FOREWORD

This handbook is presented in the hopes that it will provide a resource full of information, which will be helpful in aiding students to do their part towards keeping Montpelier Schools a place of respect, integrity and safety. All students enrolled in Montpelier Schools are held accountable for Board of Education policies as stated in this handbook. Read the handbook carefully. Please keep it as a reference throughout the year.

MISSION STATEMENT

In partnership with family and community, the Mission of the Montpelier Exempted Village School District is to educate students to their maximum potential and motivate them to be productive and responsible citizens.

INTRODUCTION

It is the intent of the teachers, staff and administration here at Montpelier Schools to prepare our young people for the future and society of the 21st century. In doing so, it must be addressed that the skills and tools may look a little different than what most are accustomed to in a traditional school setting. Our young people must be prepared to master today's technology in order to find and access the information world that is in front of them. Internet, media, literacy, and career readiness skills are all a part of this new age. With that said, it is also up to the young people to openly embrace the education and tools empowered to them while here at Montpelier. These tools, once owned by our students, can be carried on for a lifetime, and they are there for the taking. Our new generation of young learners must strive to be the best that they can be and allow Montpelier Schools to guide them into the future that is so bright and promising.

ALMA MATER

**To our school we pledge allegiance,
Dear oh 'Pelier High.
We will love our Alma Mater,
Never will it die...
Oh, Montpelier, oh Montpelier
School so tried and true...
Loyalty we give as ever,
To the White and Blue
GO BLUE!**

FIGHT SONG

**March the team across the field.
Show them Montpelier is here.
Set the earth reverberating with a mighty cheer.
Rah! Rah! Rah!
Hit them hard and see how they fall,
Never let that team get the ball
Hail! Hail! The gang's all here.
As we march on to Victory!**

STUDENT HANDBOOK POLICIES

NOTE: No policy can address, in specific fashion, all possible situations that may occur. When a policy does not address a specific behavior, students are expected to conduct themselves in a spirit of social responsibility and respect for others. All policies in this handbook are a product of the Districts Bylaws & Policies.

All forms referenced in this handbook are made available to the public on the school's webpage. www.montpelier-k12.org

STUDENT CODE OF CONDUCT

The Montpelier Board of Education has adopted a Code of Conduct for all 7-12 students at Montpelier Schools. This Handbook is used, in addition to supplemental strategies, for social and emotional learning in our PBIS system (Positive Behavioral Interventions and Supports). It is important to note that additional rules may be developed for individual classrooms, different areas of school grounds as well as for special events. Nothing stated here or not stated here should be interpreted as to limit the ability of school officials to deal with unusual circumstances or to provide for individual differences. The rules and standards set forth apply to conduct on school premises, on school buses, involving school property, and/or conduct off school premises that directly affect other students and the reputation of Montpelier Schools.

This Handbook's intentional purpose is an approach to school discipline that gives preference to keeping students in school and recommends responsibility of EACH school community member. Proactive steps of positive behavioral supports and restorative practices are available before issuing consequences for misconduct.

All reported misconduct will be investigated by administration and due process will be provided as a flexible concept.

ACADEMIC EXPECTATIONS

Academic standing at Montpelier Schools is based on grade point averages that are demonstrated through the classroom learning. Grades are based upon, but not limited to; classroom participation, classroom activities/projects, homework, and tests/quizzes. Each teacher is responsible for how they determine grades and will provide a syllabus at the being of each course.

Honor Roll is determined by 3.3 GPA per nine (9) week period.

Grades and Grade Point Average calculations:

Grade Point Averages calculations:

A = 4.0/94-100%

A- = 3.7/90-93%

B+ = 3.3/87-89%

B = 3.0/84-86%

B- = 2.7/80-83%

C+ = 2.3/77-79%

C = 2.0/74-76%

C- = 1.7/70-73%

D+ = 1.3/67-69%

D = 1.0/64-66%

D- = 0.7/60-63%

F = 0.0/0-59%

Grades can be tracked by students and parents on-line each day through Schoology or PowerSchool. If needing assistance in signing up to track grades please contact the HS office 419-485-6700.

Report cards are stored as historical grades after each quarter. **If you would like a hardcopy of a report card please contact the HS office. Report cards and interim reports will be emailed to parents of JH students only; each mid quarter and end of quarter.**

(See School Calendar for the interim and ending of each nine-week period.)

HOMEWORK/CLASSWORK POLICY

Homework is an essential part of the Montpelier Schools program. Teachers assign homework as a review of skills taught in class or as a way of preparing students for upcoming class assignments. Teachers have patterned their classes after the State's Academic Content Standards which makes

completion of homework essential not only for good grades, but also for proper preparation for State mandated tests. Students should get in the habit of doing all assignments well and on time. All teachers will explain what their homework policies are during the first day of class. Regular attendance and participation are very important for all classroom work. When students are in class, they are to be an active participant in class activities, projects, note taking, discussions, quizzes and tests. Failing to do so will be an insubordinate referral to the office.

MAKE-UP WORK

Classwork missed due to an excused absence may be made up. No grade will be given unless the make-up work is completed. Make-up work not completed will be recorded as an "F" or "0". It is the **student's responsibility** to complete the make-up work in a reasonable amount of time set and communicated by the teacher. In general, students will be given the same number of days absent to equal the number of days to make up any missed work.

Students with an absence or "school related missing from classes" will have **one (1) additional day**, for each day of absence, to complete the work upon returning to school. (ex. 2 days absent + 2 days to complete work).

It is the student's responsibility to see their teachers upon returning to school after an absence and request make-up work. **One week** after returning to classes, all missing work, not submitted, will stay a zero, unless arrangements have been made with a specific teacher.

LATE WORK

HS students: late work will be accepted by teachers for up to **1 week after due date at 50%** of total points. After one week of being late the work will go into the gradebook as a zero, unless arrangements have been made with a specific teacher/administration.

JH students; late work and/or missing work is an on-going challenge with some students. The following policy is put into place to aide students, parents and teachers in partnering to overcome this issue.

Late work will be accepted by teachers for up to **2 weeks after due date, at 50%** of total points. After two weeks of being late, the work will be considered a 0 for the assignment; unless approved by teacher/administration.

Interventions as follows, but not limited to will be implemented with JH students:

- Email or call home to parents by the teacher
- Special privileges will be replaced with extra study hall time
- After school tutoring sessions
- Reassignments to the LOCOS room
- In-school meeting with families
- Placed on an Academic Plan (Appendix A)

Cheating, Plagiarism or academic dishonesty- Students shall not engage in any form of academic dishonesty, including cheating on any assignment, quizzes/tests or presenting work that is not their own. Violation of cheating or plagiarism will result in a zero for the assignment and the student redoing the work. Also, parents will be notified by the teacher, and depending on the length of the

assignment, the student could be reassigned to the LOCOS room until the assignment is complete. Continued recurrence of such violation will result in possible ISS, OSS and/or recommendation of expulsion based on administrative discretion.

ATTENDANCE, TARDINESS, AND TRUANCY POLICIES

It is the responsibility of the school to monitor and encourage attendance of each student, each day during the school year. The student is responsible to attend school each day prepared and ready to learn. And it is the responsibility of the parents to make sure to communicate with the school in the event that their student must be away from the school.

With that said, when a student is absent from school the parent is required to call the school prior to 9:00 AM the day of the absence, in accordance with the Missing Child Act.

Parents may use the automated attendance line by calling: 419-485-6700 ext. 1710.

- After 10:00 AM, a PowerAnnouncement will be sent to the primary phone number to report the absence of your student. It is the responsibility of the parents to update the school with current phone numbers as they change.
- **Parents who call in an absence are still required to provide a written parent note or Doctor's excuse to the office upon your student's return that includes the following:**
 - ✓ the date the note was written
 - ✓ the name of the student and grade
 - ✓ the day or days the student was absent
 - ✓ the reason(s) for the absence

- Excessive tardiness (4 times) will be reported to the absence intervention team. Parents will be contacted, and an **Attendance Plan for tardiness will be implemented; this could lead to disciplinary consequences if not followed.**
- Any student placed on an **Attendance Plan for being tardy to school** will not be allowed to participate in field trips, dances or other special activities during the day, and will be assigned to the LOCOS room for those events.
- All tardy time will be calculated in the total time missed according to HB 410.

UNEXCUSED ABSENCES:

- Any absence not satisfying the requirement set forth by the State of Ohio will be classified as unexcused, even though the parent may approve the absence.

HB 410: TRUANCY LAW:

All students legally enrolled in Montpelier Schools must be in regular attendance of school outlined by Ohio Law. Regular attendance shall be defined as participation in all activities assigned to a student during specified school hours when classes are being conducted. The only tardiness or absence from these required activities that will be excused are those provided in Ohio Law and confirmed by parents or by legal guardian.

Excessive Absences:

- Any absences (excused or unexcused) totaling 38 hours in a one-month period, or 65 hours in one school year, administration will speak with the student, and parents will be notified by e-mail of such attendance issues.

Habitual Truancy: All cases will involve the Juvenile Probation; 18-year olds will be placed on an administrative contract with the Attendance officer and Administration.

- Unexcused absences of 30+ consecutive hours, 42+ hours in one month, or 72+ hours in a school year will prompt an attendance meeting with parents and the courts.
- Upon reaching one of the above thresholds, students and parents will be notified by mail of an administrative conference at the school to establish a plan of action. That plan of action may include extra time being assigned to the school day, privileges being removed, and/or additional interventions as deemed appropriate by the absence intervention team. This could lead to a referral to the Juvenile Court system. Once a plan is in place, a Dr's note or "being sent home by the school nurse" will be the only excused absences; parent notes will no longer be excepted.

- If the student has absences as noted above, but the absence intervention team determines that the student has made “substantial progress” according to the plan, the administration will not file a complaint in juvenile court.
- The student has refused to participate in or failed to make satisfactory progress on the plan, use of strategies, or alternative behaviors then the administration will file a complaint in juvenile court.

However, Montpelier Schools may disclose appropriately designated 'directory information' without written consent, unless you have advised the District to the contrary in accordance with District procedures. GUIDANCE SERVICES

Guidance services are available for all students to help them in the areas of academic, career readiness, and social development. Individual conferences with students are encouraged and should be scheduled by the student during an academic assist or before or after school. Students are encouraged to seek assistance from our guidance department, classroom teachers, school psychologist, or any adult with whom they feel comfortable.

Schedule Changes:

It is hoped that parents/guardians and students both will give much thought to the selection of courses. Once a student has finalized a schedule, changes should not be necessary.

The administration realizes that circumstances may arise that necessitates a schedule change.

However, it should be stressed that schedules will not be changed if the change does not, in the opinion of the guidance counselor and/or administration, directly benefit the stated educational goals of the student.

*Any course that is dropped after the first week will result in an “F” being recorded on the transcript.

- **Requirements for Valedictorian and Salutatorian is in Appendix E.**

HALL PASSES-SMARTPASS

All students 7-12 should be using the assigned SmartPass program. If students are misuse or are in violation of the SmartPass, the student will have passes taken away from 5 to 2 per day. If further violations occur they could lose all pass privileges in leaving the classroom.

Students that are not where they are supposed to be are considered to have “left assigned area” and will be issued an after-school detention, or possible reassignment to the LOCOS room.

INDUCING PANIC

Students engaging in verbal or written threats towards others, school personnel, or school facilities will be immediately questioned by administration, parents will be notified and/or local authorities will be notified.

The following consequences could occur: conference with administration, emergency removal, ASD, ISS, OSS, and/or immediate expulsion.

LOCKERS

Students will be assigned one at the beginning of the school year and are required to keep and maintain that same locker throughout the school year.

- Such lockers must stay clean enough to allow the locker doors to shut properly.
- No food or drink is allowed to be kept in the lockers unless properly stored in a lunch container of some type.
- Locker signs are allowed if representation of an extracurricular organization is represented. Periodic removal of locker signs will be deemed by the administration.

The lockers remain the property of the school and the school reserves the right to periodically inspect the lockers as deemed necessary. No student should have an assumption of privacy for the contents of a locker. Any student who intentionally damages a locker will be fined for repair cost.

MEDICATION POLICY/ NURSES SERVICES

The Montpelier School system is equipped with a nurse and health clinic. Students must secure permission from a teacher or the office to go to the clinic and a Smartpass should be requested. The nurse on duty is qualified to deal with minor accidents, injury and illnesses. If a student indicates an illness, the nurse is responsible for contacting the parent/guardian to determine if the student should be sent home.

- **Students should not attempt to contact a parent for permission to leave school unless they directed by the nurse or the office.** Students will not be allowed to sign out without having followed this procedure. If a student contacts a parent to be picked up via cell phone without having been seen by the nurse, they are in violation of our cell phone policy, and a verbal warning will be given, second offense will be an ASD.

Prescription Medication

- Before any prescribed medication or treatment may be administered to any student during school hours, the school requires a written statement from a licensed health professional authorized to prescribe drugs accompanied by a written authorization of the parent.
- **Students found in violation of the non-prescribed medication policy, will be subject to the “Use or possession of alcohol or drugs” policy.**

Please see Appendix F for Health and Nursing Services Handbook

PERMISSION TO LEAVE SCHOOL

Students will not be allowed to leave school without prior approval from the office. If a student has an appointment during regular school hours, he/she must bring a note from the parent/guardian stating the time and reason for leaving. This excuse must be turned into the office prior to leaving. If a note is not accompanying the student, the only way for a student to be allowed to leave will be by verbal consent over the phone by a parent.

- **Only parents or legal guardians will be permitted to pick up a student unless written notification is received by the office prior to the departure.**

Any student leaving the school building without permission will be assumed truant. Students violating this policy will be issued one (1) day ISS. Local authorities may be contacted if deemed necessary.

PUBLIC DISPLAY OF AFFECTION

Students will refrain from inappropriate displays of affection while at school or during school sponsored events.

Such conduct includes, but not limited to:

Holding hands, walking arm-in-arm, kissing, extended hugs, etc.

Students found in violation of this policy will be subject to the following consequences:

Students will be issued a warning: Restorative Practices will be set in place and conferencing and/or counseling will be warranted.

Stated law (ORC 33.13.666) any suspected or reported “dating violence” must be treated as a bullying or harassment violation according to this handbook and is grounds for similar consequences.

SEARCH AND SEIZURE

The Montpelier Schools recognizes that the privacy of students and their belongings may not be violated by unreasonable search and seizure. While spaces in lockers and desks are provided for storage, such spaces remain the property of the Board and, in accordance with law, may be the subject to random searches. With the duty to safeguard the safety and well-being of all students, school authorities may search the person or property, including vehicles of a student, with or without the student’s consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or school rules.

- **Hand held metal detectors may be used to assist in such searches when deemed appropriate by administration.**

- **The administration is authorized to arrange for the use of a breath-test instrument for the purpose of determining if a student has consumed an alcoholic beverage or illicit drugs.**
- **Locker searches by administration will occur when there is reasonable suspicion of a violation of code of conduct.**

SECURITY CAMERAS

Security cameras are used both in and out of all buildings in the district to assist in the security of students, staff and property. The primary purpose of the cameras is to monitor high traffic areas and those in which people enter/exit the school premises. At the discretion of the administration, cameras will be used in matters involving student conduct. Use of security cameras will follow law to protect the privacy rights of students, staff and other individuals.

SIGNAGE

Any posters or signage on lockers or walls must have administrative approval.

STUDENT DRIVING/PARKING PASSES

Parking in the school parking lot is a privilege. Any student parking any car, must be registered with a parking pass. Parking passes can be purchased in the HS office for \$5.

If a student is found to be driving on school property in a reckless manner, driving off the designated drive, or if there is excessive noise from the vehicle, student will be warned the first time (depending on the severity of the violation), and future occurrences will result in having the driving privileges removed and the parents and local authorities will be notified.

Drivers must follow all parking lot rules when parking their vehicles, violators will be notified and warned, repeated offences will warrant parking violations suspended and/or removed.

Cars are off limits to all students during the day unless the student has permission from the administration.

All vehicles parked within the school zone are subject to searches by school authorities and/or the local police.

Any vandalism to school or private property by drivers will have their parking privileges revoked.

Students riding with other students must have parental permission to do so. Violation of such rule will be handled on a case by case basis.

SUSPENSION, EXPULSION AND DUE PROCESS

As referenced in the Introduction of this Handbook, resources and social-emotional intervention exist to develop and maintain a PBIS plan, and/or implement restorative practices. In the event that students violate the rules, the school community will prioritize keeping them in school and helping them learn from mistakes. Restoring students and those affected by their behavior is the desired outcome of this approach.

- However, if necessary, procedures for suspension or expulsion of a student from a class and classes will be as follows and will be given due process:

- ✓ The student will be given a written notice of the intention to suspend or expel; this notice will specify the reason for the action.

- ✓ Any on-line work issued during OSS will be due each day assigned and/or immediately upon return to school.

THREAT/ASSAULT/DISRESPECT TO STUDENT OR SCHOOL PERSONNEL

No student shall intentionally threaten, assault, show physical aggression, or show disrespect to another student or any school personnel. Nor shall they obtain money or property by means of violence, threat of violence, or forcing someone to do something against his/her will.

- Fighting or unwanted touching on school grounds, during school hours or during scheduled school events could result in the following:
 - ✓ A 911 call being placed to check on the extent of bodily harm to the victim and assailant (cost to the parent of the student throwing the first punch)
 - ✓ Local authorities will be contacted and charges could be filed
 - ✓ ISS, OSS or recommendation for expulsion will be issued depending on the severity of the infraction.

- Use of tobacco or nicotine in any form on school property, at any school sponsored events, or within sight of school property by any student, is strictly prohibited by the Montpelier Board of Education.

A minimum of watching educational videos, assigned days of ISS to possible On-line classes to be completed with a cost of \$60 period class. Subsequent infractions may result in increased consequences up to and including expulsion.

Addition to Random Drug Testing Policy Student Drivers

Student Drivers at Montpelier Schools are required to obtain a parking pass from the High School office for the cost of \$5.00; good until graduation. This opportunity to park as a student driver is a privilege; not a right. All traffic laws must be followed, no horseplay in the parking is allowed and drivers must be aware of those vehicles and pedestrians around them. In addition, our student drivers will be placed on the Random Drug Testing list, along with those students that are involved in extracurricular activities at Montpelier Schools.

This policy is designed to be non-academic related. The results of such tests will only affect the parking privileges on Montpelier School's properties. Students will not be considered for suspensions or expulsion due to the results of such tests. Results will not be documented within a student's academic records, and will not be disclosed to the juvenile authorities; unless otherwise required by law. Any student found to be positive or under the influence of illicit drugs will lose parking privileges for the remainder of the school year and repeat offences will have their student driver's pass revoked until graduation of the student.

Purpose of this policy shall be:

- To provide a safe environment for our students, staff and guests within our parking areas.
- To help combat student drivers disregard to safety rules within the parking areas.
- To discourage our student drivers from the use of illegal substances.
- To provide resources for those students that may test positive for such illegal substances.

1. COLLECTION PROCESS (Urine Screens)

Upon random selection, a student will be notified to report to the collection site within the school building. A urine specimen from the student will be collected as follows and all students must follow this same process:

- All students must present a picture ID or be identified by the athletic director or principal. No exceptions will be allowed.
- The testing area must be secured during the testing. Only lab technicians and students will be witnesses to the test. Privacy must be kept for all students.
- The athletic director is responsible for ensuring that all necessary forms are completed and signed by both parent/guardian/custodian and student. No student is allowed to participate until all forms are turned in to the athletic office.

- Students will be asked to hold out their hands and a sanitizer will be put on their hands, or they shall wash their hands with soap and water in the presence of the lab technician. The testing staff will add a dye to the toilet.
- Students will be asked to urinate directly into the collection cup given to them by the lab personnel. The lab technician will stand outside the bathroom stall and listen for normal sounds of urination. When female students are submitting a urine sample the lab technician must also be a female. Likewise, when male students are submitting a urine sample the lab technician must also be a male.
- The sample must be taken in one attempt and be at least 30 ml in size. The student must hand the cup to the lab technician immediately after producing a sample.
- Students are not to flush the toilets or urinals. In the event that a student flushes the toilet he or she will be required to give a new sample immediately or the sample will be invalid.
- With the student watching, the lab technician will recap the sample and hand it to the student who must then return it to the intake technician. In the event that the student does not hand the cup directly to the intake technician, the sample is invalid and a new sample must be produced.
- When students arrive and cannot produce a sample, they will be required to start drinking water or other beverage in order to produce a sample. After 36 oz. the human body will need to urinate. Students who cannot produce a sample will be kept in a secured area to wait until they can test.
- Any student who leaves the secured testing area will not be allowed to test. A student who leaves the testing area will be treated under this Policy as if he or she has tested positive for a banned substance.
- No bags, backpacks, purses, cups, containers or drinks will be allowed to enter the collection area. All coats, vests, jackets, hats, scarves or baggy clothing must be removed before entering the collection site. Only pants and t-shirts or dresses may be worn in the collection area. Students are not to have contact with anyone other than the lab technician until after the sample is given. Any infringement of the rules in this paragraph will result in the student being required to produce another sample. If the student cannot produce another sample this will be regarded as a positive test.

- Adulterations: Adulteration of a urine sample and intentionally diluted samples shall be treated as a positive test and shall have the same consequences of a positive test as described below. Students may also be punished under the athletic policy prohibiting lying in the code of conduct.
- Any and all adulteration of the specimen will be detected. The lab checks every sample for adulteration, such as additives that can be drunk or added to urine to change the sample.
- Any suspicion of tampering with the sample will be brought to the lab technician's attention. The sample will be sent to the lab for immediate confirmation of tampering.
- A positive test shall be declared if a student refuses or cannot produce a sample after drinking 36 oz. of water or other beverage in the presence of the lab technician.
- In the event of a positive result, the urine specimen will be sent to a laboratory for confirmation of results and a certified medical review officer will determine the results.
- This collection procedure is subject to change because of procedural requirements by the testing agency. The School Board reserves the right to change the collection procedure to coincide with the testing guidelines set forth by the testing agency.
- When using rapid screens, all non-negative screens will be sent out with a chain of custody to a certified laboratory for confirmation. A certified medical review officer will verify the positive test.
- Any student that tests positive or is considered under this Policy to have tested positive will have to be tested bi-weekly for the term of a six-week program with drug counseling and testing at the expense of the student and or parent. Testing will be done by an agreed upon agency or physician.

4. **RESULTS OF A POSITIVE TEST**

- Any positive urine drug test that is verified by a certified medical review officer or any student who is otherwise considered under this Policy to have tested positive will be made known to the building administrator, who in turn will notify the parents/guardians/custodians and student.

If your child requires special dietary needs due to a medical condition or an allergy, please provide a note from a healthcare provider and contact the school nurse to set up an action plan.

If your student has a lactose allergy and requires a milk substitute for lunch, please provide the school with a note from your child's healthcare provider stating that.

Students with severe allergies requiring the use of an EpiPen or equivalent should contact the nurse to set up an action plan and an EpiPen must be provided to the school in case of an emergency.

Gym/Recess Restrictions

In the event your child has an injury or an illness that limits or inhibits participation in gym or recess, **a written note from the treating healthcare provider** needs to be on file in the office stating the reason for restrictions and length of time the restriction is needed.

Lice

What is Head Lice?

Head lice are most commonly found in children ages 3-12. It is not a sign of uncleanliness and does not transmit disease. Lice are usually acquired by direct head to head contact with a person's hair that has live lice. It is less likely to come from personal items like hats, combs or brushes. Schools are not a common source for the spread of head lice. A child with active head lice has likely had the infestation for a month or more at the time it is discovered.

What to look for:

- Persistent itching or tickling of the scalp. You may notice raw areas or scratch marks on your child's scalp or nape of their neck.
- Louse/Lice-is an insect the size of a sesame seed and usually pale gray in color. It can crawl fast, but it cannot jump or fly. A louse lives on the human head (not on pets). Survival off of the scalp beyond 48 hours is extremely unlikely.
- Nits-these are tiny eggs that firmly attach to the hair, close to the scalp with a "glue-like" substance that makes nits very difficult to remove. They are white, silvery or light brown in color. A nit cannot be brushed from the hair. It can be removed only by pulling it down the entire length of the hair shaft. Be especially diligent about checking the hair at the nape of the neck, the crown and above the ears.

What is Montpelier Exempted Village Schools Head Lice Policy?

Whenever a student is found to have live lice bugs in their hair, his/her parent/guardian will be notified and requested to pick the child up immediately. When the parent picks up his/her child, the parent will be informed that the student needs to be treated before he/she returns. The student can and should return to school after the initial treatment is given. No more than one day of school should be missed. Upon returning to school, the school nurse will check the student's head for live lice, if no live lice bugs are found, the student can remain in school. The school nurse will continue to monitor the student for lice until there isn't any evidence of lice activity.

Treatment of Head Lice

1. Use a lice-killing shampoo. Lice shampoo can be purchased over the counter at your local store, or a prescription can be prescribed through your healthcare provider. Follow the directions on the shampoo box. (Be sure to check everyone living in your household.)
2. Remove the nits (lice eggs). **This is the most important step.** A lice comb usually comes with the shampoo, but rarely removes all of the nits. You will have to use your fingers to pull the nit down the entire length of the hair shaft. This is a tedious process but it is important. If the nits are not removed you risk the chance that those nits will hatch and your child will be infested again. Continue to examine your child's hair (and all those affected in your household) for **2 weeks** to make certain that no new nits appear. Paying close attention to the nape of the neck, crown, and the area above the ears. If you continue to find dark brown nits that are close to the scalp then you have not eliminated the problem.
3. Clean the home environment. Wash family bed linens, towels, and clothing (in hot water) including hats, coats, and scarves that have been recently worn. Dry those articles in the dryer on high heat for at least 20 minutes. Anything that cannot be washed (ex: stuffed animals), should be put in a garbage bag and sealed tightly for at least 2 weeks. All carpeting and furniture (including inside vehicles) should be vacuumed thoroughly. Combs and brushes should be soaked in hot water (150 degrees) for 5-10 minutes.

Follow up: Check everyone's hair daily for 2 weeks. After 2 weeks if there are still nits or lice, you will need to repeat the process.

Health Screenings

The Ohio Department of Health maintains and monitors health screening guidelines. Montpelier Schools has the following screening schedule:

Preschool-Hearing and Vision

Additional screenings may also be done at the request of your child's teacher if they have concerns with how your child hears or sees. If your child fails in any screening area, a re-screen may be conducted. If they do not pass, a referral letter will be sent home for your child to have a complete exam done by a licensed healthcare provider.

Medications at School

If your child will need medications at school, the medication request authorization form will need to be completed prior to any medications being administered. This form can be found in the office or downloaded from the school website. A parent/guardian and healthcare provider (prescription medications only) needs to fill out the medication authorization form and bring it to the school with the medication. Per state law, medications cannot be given in school without the properly completed medication form. **Medications are not able to be administered until this form is received.** This form must be completed every year.

PLEASE NOTE: MEDICATIONS SHOULD NOT BE SENT TO SCHOOL WITH A STUDENT.

You may skip the top healthcare provider section. **Adult and children's strength acetaminophen, ibuprofen and diphenhydramine are the only stock medications kept in the clinic.** All other medications will need to be provided to the school and labeled with the student's name.

If your student needs to take prescription medications in school-The medication request authorization form will need to be completed by the healthcare provider and by a parent/guardian. You may return the form to the school or have the healthcare provider's office fax it to the school.

- All medications must be in the **correctly labeled, original bottle**. Medications sent in a baggie, envelope, or plastic container, other than a pill bottle, will not be accepted. Your pharmacy is able to split the prescription into 2 labeled bottles, if requested by the parent/guardian.
- Medications **MAY NOT** be sent to school with the student. They should be brought into school by the parent or guardian.
- No medication of any kind will be allowed on the school buses with the exception of emergency medications; Insulin, Inhalers, EpiPens.
- Emergency medications, as noted above, can be carried by the student, unless it is felt that the student is not mature enough or responsible enough to take the medication without supervision.
- All medications will be stored in the clinic. The student will report to the clinic to take the medication. Exceptions might be made in contained classroom situations and self-carry medications listed above.

Cough drops, Triple Antibiotic Ointment, Tums, Orajel and saline eye solution are available in the clinic that are administered based on nurse discretion. Please notify the school nurse if your child has an allergy or contraindication to these medications.
