

Crestview Local Schools: Student Wellness and Success Plan

Introduction

Crestview Local Schools is committed to fostering the overall well-being and academic success of all students. This plan outlines a comprehensive approach to promoting student wellness and ensuring their academic achievement across all grade levels (PK-12).

Core Principles

- **Student-Centered:** We prioritize the physical, social, emotional, and academic needs of each student.
- **Collaborative Approach:** We work together – faculty, staff, parents, and community – to create a supportive learning environment.
- **Data-Driven Decisions:** We utilize data to identify student needs and track the success of our initiatives.
- **Continuous Improvement:** We regularly evaluate and refine our strategies based on feedback and evolving needs.

Key Initiatives

Social-Emotional Learning (SEL):

- Integrate SEL curriculum across all grade levels, equipping students with critical social-emotional skills like self-awareness, relationship management, responsible decision-making.
- Implement school-wide positive behavior interventions and supports (PBIS) to create a predictable and positive learning environment.
- Provide social-emotional learning professional development for all staff to support students' emotional well-being.

Academic Support:

- Offer differentiated instruction that caters to diverse learning styles and academic needs.
- Implement a multi-tiered system of support (MTSS) to identify struggling students and provide targeted interventions.
- Develop and maintain a strong academic support program, including after-school tutoring, mentoring, and extended learning opportunities.

Physical Wellness and Health:

- Ensure access to nutritious meals through the National School Lunch Program and promote healthy eating habits.
- Provide opportunities for physical activity throughout the school day, including recess, physical education classes, and after school sports.
- Collaborate with community partners to promote healthy lifestyles and address student health concerns.

Mental Health Support:

- Increase access to school counselors, social workers, and psychologists to provide mental health support services to students.
- Partner with community mental health professionals to offer additional resources and support.
- Implement programs to raise awareness about mental health issues and reduce stigma.

Parental and Community Involvement:

- Establish strong communication channels between parents, teachers, and administrators.
- Partner with community organizations to provide resources and enrichment opportunities for students.
- Organize parent advisory groups at each building to educate parents on student well-being and academic success strategies.

Evaluation and Continuous Improvement

- Regularly gather data on student performance, social-emotional well-being, and program effectiveness.
- Align the district strategic planning process and focus groups to collect feedback from students, parents, and staff.
- Utilize data and feedback to continuously improve the Student Wellness and Success Plan.

Conclusion

By implementing this comprehensive Student Wellness and Success Plan, Crestview Local Schools strives to create a nurturing and stimulating learning environment where all students can thrive emotionally, academically, and socially. We believe that fostering student well-being is not only essential for individual success, but also for building a brighter future for our entire community.
