducting the student's evaluation. In the event a parent is refusing to make a student available for an in-person evaluation, although the student is in attendance virtually or via remote programming, the District may notify the parent that it is *Ready, Willing and Able* to complete the evaluation and requires in-person access to the student. Citing 34 C.F.R. § 300.301(d)(1), the District will inform the parent that it may not be required to complete the evaluation within the timeline.

The student is considered absent for the school day if the student is not in attendance at the school's official attendance taking time or, if applicable, at the alternate attendance taking time set for that student. The student is considered in attendance if the student is off campus participating in an extracurricular or other activity approved by Celina ISD and under the supervision of a District teacher or other professional staff member or an adjunct staff member who has a minimum of a bachelor's degree and is eligible for participation in the Teacher Retirement System of Texas.¹⁷

If Celina ISD receives the written consent described above at least 35, but less than 45 school days, before the last instructional day of the school year, the written evaluation of the student will be provided to the student's parent or guardian no later than June 30 of that year. The student's ARD committee will meet no later than 15 days after the start of the following school year to consider the evaluation and the student's eligibility for special education and related services. However, the time for completion of the evaluation may be extended as described above, if the student is absent from school 3 or more days between the date Celina ISD received written consent and the last instructional day of the school year.¹⁸

If an initial evaluation completed by June 30 in the manner above indicates that the student will need Extended School Year (ESY) services during the summer the evaluation is completed, the ARD committee will meet as promptly as possible to consider eligibility and ESY services.¹⁹

If a student was in the process of being evaluated for special education eligibility by another school district in Texas and enrolls in Celina ISD prior to the completion of the student's evaluation, Celina ISD will coordinate with the previous school district as necessary and as expeditiously as possible to ensure a prompt completion of the evaluation.²⁰

¹⁷ § 89.1011(h)

¹⁸ § 89.1011(e)

¹⁹ *Id.*

²⁰ § 89.1011(f)

The 45 school day timeline and its exceptions do not apply if Celina ISD is making sufficient progress to ensure a prompt completion of the evaluation, and the student's parent or guardian and Celina ISD agree to a specific time by which the evaluation will be completed.²¹

Celina ISD will ensure that an IEP is in effect for a student by the student's 3rd birthday. If a student's 3rd birthday occurs during the summer, the student's ARD committee shall determine the date when services will begin.²² Please see Section 3.14: FAPE.

2.5 How does Celina ISD provide notice of evaluation and seek consent?

Celina ISD's multidisciplinary evaluation team, comprised of personnel qualified to evaluate the student in the areas specified in the referral and/or notice or by Educational Diagnostician or Speech Language Pathologist, will prepare a *Notice of Proposed Evaluation* as described in Section 2.3: EVALUATIONS.

The Special Education Staff Designee (Educational Diagnostician, Speech-Language Pathologist, or Licensed Specialist in School Psychology) will then provide the parent or guardian with a copy of the written *Notice of Proposed Evaluation* and Celina ISD's *Consent for Evaluation* Form. The parent or guardian will then indicate whether the parent or guardian provides consent by marking "yes" to all of the following:

- the parent or guardian has been fully informed of all information relevant to the initial evaluation in the parent or guardian's native language or other mode of communication;
- the parent or guardian understands and agrees in writing to Celina ISD carrying out the initial evaluation;
- the parent or guardian understands that the granting of consent is voluntary on the part of the parent or guardian and may be revoked at any time; and
- if the parent or guardian revokes consent, that revocation is not retroactive; therefore, it does not negate an action that has occurred after the consent was given and before the consent was revoked.

The date on which Celina ISD receives the form with each of these items marked "yes" will be day zero for calculating the timeline for completing the evaluation.

²¹ *Id.*

²² 34 CFR § 300.101

In the event the parent or guardian requested information about certain psychological examinations, before providing consent as discussed in Section 2.3: EVALUATIONS, and Celina ISD later determines that an additional examination or test is required for the evaluation of the student's need for special education, the Special Education Staff Designee (Educational Diagnostician, Speech-Language Pathologist, or Licensed Specialist in School Psychology) shall provide to the parent or guardian (1) the name of the examination or test (e.g. cognitive, achievement, adaptive behavior, or functional behavioral assessment) and (2) an explanation of the additional examination or test that will be used to develop an appropriate IEP, and shall obtain additional consent for the examination or test.

The time required for Celina ISD to provide information and seek consent concerning the additional examination or test may not be counted toward the timeline for completion of an evaluation. If a parent or guardian does not give consent for the additional examination or test within 20 calendar days after the date Celina ISD provided to the parent the information required here, the parent or guardian's consent is considered denied.²³

Celina ISD has the right to conduct an evaluation or reevaluation if Celina ISD has reason to suspect that a student has a disability and that by virtue of the suspected disability needs specially designed instruction.²⁴ If the parent or guardian refuses consent for Celina ISD-proposed evaluation or reevaluation, Celina ISD may seek to override parental or guardian refusal to consent by filing for a special education due process hearing.²⁵

PRACTICE GUIDE— If a parent includes conditions or restrictions on which assessments are conducted or how assessments are conducted, the District may notify the parent that the parent's restrictions or conditions effectively withhold consent and that the parent has the option to either provide consent without such conditions or restrictions or to decline the evaluation. The District may seek to override a lack of parental consent by requesting a due process hearing.

2.6 *How does Celina ISD conduct a full individual and initial evaluation?*

When conducting a student's full individual and initial evaluation, Celina ISD will—

- use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the student to assist in determining the student's eligibility and developing the content of the student's IEP (discussed in Section 3.3: FAPE);

²³ Tex. Ed. Code § 29.0041

²⁴ *Shelby S v Conroe ISD*, 454 F.3d 450 (5th Cir. 2006); *Andress v. Cleveland ISD*, 64 F.3d 176 (5th Cir. 1995)

²⁵ 34 C.F.R. § 300.507

- not use any single measure or assessment as the sole criterion for its eligibility determination;
- use technically sound instruments that may assess the relative contribution of cognitive, behavioral, physical or developmental factors;²⁶
- select and administer assessments, particularly to a student with impaired sensory, manual or speaking skills, that will best ensure those assessments accurately reflect the student's aptitude or achievement level (or whatever other factors the test purports to measure), rather than reflecting the student's impaired sensory, manual, or speaking skills (unless those skills are the targets of the test).²⁷

The student will be evaluated in all areas related to the student's suspected disabilities in order to assess the student's eligibility for special education and related services, including, if appropriate health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.²⁸ Consequently, the assessments and evaluative instruments should be tailored to the student's suspected disabilities and conducted in all areas related to the student's suspected disabilities. However, Celina ISD will ensure that the evaluation is sufficiently comprehensive to identify all of the student's special education and related services needs, whether or not the assessments used are commonly linked to the student's suspected disability categories.²⁹

PRACTICE GUIDE— Although ultimate decisions concerning eligibility and services rests with the ARD committee, the Evaluation Report should include individualized recommendations concerning the student's program, instructional needs, eligibility, and placement to guide the committee in making these decisions; for example, recommendations that distinguish eligibility characteristics for particular conditions may be helpful for guiding the ARD committee. The student's ARD committee may review the evaluations to consider whether they document how the student's disability or functional performance impacts the student's rate of progress to guide the ARD committee in developing appropriately challenging goals.

Additionally, Celina ISD will ensure that the assessments and other evaluation materials used to conduct a full individual and initial evaluation—

- are selected and administered in a way that is not racially or culturally discriminatory;

²⁶ 34 C.F.R. § 300.304(b)

²⁷ 34 C.F.R. § 300.304(c)(3)

²⁸ 34 C.F.R. § 300.304(c)(4)

²⁹ 34 C.F.R. § 300.304(c)(6)

- are provided and administered in the student's native language or other mode of communication and in the form most likely to yield accurate information on what the student knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer;
- are used for the purposes for which the assessments or measures are valid and reliable;
- are administered by trained and knowledgeable personnel; and
- are administered in accordance with any instructions provided by the producer of the assessments.³⁰

PRACTICE GUIDE—When areas of assessment require the input of a licensed physician, such as when considering an Other Health Impairment (OHI), the District may either arrange to have the student examined at District expense by a physician selected by the District or choose to have a physician who has previously treated the student complete the OHI form. When the District elects to have a physician who has previously treated the student complete the student's OHI form or otherwise provide evaluative input, the District should seek the parent's or guardian's consent for disclosure and exchange of confidential information with the student's physician.

2.7 What additional procedures are required for identifying students with specific learning disabilities?

Prior to conducting an initial evaluation of a student suspected of having a specific learning disability, in order to ensure that underachievement in a student suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or mathematics, the Educational Diagnostician will consider the following:

- Data that demonstrates the student was provided appropriate instruction in reading and/or mathematics within general education settings delivered by qualified personnel.
- Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal evaluation of student progress during instruction.

³⁰ 34 C.F.R. § 300.304(c)

- o Documentation of the repeated assessments may include RtI progress monitoring data, in-class tests on grade-level curriculum, or other regularly administered District or classroom assessments. Intervals are considered reasonable if consistent with the assessment requirements of a student's specific instructional program.³¹

In order to qualify as a student with a specific learning disability (SLD), the student—

- has been determined through a variety of assessment tools and strategies to meet the criteria for a specific learning disability;
- does not achieve adequately for the student's age or meet state-approved grade-level standards in oral expression, listening comprehension, written expression, basic reading skill, reading fluency skills, reading comprehension, mathematics calculation, or mathematics problem solving when provided appropriate instruction, as indicated by performance on multiple measures such as in-class tests; grade average over time (e.g. six weeks, semester); norm- or criterion-referenced tests; statewide assessments; or a process based on the student's response to evidence-based intervention;
- does not make sufficient progress when provided a process based on the student's response to evidence-based intervention as indicated by the student's performance relative to the performance of the student's peers on repeated, curriculum-based assessments of achievement at reasonable intervals, reflecting student progress during classroom instruction; or
- exhibits a pattern of strengths and weaknesses in performance, achievement, or both relative to age, grade-level standards, or intellectual ability, as indicated by significant variance among specific areas of cognitive function, such as working memory and verbal comprehension, or between specific areas of cognitive function and academic achievement.³²

When considering a student for eligibility as a student with a specific learning disability, the Special Education Staff Designee (Educational Diagnostician, Speech-Language Pathologist, or Licensed Specialist in School Psychology) shall:

- use information from an observation in routine classroom instruction and monitoring of the student's performance that was done before the student was referred for an evaluation; or

³¹ 19 TEX. ADMIN. CODE § 89.1040(c)(9)

³² *Id.*; 34 C.F.R. § 300.309

- have at least one member of the multidisciplinary evaluation team conduct an observation of the student's academic performance in the regular classroom.³³

2.8 *How is eligibility determined following a full initial and individual evaluation?*

To be eligible for special education and related services, a student will (1) have a qualifying disability and (2) by reason thereof need special education and related services.³⁴

- Special education means “specially designed instruction, at no cost to the parents, to meet the unique needs of a [student] with a disability.”³⁵ Specially designed instruction means—
 - “adapting, as appropriate to the needs of an eligible [student] under this part, the content, methodology, or delivery of instruction-
 - To address the unique needs of the student that result from the student's disability; and
 - To ensure access of the student to *the general curriculum*, so that the student can meet *the educational standards within the jurisdiction of the public agency that apply to all students.*”³⁶

The general curriculum and educational standards that “apply to all [students]” in Celina ISD are the [Texas Essential Knowledge and Skills \(TEKS\)](#) as well as Celina ISD’s Policy EIE(Local).³⁷ The state-wide assessments that determine a student’s progress toward meeting those educational standards are the [State of Texas Assessments of Academic Readiness \(STAAR\)](#).

The student will not be determined to be eligible for special education and related services if the determinant factor for the determination is-

³³ 34 CFR § 300.310 (b)

³⁴ *D.L. v. Clear Creek Independent School District*, 695 F. App’x 733 (5th Cir. 2017) (“[W]e consider whether there was a present need for special education services . . . [a] fear that a student may experience problems in the future is not by itself a valid basis for IDEA eligibility”(emphasis added).

³⁵ 34 C.F.R. §300.39(a)(1)

³⁶ 34 C.F.R. §300.39(b)(3)(emphasis added)

³⁷ The educational standards applicable to all students in the state of Texas are also outlined in Tex. Ed. Code § 28.002 and in 19 TEX. ADMIN. CODE § 74.1.

- lack of appropriate instruction in reading, including the essential components of reading instruction;
- lack of appropriate instruction in math;
- limited English proficiency, or
- if the student does not meet the criteria for one of the eligibility categories set out in Section 1.2: CHILD FIND.³⁸

Within 30 calendar days of the completion of the student's full initial and individual evaluation report, the student's ARD committee will meet to determine whether the student is eligible for special education and related services and, if the student is determined to be eligible, the ARD committee shall develop the student's individualized education program (IEP). However, if the 30th calendar day falls during the summer and school is not in session, the ARD committee may wait until the first day of the following school year to finalize any decision regarding the student's initial eligibility, IEP and/or educational placement, unless the student's initial evaluation indicates that he or she will need extended school year services during the intervening summer.³⁹

The campus will provide a parent with a free copy of the evaluation report.

2.9 What are the procedures for conducting a review of existing evaluation data (REED) as part of an initial evaluation (if appropriate) and any reevaluation?

As part of an initial evaluation, if appropriate, and as part of any reevaluation, relevant members of the student's ARD committee, together with any additional relevant professional staff, if necessary, will review the student's existing evaluation data, including:

- evaluations and information provided by the student's parent or guardian;
- current classroom-based, District or State assessments, and classroom-based observations of the student; and
- observations by teachers and related services providers.

On the basis of that review, as well as input from the student's parent(s) or guardian(s), the student's ARD committee will identify what additional assessment or evaluations, if any, are

³⁸ 34 C.F.R. § 300.306(b)

³⁹ § 89.1011(d); 34 C.F.R. § 300.306

needed to determine: (1) whether the student is or remains a student with a disability, including on the basis of having 1 or more additional as of yet unidentified suspected disabilities; (2) whether the student needs or continues to need special education and related services; (3) the educational needs of the student, including the student's present levels of academic achievement and related developmental needs; and (4) whether any additions or modifications to the special education and related services are needed to enable the student to meet the measurable annual goals set out in the IEP of the student and to participate, as appropriate, in the general education curriculum.⁴⁰

The group conducting the REED may conduct the review without a formal meeting of the student's ARD committee.⁴¹

PRACTICE GUIDE— The District should carefully consider whether existing evaluation data is sufficient to describe the student's current academic and functional needs even when the student's eligibility may not be in question. When determining whether or not a REED is sufficient instead of reevaluation for a particular student, the ARD committee and other qualified professionals as appropriate may consider whether any additions or modifications to the student's existing special education program may be needed for progress.

If the student's ARD committee, including the parent or guardian, determine that no additional data (including in a new assessment area) are needed to determine whether the student is or continues to be a student with a disability, and to determine the student's educational needs, Celina ISD will notify the student's parents or guardians about:

- the determination and the basis for the ARD committee's determination, and
- their right to request an assessment to determine whether the student continues to be a student with a disability and to determine the student's educational needs.⁴²

Informed parental consent is not required before conducting a REED as part of an initial evaluation or a reevaluation. Likewise, informed parental consent is not needed when Celina ISD is administering a test or other evaluation that is administered to all students unless consent is required for all students.⁴³

2.10 *When and how are reevaluations conducted?*

⁴⁰ 34 C.F.R. § 300.305(a)

⁴¹ 34 C.F.R. § 300.305(b)

⁴² 34 C.F.R. § 300.305

⁴³ 34 C.F.R. §300.300(d); 34 C.F.R. § 300.302

Celina ISD will ensure that a reevaluation of student with a disability is conducted if—

- Celina ISD determines that the educational or related services needs, including improved academic achievement and functional performance, of the student, warrant a reevaluation, or
- the student's parent, guardian or teacher requests a reevaluation.⁴⁴

A reevaluation will be conducted at least every three-years unless the parent or guardian and Celina ISD maintains it is not necessary. A reevaluation can only occur once a year unless the parent or guardian and Celina ISD agree otherwise.⁴⁵

PRACTICE GUIDE— When a student exhibits new behaviors or academic deficits prior to the three-year anniversary, consideration may be given to conducting an earlier reevaluation. If the parent shares an outside evaluation with the District, the District may consider whether to conduct its own evaluation in addition to considering the results of the parent's evaluation. Upon discharge from a psychiatric facility or other treatment center, the District may consider whether a reevaluation should be conducted.

Celina ISD will obtain informed parental consent prior to conducting any reevaluation; however, the evaluation may be completed without the parent or guardian's consent if Celina ISD can demonstrate that it made reasonable efforts to obtain informed parental consent and the student's parent or guardian has failed to respond.⁴⁶

Celina ISD's reevaluation of a student with a disability begins with a REED as outlined in [Section 2.8: EVALUATIONS](#). Celina ISD's reevaluation of a student with a disability should meet the requirements outlined in [Section 2.5: EVALUATIONS](#) above, but the reevaluation is not required to be identical to the student's initial evaluation for special education and related services.

2.11 *What is the timeline for a reevaluation?*

⁴⁵ 34 C.F.R. § 300.303(b)

⁴⁶ 34 C.F.R. § 300.300(c)

Both state and federal law are silent as to how long Celina ISD has to complete a reevaluation other than “at least once every three years,” so the reevaluation will be completed by the three-year anniversary date, unless the ARD committee has agreed to complete it sooner. The parent or guardian and Celina ISD may also agree to conduct a REED in lieu of a reevaluation.⁴⁷

A reevaluation must occur at least once every three years, unless the parent or guardian and Celina ISD agree that a reevaluation is unnecessary. 34 C.F.R. § 300.303(b)(2). The U.S. Department of Education “acknowledges that, during the pandemic, social distancing measures and each child's individual disability-related needs may make administering some in-person evaluations impracticable and may place limitations on how evaluations and reevaluations are conducted” pursuant to IDEA and these Operating Procedures.⁴⁸

2.12 What is the process for conducting an evaluation before a student may no longer be eligible for special education and related services?

Before determining that a student is no longer eligible for special education and related services, Celina ISD will complete a full and individual evaluation of the student.⁴⁹ However, no reevaluation is required if the student's special education rights have been terminated due to graduation from high school with a regular diploma or due to exceeding the age eligibility for FAPE under State law.⁵⁰ If a student's right to special education has been terminated due to age or graduation with a regular high school diploma, Celina ISD will provide the student with a summary of the student's academic achievement and functional performance, including recommendations about assisting the student in meeting postsecondary goals.⁵¹

2.13 How does Celina ISD respond when it receives a request for an independent educational evaluation (IEE)?

If a parent or guardian disagrees with the result of a District-conducted evaluation or reevaluation, she or he has a right to request an independent educational evaluation.⁵² Any requests for an IEE will be communicated to the Executive Director for Special Populations.

The the Executive Director for Special Populations is responsible for granting or denying the request for an IEE in writing as an administrative decision, providing the parent or guardian

with Celina ISD's IEE criteria, information about how to obtain an IEE, and a copy of [TEA's Notice of Procedural Safeguards](#). Should the IEE be granted, it will be conducted by a qualified examiner who is not employed by Celina ISD and who meets Celina ISD's criteria for an independent evaluator.

If a parent or guardian requests a publicly funded IEE, Celina ISD will, without necessary delay, take the following actions:

- file a due process complaint to obtain a hearing to prove that Celina ISD's evaluation is appropriate or that the parent's request does not meet District criteria, or
- grant the request for an IEE that meets District criteria and provide the parent or guardian with Celina ISD's IEE criteria.⁵³

If the parent or guardian requests an IEE, Celina ISD may ask for the parent or guardian's reason why she or he objects to Celina ISD's evaluation; however, Celina ISD may not require the parent or guardian to provide an explanation and may not unreasonably delay either providing the IEE at public expense or filing a due process complaint to request a due process hearing.⁵⁴

Celina ISD uses a reimbursement model to fund the parent or guardian's request for an IEE, if Celina ISD in its discretion grants the IEE request. The Executive Director for Special Populations or designee will ensure that Celina ISD's IEE criteria includes an explanation of Celina ISD's IEE funding model and provides a procedure for a parent or guardian to request an exception to that model.

If a parent or guardian obtains a private evaluation and shares the results with Celina ISD, those results, if the private evaluation meets Celina ISD's criteria, will be considered by the student's ARD committee in any decision made with respect to the provision of a free appropriate public education to the student.⁵⁵

PRACTICE GUIDE— Review of IEE criteria and the list of IEE providers should occur periodically to ensure compliance and availability. Ascertain whether the parent's selected evaluator is willing to conduct school-based observations and notify the parent of any potential impact when the ARD committee considers the IEE report.
