

Introduction to the NEW Events Portal

The new way to register for FCIS Events!

What it is

FCIS has a brand new Events Portal to handle registrations for all events. All registration information, attendees, etc., (not payment information) will be stored in this new portal. Because school members are stored with the school, registration becomes a snap!

How to get there

events.fcis.org

This link is also on the FCIS website under Member Login. And on all of the event webpages.

If you are an existing user*, you will get a message stating that your email or password is incorrect. If so, **Click Reset Password**.

You will be prompted to Complete Profile to add an initial role.

*The developer created this portal from the PLC portal. Therefore, some users are already in the system and will just need to reset their passwords.
