

# Ottawa Hills Summer Learning Program

The purpose of this document is to provide summer learning activities for students prior to the start of the 2024-2025 academic year. Each link leads to further information about opportunities for students to continue their learning through the summer in preparation for their new grade or class. A variety of options are available--all designed to address the question, "What skills might I need to successfully start the next school year?" Please note that not all courses are listed and that these activities do not represent opportunities to earn additional credits. When necessary, contact information about each activity is provided on each page.

## Which grade or classes will you be entering during the 2024-2025 school year?

## REQUIRED ASSIGNMENTS

The links on this page lead to assignments that *must be completed* by students entering these courses during the 2024-2025 school year. Each page will provide further details about the teacher's expectations and where to direct inquiries. If you are not enrolled in any of the following courses, then you do not need to access or respond to the information on this page. Students who are enrolled in the following courses are expected to meet the expectations provided by the teacher. **Please note: If you have received communication from a teacher about a required summer assignment that does *not* appear on this page, that assignment is *still* required.**
